Majority Rule In International Organization

Richard Collins, Nigel D. White

Majority Rule In International Organization:

Majority Rule in International Organization Cromwell Adams Riches, 1940 SCOTT Copy 1 From the John Holmes Library Collection **The Law of International Organisations** N. D. White, 2005 This new edition considers the legal concepts that have emerged from a wider political debate to govern vastly differing inter governmental organisations ranging from the UN to the EU **A Theory of International Organization** Liesbet Hooghe, Tobias Lenz, Gary Marks, 2019-08-29 Why do international organizations IOs look so different yet so similar The possibilities are diverse Some international organizations have just a few member states while others span the globe Some are targeted at a specific problem while others have policy portfolios as broad as national states Some are run almost entirely by their member states while others have independent courts secretariats and parliaments Variation among international organizations appears as wide as that among states This book explains the design and development of international organization in the postwar period It theorizes that the basic set up of an IO responds to two forces the functional impetus to tackle problems that spill beyond national borders and a desire for self rule that can dampen cooperation where transnational community is thin The book reveals both the causal power of functionalist pressures and the extent to which nationalism constrains the willingness of member states to engage in incomplete contracting The implications of postfunctionalist theory for an IO s membership policy portfolio contractual specificity and authoritative competences are tested using annual data for 76 IOs for 1950 2010 Transformations in Governance is a major academic book series from Oxford University Press It is designed to accommodate the impressive growth of research in comparative politics international relations public policy federalism environmental and urban studies concerned with the dispersion of authority from central states up to supranational institutions down to subnational governments and side ways to public private networks It brings together work that significantly advances our understanding of the organization causes and consequences of multilevel and complex governance The series is selective containing annually a small number of books of exceptionally high quality by leading and emerging scholars The series targets mainly single authored or co authored work but it is pluralistic in terms of disciplinary specialization research design method and geographical scope Case studies as well as comparative studies historical as well as contemporary studies and studies with a national regional or international focus are all central to its aims Authors use qualitative quantitative formal modeling or mixed methods A trade mark of the books is that they combine scholarly rigour with readable prose and an attractive production style The series is edited by Liesbet Hooghe and Gary Marks of the University of North Carolina Chapel Hill and the VU Amsterdam and Walter Mattli of the University of Oxford [An Introduction to International Organizations Law](#) Jan Klabbers, 2015-04-23 The third edition of this market leading textbook previously called *An Introduction to International Institutional Law* is written in a clear three part structure It is centred on the dynamics of the relationships between international organisations and their organs staff and the outside world It discusses the essential topics of the law of

international organisations including powers finances and privileges and immunities as well as membership rules institutional structures and accountability The newly revised text has been updated extensively to reflect the entry into force of the EU s Lisbon Treaty and Croatia s accession and new articles on the responsibility of international organisations The chapters have also been reorganised for further clarity Two new chapters on the international civil service and the relations between organisations and other institutions respectively have been added Research Handbook on the Law of International Organizations Jan Klabbers,Asa Wallendahl,2011-05 This pioneering Research Handbook with contributions from renowned experts provides an overview of the general doctrines making up the law of international organizations The approach of this book is taken from a novel perspective that of the tension between functionalism and constitutionalism In doing so this Handbook presents not only practically relevant information but also provides a tool for understanding the ways in which international organizations work It has separate chapters on specific constitutional topics and on two specific organizations the EU and the UN Research Handbook on the Law of international Organizations will be of particular interest to academics and graduate students in the fields of international law international politics and international relations

International Economic Organizations in the International Legal Process Sergei A. Voitovich,2023-08-28

Voitovich presents a clear and lucid discussion of the manner and form in which international economic organizations IEOs participate in two main stages of the international legal process law making and law implementation The book is based on normative instruments and fragments of practice of about fifty IEOs In order to ensure a proper and timely realization of their normative acts IEOs exercise a number of law implementing functions which are subject to a thorough comparative examination The author concludes that existing IEOs not being ideal institutional models possess a sufficient arsenal of law implementing instruments to make a considerable impact on the international legal regulations in the economic field The book will be of interest to academics and economic political scientists International Organizations and the Idea of Autonomy Richard Collins,Nigel D. White,2011-04-20 This volume explores the idea of intergovernmental organizations as autonomous international actors Including contributions from leading scholars in the fields of international law politics and governance it addresses themes of institutional autonomy in international law and governance from a range of theoretical and subject specific contexts The collection looks internally at aspects of the institutional law of international organizations and the workings of specific regimes and institutions as well as externally at the proliferation of autonomous organizations in the international legal order as a whole

The Structure and Process of International Law Ronald St. John Macdonald,Douglas M. Johnston,2024-03-11 This wide ranging series provides expert insights into the most fundamental aspects of public international law and has for many years made a major contribution to the international debate on legal issues affecting the world community *International Organizations in General* *Universal International Organizations and Cooperation* Rudolf Bernhardt,2014-05-12 Encyclopedia of Public International Law 5 International Organizations in General

Universal International Organizations and Cooperation focuses on international governmental organizations and international cooperation of a universal nature The publication first elaborates on bank for international settlements Bretton Woods Conference 1944 Customs Cooperation Council Dumbarton Oaks Conference 1944 financial institutions and food and agriculture organization of the United Nations The text then examines industrial property and international protection Intergovernmental Committee for Migration international administrative unions and the International Air Transport Association Discussions focus on traffic conferences international protection of intellectual property historical evolution of legal rules special legal problem and evaluation The manuscript takes a look at the World Intellectual Property Organization World Health Organization World Food Council voting rules in international conferences and organizations and the Vienna Convention on the Representation of States in their Relations with International Organizations of a Universal Character Topics include methods of voting membership decision making foundation and legal basis functioning and financing The text is a valuable source of information for researchers interested in international governmental organizations and international cooperation

International Organization Volker Rittberger, Bernhard Zangl, Andreas Kruck, Hylke Dijkstra, 2019-01-17 The third edition of this popular core textbook provides wide ranging coverage of the structure internal working policies and performance of international organizations such as the UN EU IMF and World Bank Such organizations have never been so important in addressing the challenges that face our increasingly globalised world This book introduces students to theories with which to approach international organizations their history and their ability to respond to contemporary issues in world politics from nuclear disarmament climate change and human rights protection to trade monetary and financial relations and international development Underpinning the text is the authors unique model that views international organizations as actual organizations Reacting to world events political actors provide the inputs which are converted by the political systems of these organizations through various decision making procedures into outputs that achieve varying levels of real world impact and effectiveness This is the perfect text for undergraduate and postgraduate students of politics and international relations taking courses on International organization and global governance as well as essential reading for those studying the UN the EU and Globalization New to this Edition Draws on the most recent research in the field and considers some of the significant world events of the last decade to ensure that the book is completely up to date Two separate chapters considering Trade and Development and Finance and Monetary Relations respectively Fully accounts for the challenges to international organizations by the emerging powers the Trump administration and Brexit

International Organizations and the Law of the Sea 1985 Netherlands Institute for the Law of the Sea, 1987-06 [Rethinking the Sources of International Law](#) Godefridus J. H. Hoof, 1983-01-01 Deals with the concept of sources of international law

International Institutional Law Niels M. Blokker, 2025-03-24 This seventh revised edition of International Institutional Law covers the most recent developments in the field Although public international organizations such as the United Nations the World

Trade Organization the World Health Organization the African Union ASEAN the European Union Mercosur NATO and OPEC have widely divergent objectives powers fields of activity and numbers of member states they also have many institutional characteristics in common There is unity within diversity Rather than being a handbook for specific organizations the book offers a comparative analysis of the institutional law of international organizations It includes chapters on the rules and practices concerning membership institutional structure decision making financing legal order supervision and sanctions legal status and external relations The book s theoretical framework and extensive use of examples from practice is designed to appeal to both academics and practitioners

The Political Economy Of International Organizations Roland Vaubel, Thomas D Willett, 2019-10-16 The idea for this volume was conceived by Frederick Praeger founder of Westview Press who asked Roland Vaubel if he would put together a collection of chapters on the public choice approach to the study of international organizations Vaubel felt it would be useful to have a coeditor from the United States and Thomas D Willett enthusiastically agreed to take on these duties

International Institutional Law Henry G. Schermers, Niels M. Blokker, 2021-11-15 This book offers a comparative analysis of the institutional law of public international organizations covering issues such as membership institutional structure decisions and decision making legal status privileges and immunities It has been designed to appeal to both academics and practitioners

Annotated Basic Documents and Descriptive Directory of International Organizations and Arrangements Henry G. Schermers, M.

Leeuwen-Boomkamp, Paul J.G. Kapteyn, Pieter H. Kooijmans, R.H. Lauwaars, 2024-12-09 Constitutional Law and Practice in

the International Labour Organisation Osieke, 2024-03-18 This series aims to provide authoritative guidance on all aspects of the law of international organizations This area of law has over the years developed into a separate field of study within the discipline of public international law While it covers the law of individual organizations such as the United Nations the World Trade Organization the International Criminal Court and the European Union it also includes thematic institutional law topics such as membership decision making legal personality and responsibility of international organizations In these and other areas international organizations face similar questions and share a number of common characteristics The series aims to include works written by practitioners as well as academics

Vienna Convention on the Law of Treaties Oliver Dörr, Kirsten Schmalenbach, 2011-11-22 The Commentary on the Vienna Convention on the Law of Treaties provides an in depth article by article analysis of all provisions of the Vienna Convention The texts are uniformly structured I Purpose and Function of the Article II Historical Background and Negotiating History and III Elements of the Article The Vienna Convention on Treaties between States and IOs and between IOs is taken into account where appropriate In sum the present Commentary contains a comprehensive legal analysis of all aspects of the international law of treaties Where the law of treaties reaches into other fields of international law e g the law of state responsibility the relevant interfaces are discussed and contextualized With its focus on international practice the Commentary is addressed to academia as well as to practitioners of international law

Sovereign (In) Equality in International Organizations Athena Debbie Efraim, 2021-10-25 This book challenges the dominant intellectual assumptions of mainstream international law scholarship regarding the principle of Sovereign Equality. The animus and scope of this challenge is situated in the context of the decision making processes in International Governmental Organizations (IGOs) which employ the one state one vote and/or the weighted voting rule. Using the theories of Functionalism and Legitimacy to analyze the legal implications and complications of the principal voting mechanisms and voting practices of certain key IGOs vis-à-vis the doctrine of Sovereign Equality, the author establishes that this doctrine has remained far too orthodox for contemporary realities. In this context, she emphasizes the importance of the necessity for functional legitimate decision making processes in global governance and accordingly advocates the elimination of the anachronistic and non-viable principle of Sovereign Equality from international institutional law. The author also rejects the introduction of any new principle in IGOs e.g. democratic governance which will render decision making even less functional.

International Organizations Jan Klabbers, 2017-05-15 International organizations have come to occupy a central position in international governance, exercising many public functions and facilitating political debate amongst states and other actors. Though it is only recently that the focus of legal discussions has begun to shift to controlling the activities of organizations, this volume assembles sixteen important essays addressing various issues relating to the law of international organizations, highlighting theoretical issues and ongoing political debates and emphasizing issues of control. The introductory essay provides an overview of the development of the politico-legal debate and situates the law of international organizations historically and in its contemporary context.

Unveiling the Energy of Verbal Artistry: An Psychological Sojourn through **Majority Rule In International Organization**

In some sort of inundated with screens and the cacophony of instantaneous transmission, the profound energy and emotional resonance of verbal art usually diminish into obscurity, eclipsed by the regular onslaught of sound and distractions.
