Bulletin, 1920 Bulletin Illinois Association of Teachers of English, 1921 **Shakespeare** William Shakespeare, Samuel Brandram, 1882 Shakespeare Herbert R. Coursen, 1999 The purpose of this book is to examine recent productions of Shakespeare on stage and film and to lay out some interpretive guidelines for responding to the scripts as recreated in these two very different formats and within the conflicted environment of shifting critical paradigms The two traditions Shakespeare on stage and Shakespeare on film have experienced a midair collision with postmodernism The results are beginning to be chronicled

The Time Is Out of Joint Agnes Heller, 2002-07-23 The Time Is Out of Joint handles the Shakespearean oeuvre from a philosophical perspective finding that Shakespeare's historical dramas reflect on issues and reveal puzzles which were taken up by philosophy proper only in the centuries following them Shakespeare's extraordinary handling of time and temporality the difference between truth and fact that of theory and that of interpretation and revelatory truth are evaluated in terms of Shakespeare's own conjectural endeavors and are compared with early modern modern and postmodern thought Heller shows that modernity which recognized itself in Shakespeare only from the time of Romanticism found in Shakespeare's work a revelatory character which marked the end of both metaphysical system building and a tragic reckoning with the inaccessibility of an absolute timeless truth Heller distinguishes the four stages

found in constantly unique relation in Shakespeare's work historical personal political and existential and probes their significance as time comes to fall out of joint and may be again set aright Rather than initially bestowing upon Shakespeare the dubious honorary title of philosopher Heller probes the concretely situated reflections of characters who must face a blind and irrational fate either without taking responsibility for the discordance of time or with a responsibility which may both transform history into politics and set right the time which is out of joint In the ruminations and undertakings of these characters Shakespeare's dramas present a philosophy of history a political philosophy and a philosophy of im moral personality Heller weighs each as distinctly modern confrontations with the possibility of truth and virtue within a human historical condition no less multifarious for its momentariness
