Making A Marriage A Personal Of Love Marriage And Family:

Conjugal Spirituality Mary Anne McPherson Oliver,1994 Mary Anne Oliver develops an alternate to celibate religious practices drawing from the experience of couples and diverse sources in the Christian tradition This work explores the dynamics of conjugal love Making a Marriage Kevin Ryan,Marilyn Ryan,1982-01-01 Speaking candidly in two individual voices a married couple of seventeen years shares their experiences and discusses their views on love sex money children daily routines conflict families friends and religion *The Colleges and Sex Education ...* American Social Hygiene Association,1928 *New Family Values* Karen Struening,2002-06-25 How many different kinds of families are there New Family Values provides a critical analysis of scholars and authors who argue that law and policy should be used to foster one model of the family the intact two parent heterosexual family Karen Struening argues that this position does not adequately address the problem it supposedly solves family dissolution and unnecessarily constrains personal liberty Healthy families may be necessary for civic unity and individual stability but there can be many different kinds of families **God, Love, Sex, and Family** Michael Gold,1998 To learn more about Rowman Littlefield titles please visit us at [www rowmanlittlefield com](http://www.rowmanlittlefield.com) **Love, Marriage and Intimacy among Gujarati Indians** Katherine Twamley,2014-02-11 This book compares understandings and experiences of love and intimacy of one distinct cultural group Gujarati Indians born and brought up in two different countries In a rapidly globalizing world this comparative ethnographic study explores how the context in which we are brought up shapes our most intimate attachments and family lives **Breaking the Ties That Bound** Barbara Alpern Engel,2011-03-15 Russia s Great Reforms of 1861 were sweeping social and legal changes that aimed to modernize the country In the following decades rapid industrialization and urbanization profoundly transformed Russia s social economic and cultural landscape Barbara Alpern Engel explores the personal cultural and political consequences of these dramatic changes focusing on their impact on intimate life and expectations and the resulting challenges to the traditional patriarchal family order the cornerstone of Russia s authoritarian political and religious regime The widely perceived marriage crisis had far reaching legal institutional and political ramifications In *Breaking the Ties That Bound* Engel draws on exceptionally rich archival documentation in particular on petitions for marital separation and the materials generated by the ensuing investigations to explore changing notions of marital relations domesticity childrearing and intimate life among ordinary men and women in imperial Russia Engel illustrates with unparalleled vividness the human consequences of the marriage crisis Her research reveals in myriad ways that the new and more individualistic values of the capitalist marketplace and commercial culture challenged traditional definitions of gender roles and encouraged the self creation of new social identities Engel captures the intimate experiences of women and men of the lower and middling classes in their own words documenting instances not only of physical mental and emotional abuse but also of resistance and independence These changes challenged Russia s rigid political order forcing a range of state agents up to and including those who spoke

directly in the name of the tsar to rethink traditional understandings of gender norms and family law This remarkable social history is thus also a contribution to our understanding of the deepening political crisis of autocracy *Transitioning to Adulthood in Asia: School, Work, and Family Life* Wei-Jun Jean Yeung,Cheryll Alipio, Frank F. Furstenberg, Jr.,2013-03-07 In the past decade or so scholars in the United States have identified the emergence of a new distinct stage of life as adolescence has become protracted and most young people of recent generations take longer to achieve economic and psychological autonomy than they did a half century ago This new life stage in between adolescence and adulthood when young people are in a semiautonomous state has come to be known as early adulthood Main characteristics of this new life stage include a later entry into the work force a longer period of time living in the natal home and a delayed age at marriage and childbearing These trends not only have profound implications for young adults well being and intergenerational relationships but also challenge social institutions such as family schools labor markets and many youth serving institutions

Journal of Health, Physical Education, Recreation ,1959 *Popular Science* Arthur Mee,1912 God, Family and Sexuality David W. Torrance,2011-09-22 This timely book addresses the problem of the family in crisis and challenges us to look at family values from a biblical perspective Some of these are hard questions and we will not all agree on how to tackle them but God Family and Sexuality is a wonderful place to start Linden Bowing CARE Christian faith should be marked by a distinctive lifestyle Nowhere in our culture is that distinctiveness being challenged more than in the area of sexuality This book is a very welcome contribution from a range of well qualified people who argue convincingly that the future of the church and our civilization are at stake Bill Wallace Convener Church of Scotland Board of Social Responsibility a series of well informed and responsible engagements with questions relating to human sexuality a serious attempt to hear God s word speaking amidst the Babel of voices clamoring for attention on these topics should be read widely within and outside the Christian community in the interest of a genuinely plural and balanced public dialogue Trevor Hart Professor of Divinity University of St Andrews *Your Marriage and Family Living* Paul Henry Landis,1969 *Learning to Love* Raksha Pande,2021-03-19 The politics of marriage and migration in postcolonial Britain Becoming modern and British enacting citizenship through arranged marriages Continuing traditions as a matter of arrangement Becoming a suitable boy and a good girl Learning to love The ties that bind marriage belonging and identity **Hearings, Reports and Prints of the Senate Committee on Government Operations** United States. Congress. Senate. Committee on Government Operations,1966 Law & Liberty R. J. Rushdoony,2009-11-16 In this concise volume R J Rushdoony expounds on the central themes of the application of Biblical law to every area of life This book is a great starting point to understanding Rushdoony s larger expositions on Biblical law **Bride Ales and Penny Weddings** R. A. Houston,2014-05 Looks at regionally distinctive practices of wedding traditions in Britain from the sixteenth to the nineteenth centuries in order to understand social networks community attitudes and local and regional identities The Handbook of Life-Span

Development, Volume 2 ,2010-08-09 In the past fifty years scholars of human development have been moving from studying change in humans within sharply defined periods to seeing many more of these phenomenon as more profitably studied over time and in relation to other processes The Handbook of Life Span Development Volume 2 Social and Emotional Development presents the study of human development conducted by the best scholars in the 21st century Social workers counselors and public health workers will receive coverage of the social and emotional aspects of human change across the lifespan

Reclaiming the Urban Family Willie Richardson,1996 Practical family ministry for both the church and the unchurched are the foundation of this book African American churches can help prevent dropouts from society and restore those who have dropped out They can help strengthen single parent homes and prevent divorce but it needs the kind of vision and strategies Richardson describes

Understanding Marriage, Family, and Intimate Relationships Jerry D. Lehman,2005 This introductory textbook is for students who are interested in learning about and establishing healthy marriage family and intimate relationships With divorce rates high and relationships fragile books and courses are needed that help students address important issues regarding relationships The readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable understandable and easy to apply to one's life It was written so that each chapter has information that readers will find helpful as they attempt to establish and maintain meaningful healthy relationships There are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations The text provides material on the research of John Gottman the object relations theory of Harville Hendrix the solution focused approach of Michele Weiner Davis and the PREP approach to conflict management of Markman Stanley and Blumberg These and other topics discussed are very relevant to students concerns and are addressed in greater depth than found in most other texts The emphasis is not just on couple relationships but also on family relationships Therefore in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families There is also material on how change produces transitions in family life that must be assimilated into the family structure for example when a couple has their first child Thus both couple and family issues are addressed throughout the book For instructors who want to focus their courses on marriage family and intimate relationships this book would be an ideal choice A study guide for students and instructional material for instructors can be obtained by visiting www.understandingrelationships.net

Love, Joy, and Sex Stan Chu Ilo,2019-07-30 There is no papal document that has generated as much interest controversy and debate in recent times as Pope Francis's *Amoris Laetitia* This document which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015 will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and family life This volume has gathered seminal commentaries on *Amoris Laetitia* by African Catholic theologians social scientists and pastoral workers They offer

African theological and pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same sex relations divorce and remarriage and reception and denial of Holy Communion in the church among other divisive issues These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage family and same sex relations Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling The authors here also call for the inclusion of Africa s own unique challenges like polygamy childless marriages and the impact of migration civil conflict diseases ecological and population crises and the rights of African women in the global discussion on marriage and family life They also challenge uncritical cliches in world Christianity that Africa s opposition to same sex marriages or Western propaganda about population or birth control and contraception are conservative while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent
