Making Gender The Politics And Erotics Of Culture:

Making Gender Sherry B. Ortner, 1996 *Making Gender* both critiques and builds upon recent anthropological theory. Scholars such as Pierre Bourdieu, Anthony Giddens, and Marshall Sahlins have explored the dialectic between how we shape culture and how culture shapes us in a framework known as practice theory. Ortner argues that these scholars omit crucial questions raised elsewhere in the area of feminist theory: questions about the multiple forms of power and resistance, the forms and degrees of agency, the relationship of the private and intimate to large scale structural change, and the nature of identity in a world carved up by race, ethnicity, class, and gender. Together, these essays present a new model of cultural practice that posits embedded agency, the ways people act within cultural contexts to change those very contexts. Rich in theoretical insights and ethnographic examples, *Making Gender* is a stimulating synthesis of feminist anthropology by one of its founders and foremost theorists. **BOOK JACKET Title Summary** field provided by Blackwell North America Inc. All Rights Reserved. *Visions of Culture* Jerry D. Moore, 2004-02-23 This new edition of Jerry D. Moore's *Visions of Culture* presents introductory anthropology students with a brief, readable, and balanced treatment of theoretical developments in the field. New to this edition are pieces on Sherry Ortner, Pierre Bourdieu, and Eric Wolf, an Epilogue that describes key current debates over theory. This is an ideal text for classes on the theory or the history of anthropology. **The Gender Politics of the Namibian Liberation Struggle** Martha Akawa, 2014 Women's contributions against apartheid under the auspices of the Namibian liberation movement SWAPO and their personal experiences in exile take center stage in this study. Male and female leadership structures in exile are analysed whilst the sexual politics in the refugee camps and the public imagery of female representation in SWAPO's nationalism receive special attention. The party's public pronouncements of women empowerment and gender equality are compared to the actual implementations of gender politics during and after the liberation struggle. **Gender and Justice** Eliza Earle Ferguson, 2010-02-18 Historian Eliza Earle Ferguson's meticulously researched study of domestic violence among the working class in France uncovers the intimate details of daily life and the complex workings of court proceedings in fin de siècle Paris. With detective-like methods, Ferguson pores through hundreds of court records to understand why so many perpetrators of violent crime were fully acquitted. She finds that court verdicts depended on community standards for violence between couples. Her search uncovers voluminous testimony from witnesses, defendants, and victims documenting the conflicts and connections among men and women who struggled to balance love, desire, and economic need in their relationships. Ferguson's detailed analysis of these cases enables her to reconstruct the social, cultural, and legal conditions in which they took place. Her ethnographic approach offers unprecedented insight into the daily lives of nineteenth-century Parisians, revealing how they chose their partners, what they fought about, and what drove them to violence. In their battles over money and sex, couples were in effect testing, stretching, and enforcing gender roles. *Gender and Justice* will interest social and legal historians for its explanation of how the working

class of fin de siècle Paris went about their lives and navigated the judicial system Gender studies scholars will find Ferguson's analysis of the construction of gender particularly trenchant Holly Grout *Revisioning Gender* Myra Marx Ferree, Judith Lorber, Beth B. Hess, 1999 This comprehensive handbook summarizes the state of gender studies by examining the crucial research of the past decade and by encouraging thinking about how the questions central to studying gender have themselves changed The book is an important step towards constructing a new analytical framework approach for the social sciences one that calls into question disciplinary boundaries The contributors illustrate how the use of gender by scholars in various and overlapping fields of study has helped alter concepts and research designs **Reader's Guide to the Social**

Michael G. Peletz, 2018-06-05 How do Islamic courts work What sorts of cultural understandings inform judicial process and litigants strategies How do women's claims fare Do these courts promote social tolerance And how do states use them to consolidate power build nations and shape a modern citizenry These are among the questions addressed in this book which not only enhances our understanding of diversity among and within the world's Muslim communities but also provides ethnographic historical and transnational perspectives on contemporary Islam in the shifting landscape of a strategically important region of the world Focusing on Malaysia which has sustained more rapid development than probably any other Muslim nation Michael Peletz explores the culture political economy and history of Islamic courts He demonstrates that they are centrally involved in the creation and policing of new Malay Muslim identities such as middle class urban dwellers that the state sees as the basis for a national polity that will be highly competitive He also shows how and why Islamic courts are key sites in struggles involving ethnic and religious groups social classes political parties and others with a major stake in defining Islam's role with respect to the maintenance of sovereignty and the achievement of modernity and civil society in an age of globalization Peletz deepens our knowledge of Islamic political development in a country very much concerned with forging an Islamic modernity viewed by its leaders as a viable alternative to Western style modernization *The Gender*

Binary and the Invention of Race Sally Markowitz, 2024-05-28 *The Gender Binary and the Invention of Race* explores a fundamental and often overlooked connection between modern European conceptions of gender and race Starting in the eighteenth century these conceptions have intermeshed through a racialized gender binary ideal for the male female couple that supposedly only Europeans embody Through an exploration of various expressions of this racial gender binary ideal this book illuminates the deep connections between categories of race sex gender and sexuality and the social hierarchies they support This book also explores how the racial gender binary ideal has both shaped fin de siècle arguments for the

respectability of male homosexuality and informed the mid twentieth century feminist analysis of Simone de Beauvoir's *The Second Sex* Finally this book compares its approach to understanding the race gender connection to that of intersectional theorist Kimberle Crenshaw *The Gender Binary and the Invention of Race* is an accessibly written book that will be of interest both to undergraduate and graduate students of Gender Studies as well as to a general audience wishing to learn more about the relationship between the categories of race gender and sexuality

Gender, Social Change and Spiritual Power Jane E. Soothill, 2007-03-31 Charismatic Christianity is the most recent and fastest growing expression of Pentecostal religion in Sub Saharan Africa In Ghana's capital Accra the charismatic churches dominate the religious scene This book focuses on the gender discourses of Ghana's new churches and considers charismatic perspectives on womanhood manhood marriage and family life Offering a fresh perspective on the organisational structures of the charismatic churches this study looks at the leadership roles of female pastors and pastors wives and draws attention to the links between female leaders and spiritual power By highlighting the importance of spiritual power in interpreting gendered social change the book sheds new light on the socio cultural role of Ghana's new churches

Gender and Violence in the Middle East David Ghanim Ph.D., 2009-03-20 *Gender and Violence in the Middle East* argues that violence is

fundamental to the functioning of the patriarchal gender structure that governs daily life in Middle Eastern societies Ghanim contends that the inherent violence of gender relations in the Middle East feeds the authoritarianism and political violence that plague public life in the region In this societal sense men as well as women may be said to be victims of the structural violence inherent in Middle Eastern gender relations The author shows that the varieties of physical violence against women for which the Middle East is notorious honor killings obligatory beatings female genital mutilation are merely eruptions of an ethos of psychological violence and the threat of physical violence that pervades gender relations in the Middle East Ghanim documents and analyzes the complementary roles of both sexes in sustaining the system of violence and oppressive control that regulates gender relations in Middle Eastern societies He reveals that women are not only victims of violence but welcome the opportunity to become perpetrators of violence in the married female life cycle of subordination followed by domination The mother in law plays a crucial role in supporting the structure of patriarchal control by stoking tensions with her daughter in law and provoking her son to commit sanctioned violence on his wife The author applies his deep analysis of gender and violence in the Middle East to illuminate the motivational profiles of male and female political suicidalists from the Middle East and the martyrological adulation that they are accorded in Middle Eastern societies

Policing Sexuality Julian C. H. Lee, 2012-08-09 *Policing Sexuality* explores the regulation of sexual behaviour and identity by nation states and questions how and why states have sought to influence and control the sexuality of its citizens Julian C H Lee presents both theoretical and ethnographic literature distilling common themes and causes and presenting factors that contribute towards a state's desire to control both the sexual behaviour and sexual identity of its citizens such as the influence of colonialism class religion and national identity Featuring five crucial case studies from India Britain the USA Malaysia and Turkey this fascinating comparative account challenges the coercive control state authority worldwide exert over the sexuality of its citizens

Gender and Sexuality in Contemporary Popular Fantasy Jude Roberts, Esther MacCallum-Stewart, 2016-06-03 This book explores the ways in which contemporary writers artists directors producers and fans use the opportunities offered by popular fantasy to exceed or challenge norms of gender and sexuality focusing on a range of media including television episodes and series films video games and multi player online role play games novels and

short stories comics manga and graphic novels and board games Engaging directly with an enormously successful popular genre which is often overlooked by literary and cultural criticism contributors pay close attention to the ways in which the producers of fantasy texts whether visual game cinematic graphic or literary texts are able to play with gender and sexuality to challenge and disrupt received notions and to allow and encourage their audiences to imagine ways of being outside of the constitutive constraints of socialized gender and sexual identity With rich case studies from the US Australia UK Japan and Europe all concentrating not on the critique of fantasy texts which duplicate or reinforce existing prejudices about gender and sexuality but on examining the exploration of or attempt to make possible non normative gendered and sexual identities this volume will appeal to scholars across the social sciences and humanities with interests in popular culture fantasy media studies and gender and sexualities

Gender and Anthropology Frances E. Mascia-Lees, Nancy Johnson Black, 2016-11-11 As an early reviewer wrote This is one of the clearest most concise statements on social theory in general let alone on gender that I have ever read Now updated Mascia Lees and Black continue to expertly trace how anthropologists have used different theoretical orientations to examine the nature and determinants of gender roles and gender inequality From the nineteenth century on anthropologists have used different theoretical orientations to understand the emotionally charged topic of gender With an insightful look at evolutionary materialist psychological structuralist poststructural sociolinguistic and self reflexive approaches this distinctive module also examines how these approaches best explain gender and sexual oppression in a global world The authors pack great amounts of valuable information into such a slim volume yet leave readers with digestible material that does more than cover the surface of anthropological perspectives on gender roles and stratification Readers gain insights and tools to develop their own critical analyses of gender
