**Marketing Plan to Build an Online Business to Profit Up to Six Figures**, 2024-01-22 INTRODUCTION There comes a time when the elastic snaps When you push yourself to breaking point and everything crashes down My breaking point came

on a gloomy Monday morning commute in 2015 Sitting in my car waiting for the lights to change I looked at two guys in their cars on either side of me They looked as miserable as I felt At that moment I burst into tears What the fuck was I doing with my life I was unhappy in my personal life and hated my job I couldn't see a way out I was too invested in my career too old to start again Looking back I didn't know jack shit about building a fitness business Corporate marketing is one thing Doing everything from scratch alone in a different industry is another I didn't have a creative agency or a multimillion pound budget All I had was a Personal Trainer certificate and the ironparadisefitness.com domain name Nevertheless I started building my online empire Or as I now refer to it pissing in the wind for two years I would write lousy articles post selfies and wonder why clients weren't beating down my virtual door Desperate to carve a way out of corporate life I vowed not to quit My business was my obsession Going out meeting friends and taking a break were a rarity I thought it was the only way to be successful I became a hermit A recluse Like the creepy guy kids fear in horror movies That's Old Man Mitchell from No 29 He never leaves the house Some say he only goes outside to dispose of the dead bodies I wasn't that bad but my social life went on ice I studied nutrition and learned the intricacies of exercise mechanics I read books and invested in courses on social media copywriting and web design Iron Paradise Fitness had consumed my entire life and I loved it It was the fire in my belly I'd been missing The passion I needed Although it did make for awkward conversations on Tinder dates What do you like to do in your spare time The innocent question would come Well I'm building my own business right now so that's my main focus Ah cool But what do you like to do for fun Work on my business Yeah but what about when you're not doing that I'm either working on my business thinking about working on my business or eating Oh

*Digital Marketing For Business 2 Books in 1* Jonathan Page, Michael Gates, 2020-12-11 Social media has traversed far greater heights than simply being a medium for user generated content Today it's a tool for consumer empowerment we all witness big conglomerates being brought to their knees by that one dissatisfied tweet or widely shared post and a gratifying brand consumer partnership Even companies that have long been dismissing social media as frivolous and flippant have started taking note of its benefits They've realized that social media is not limited to games and light hearted opinion polls which are also hugely successful in creating affable brands but can involve more serious discussions and insights that are invaluable when it comes to building strong brands Unlike traditional marketing mediums social media doesn't swallow a huge chunk of your advertising and promotion budget You don't need to create cost intensive and ineffectual marketing plans that leave you broke All you need is some creativity perceptiveness and an intuitive understanding about your audience's needs More than sharp business acumen you need a human touch Social media gives your brand a human angle without breaking the bank Currently social media marketing is the most powerful tool that can help businesses to reach customers and prospects whether small or not But with over 88 percent of all companies selling on at least one social media platform you can see how tempting it can be for the company to get lost in all that noise To achieve more organic visibility meet committed brand fans and even generate

A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer. You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world. Instagram is great for sharing videos and photos, so make sure that when you connect the business with your followers, make sure that it stays consistent with your brand rather than straying away or showing things that just don't go together. Use your brand or company name in hashtags; the hashtags that you pick don't have to be complicated. If you already have a pretty good following on Instagram or your brand name is well-known, go ahead and use this as one of your hashtags. This will make it easier for your followers to find you because they can just search the name and find some of your posts. Make a follower famous; it is not just about your followers checking out your posts; it is about how you interact with your followers. Take the time to look over the pages of your followers and then

like and share some of their posts This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not So if you are ready to learn more then let us get started immediately Who Owns the Media?
