**Reading from the Underside of Selfhood** Lisa E. Dahill, 2009-01-01 Dietrich Bonhoeffer's example of self sacrificing discipleship has for over fifty years inspired Christians around the world in both their resistance to evil and their devotion to Jesus Christ Yet for some readers particularly those who suffer trauma abuse and other forms of violence Bonhoeffer's insistence on self sacrifice on becoming a person for others may prove more harmful than liberating For those already socialized into self abnegation uncritical applications of Bonhoeffer's teachings may reinforce submission rather than resistance to evil This study explores Bonhoeffer's understandings of selfhood and spiritual formation both in his own experience and writings and in light of the role of gender in psycho spiritual development The central constructive chapter creates a mediated conversation between Bonhoeffer and these feminist psychologists on the spiritual formation of survivors of trauma and abuse including not only dimensions of his thinking to be critiqued from this perspective but also important resources he contributes toward a truly liberating Christian spirituality for those on the underside of selfhood The book concludes with suggestions regarding the broader relevance of this study and implications for ministry The insights for spiritual formation developed here provide powerful proof of Bonhoeffer's continuing and concretely contextualized relevance for readers across the full spectrum of human selfhood

Pennington, 2018-04-30 This is the first book length study of the fictional autobiography a subgenre that is at once widely recognizable and rarely examined as a literary form with its own history and dynamics of interpretation Heidi L Pennington shows that the narrative form and genre expectations associated with the fictional autobiography in the Victorian period engages readers in a sustained meditation on the fictional processes that construct selfhood both in and beyond the text Through close readings of Jane Eyre David Copperfield and other well known examples of the subgenre Pennington shows how the Victorian fictional autobiography subtly but persistently illustrates that all identities are fictions Despite the subgenre s radical implications regarding the nature of personal identity fictional autobiographies were popular in their own
