## Major Byron:

**Byron's Religions** Peter Cochran, 2011-05-25 Byron's Religions is the most comprehensive study yet of the poet's deep diverse and eclectic attitude to religion. The articles by several well-known and distinguished scholars cover many of his poems and plays taking in Anglicanism Catholicism Blasphemy Calvinism Gnosticism Islam and Zoroastrianism. The tentative conclusion is that Byron was never the atheist which the cliché has him to be but a man whose profound need for a faith clashed always with an equally profound scepticism. **Shoe and Leather Reporter**, 1918 *Lord Byron's Cain* Truman Guy Steffan, 2014-11-17 Cain has been ranked as one of the two best dramatic poems written in England in the nineteenth century. Because of its religious heterodoxy which veiled a political iconoclasm and also because of Byron's notoriety Cain stirred up a storm among Tories and clergymen from Kentish town to Pisa. From 1821 to 1830 more was printed about its eighteen hundred alarming lines than about the twenty thousand of Don Juan. One solemn Frenchman even translated the work in order to supply his countrymen with a text that he could then rewrite and confute. After the initial controversy readers began to regard Cain not merely as revolutionary propaganda but as a fictional portrait of common youthful experience: a sequence of aspiration discontent uncertainty confusion misunderstood isolation fear frustration anger and finally a rash inevitable but futile revolt that led to a future of hopeless regret. Truman Guy Steffan here presents a text arrived at by collation of the first and several later editions with the original manuscript presently in the Stark Collection of the Miriam Lutchter Stark Library at the Harry Ransom Center the University of Texas at Austin. The first eight essays which comprise Part I cover a number of literary topics: Byron's defense of his purposes in Cain and the relevance of his dramatic theory to the poem; the characterization that is an ideological confrontation; a revelation of personal conflict as well as a rendering of individuals who have an existence independent of the author; the principles that controlled Byron's absorption and expansion of biblical materials; the integration of the imagery with the dramatic substance; the incongruities of the language; the metrical heterodoxy and a description of the manuscript and of Byron's insertions. Part II contains the text of Cain accompanied by notes on the variants the manuscript cancellations and additions certain linguistic details and the scansion of some unusual verses. Then follow annotations on allusions sources and analogues and on a few passages of the play that have elicited unusual conflict over interpretation. Part III provides a history of Cain criticism from the opinions of Byron's social and literary circle and of the major periodicals and pamphlets to the more complicated contribution of the twentieth century. This important work stands not only as a valuable addition to Byron scholarship but also as an illuminating record of the changing critical and cultural attitudes from the early nineteenth century to the 1960s. Steffan has done a remarkable job in bringing together and synthesizing an enormous body of material. *Annual Report of the Secretary of War* United States.
