Making Of A Christian Aristocracy Social:

The Making of a Christian Aristocracy Michele Renee Salzman, 2009-06-30 What did it take to cause the Roman aristocracy to turn to Christianity changing centuries old beliefs and religious traditions Salzman takes a fresh approach to this much debated question by focusing on a sampling of individual aristocratic men and women as well as on writings and archeological evidence

The Making of a Christian Aristocracy Michele Renee Salzman, 2002 What did it take to cause the Roman aristocracy to turn to Christianity changing centuries old beliefs and religious traditions Michele Salzman takes a fresh approach to this much debated question Focusing on a sampling of individual aristocratic men and women as well as on writings and archeological evidence she brings new understanding to the process by which pagan aristocrats became Christian and Christianity became aristocratic Roman aristocrats would seem to be unlikely candidates for conversion to Christianity Pagan and civic traditions were deeply entrenched among the educated and politically well connected Indeed men who held state offices often were also esteemed priests in the pagan state cults these priesthods were traditionally sought as a way to reinforce one's social position Moreover a religion whose texts taught love for one's neighbor and humility with strictures on wealth and notions of equality would not have obvious appeal for those at the top of a hierarchical society Yet somehow in the course of the fourth and early fifth centuries Christianity and the Roman aristocracy met and merged Examining the world of the ruling class its institutions and resources its values and style of life Salzman paints a fascinating picture especially of aristocratic women Her study yields new insight into the religious revolution that transformed the late Roman Empire

A Civil Society with no Hierarchy Ilie Badescu, Joseph Livni, 2023-04-24 Ilie Badescu and Joseph Livni follow the footsteps of two giants who pioneered the field H H Stahl of Romania who studied the sociology of communal societies and D J Elazar of the United States who studied the political science of covenantal societies This collection sheds light on obscure corners of the field gathering up thoughts and concepts of many other sources of past and contemporary research in the field In this volume the reader will find answers to difficult questions like How did acephalous societies penetrate civilization How did they manage to preserve their egalitarian ethos Why did powerful hierarchies work in partnership with them And most importantly how did covenantal societies work around the constraints of a civilized reality The history of civilization consists of various degrees of stratified configurations ranging from oligarchic city states to powerful pyramidal empires

Augustine and the Catechumenate William Harmless, 2014-12-30 As one of the most influential thinkers in Christian history St Augustine 354-430 had a flair for teaching and meditated deeply on the mysteries of the human heart This study examines a little known side of his career his work as a teacher of candidates for baptism In the revised edition of this seminal book both the text and notes have been revised to better reflect the state of contemporary scholarship on Augustine liturgical studies and the catechumenate both ancient and modern This edition also includes new findings from some of the recently discovered sermons of Augustine and incorporates new perspectives from recent research

on early Christian biblical interpretation debates on the Trinity the evolution of the liturgy and much more This reconstruction of Augustine's catechumenate provides fresh perspectives on the day to day life of the early church and on the vibrancy and eloquence of Augustine the preacher and teacher *Christianity, Empire and the Spirit* Néstor Medina, 2018-05-29 In *Christianity Empire and The Spirit* Néstor Medina uncovers the cultural processes that play a crucial role in influencing how people understand reality express the Christian faith and think about God He uses decolonial thinking Latina o theology and Pentecostal theology to show how the cultural dimension is a central feature in the biblical text was the force that coopted Christianity from the imperial era of Constantine onwards and undergirded Western European colonialism and the missionary project He engages with Protestant and Catholic articulations on culture and demonstrates how most theologians perpetuate Eurocentric frames for considering the relation between Christianity and the cultural dimension Alternatively he offers a theological proposal that recognizes the Spirit at work in the phenomena of cultures [Band of Angels](#) Kate Cooper, 2013-09-26 A distinguished ancient historian's elegant study of the extraordinary women who helped lay the foundations of the early Christian church Kirkus Reviews According to most recorded history women in the ancient world lived invisibly In *Band of Angels* historian Kate Cooper has pieced together their story from the few contemporary accounts that have survived Through painstaking detective work she renders both the past and the present in a new light *Band of Angels* tells the remarkable story of how a new understanding of relationships took root in the ancient world Women from all walks of life played an invaluable role in Christianity's rapid expansion Their story is a testament to what unseen people can achieve and how the power of ideas can change the world on household at a time *Continuity and Rupture in the Long Middle Ages* Michael Edward Moore, 2024-08-26 The *Long Middle Ages* indicates a span of time extending from Antiquity across the Middle Ages to the Early Modern period The author tries to understand factors of historical continuity binding this period together and the periodic scenes of violent change that disrupted societies and traditions The *Long Middle Ages* were established on classical and biblical foundations while each generation interpreted and expanded on those origins The cohesion of the *Long Middle Ages* was brought about by continuous acts of reflection and renaissance Scholarly practices and ideas of Antiquity were taken up in the monasteries and cathedral schools of the Middle Ages while during the Renaissance and then the Baroque period thinkers looked back to Antiquity and to the Middle Ages *Continuity and Rupture in the Long Middle Ages* is an interdisciplinary approach to intellectual history which puts the history of ideas in the context of cultural political religious and legal history Medieval history is the central moment while continuity and change are found in traditions extending from the Lord's Prayer AD 30 to Jean Mabillon AD 1632 1707 and onward to moderns like Ernst Cassirer and Paul Ricoeur Readers will discover new significance in historical figures like the Venerable Bede Boniface of Mainz Charlemagne and Pope Formosus in the laws of medieval kings and bishops and institutions like the monastery of Cluny These essays gathered together for the first time in this *Variorum* volume offer powerful new interpretations for students and

researchers in the fields of medieval studies legal and literary interpretation legal history and the history of European intellectual life from ancient to modern times Pagans and Christians in Late Antique Rome Michele Renee

Salzman, Marianne Sághy, Rita Lizzi Testa, 2016 This book sheds new light on the religious and consequently social changes taking place in late antique Rome The essays in this volume argue that the once dominant notion of pagan Christian religious conflict cannot fully explain the texts and artifacts as well as the social religious and political realities of late antique Rome Together the essays demonstrate that the fourth century city was a more fluid vibrant and complex place than was previously thought Competition between diverse groups in Roman society be it pagans with Christians Christians with Christians or pagans with pagans did create tensions and hostility but it also allowed for coexistence and reduced the likelihood of overt violent physical conflict Competition and coexistence along with conflict emerge as still central paradigms for those who seek to understand the transformations of Rome from the age of Constantine through the early fifth century **Official Power**

and Local Elites in the Roman Provinces Rada Varga, Viorica Rusu-Bolindeț, 2016-11-25 Presenting a new and revealing overview of the ruling classes of the Roman Empire this volume explores aspects of the relations between the official state structures of Rome and local provincial elites The central objective of the volume is to present as complex a picture as possible of the provincial leaderships and their many and varied responses to the official state structures The perspectives from which issues are approached by the contributors are as multiple as the realities of the Roman world from historical and epigraphic studies to research of philological and linguistic interpretations and from architectural analyses to direct interpretations of the material culture While some local potentates took pride in their relationship with Rome and their use of Latin exhibiting their allegiances publicly as well as privately others preferred to keep this display solely for public manifestation These complex and complementary pieces of research provide an in depth image of the power mechanisms within the Roman state The chronological span of the volume is from Rome's Republican conquest of Greece to the changing world of the fourth and fifth centuries AD when a new ecclesiastical elite began to emerge Early Christianity Mark

Constantine, Divine Emperor of the Christian Golden Age Jonathan Bardill,2012 Constantine was the first Roman emperor to convert to Christianity The book explores the emperor s image as conveyed through literature art and architecture and shows how Constantine reconciled the tradition of imperial divinity with his monotheistic faith It demonstrates how the traditional themes and imagery of kingship were exploited to portray the emperor as the saviour of his people and to assimilate him to Christ This is the first book to study simultaneously both archaeological and historical information to build a picture of the emperor s image and propaganda It is extensively illustrated Provided by publisher

Group Identity and Religious Individuality in Late Antiquity Eric Rebillard,Jorg Rupke,2015 To understand the past we necessarily group people together and consequently frequently assume that all of its members share the same attributes In this ground breaking volume Eric Rebillard and J rg R pke bring renowned scholars together to challenge this norm by seeking to rediscover the individual and to explore the dynamics between individuals and the groups to which they belong

From Rome to Byzantium AD 363 to 565 A. D. Lee,2013-01-15 Between the deaths of the Emperors Julian 363 and Justinian 565 the Roman Empire underwent momentous changes Most obviously control of the west was lost to barbarian groups during the fifth century and although parts were recovered by Justinian the empire s centre of gravity shifted irrevocably to the east with its focal point now the city of Constantinople Equally important was the increasing dominance of Christianity not only in religious life but also in politics society and culture Doug Lee charts these and other significant developments which contributed to the transformation of ancient Rome and its empire into Byzantium and the early medieval west By emphasising the resilience of the east during late antiquity and the continuing vitality of urban life and the economy this volume offers an alternative perspective to the traditional paradigm of decline and fall

The Oxford Handbook of Early Christian Ritual Rikard Roitto,2018-11-08 Scholars of religion have long assumed that ritual and belief constitute the

fundamental building blocks of religious traditions and that these two components of religion are interrelated and interdependent in significant ways Generations of New Testament and Early Christian scholars have produced detailed analyses of the belief systems of nascent Christian communities including their ideological and political dimensions but have by and large ignored ritual as an important element of early Christian religion and as a factor contributing to the rise and the organization of the movement In recent years however scholars of early Christianity have begun to use ritual as an analytical tool for describing and explaining Christian origins and the early history of the movement Such a development has created a momentum toward producing a more comprehensive volume on the ritual world of Early Christianity employing advances made in the field of ritual studies The Oxford Handbook of Early Christian Ritual gives a manifold account of the ritual world of early Christianity from the beginning of the movement up to the fifth century The volume introduces relevant theories and approaches central topics of ritual life in the cultural world of early Christianity and important Christian ritual themes and practices in emerging Christian groups and factions

Chastity Nancy van Deusen, 2008-02-28 Chastity as a topic is an ideal interdisciplinary consideration since it accesses iconographical representation the philosophical issues of purity morality and of innocence the legal issues of loss and punishment the historical issues of celibacy and the legislation that topic evoked as well as the role of chastity as a literary topos in Late Antiquity as well as the Middle Ages for example in medieval commentary traditions and within medieval vernacular literatures The topic of Chastity as well as its opposing characteristics thus provides an arena for a discussion of the transmission of Ovid and the commentaries this author provoked in the Middle Ages the interpretation of images illustrating legal texts cross cultural enquiries such as the reciprocity between Christian Muslim and Judaic interpretations of temperance continence and abstinence and the theological legal issue of God's rights in excising Adam and Eve from the Garden of Eden Contributors Nancy van Deusen Frank T Coulson Marcia L Colish Uta Renate Blumenthal Th r se Anne Druart Claudia Bornholdt Susan L Engle Cristian Gaspar and Rafael Chodos

Children and Asceticism in Late Antiquity Ville Vuolanto, 2016-03-03 In Late Antiquity the emergence of Christian asceticism challenged the traditional Greco Roman views and practices of family life The resulting discussions on the right way to live a good Christian life provide us with a variety of information on both ideological statements and living experiences of late Roman childhood This is the first book to scrutinise the interplay between family children and asceticism in the rise of Christianity Drawing on texts of Christian authors of the late fourth and early fifth centuries the volume approaches the study of family dynamics and childhood from both ideological and social historical perspectives It examines the place of children in the family in Christian ideology and explores how families in the late Roman world adapted these ideals in practice Offering fresh viewpoints to current scholarship Ville Vuolanto demonstrates that there were many continuities in Roman ways of thinking about children and despite the rise of Christianity the old traditions remained deeply embedded in the culture Moreover the discussions about family and children are shown to have been intimately linked to worries about the continuity

of family lineage and of the self and to the changing understanding of what constituted a meaningful life

History and the Study of Religion Stanley Kent Stowers, 2024 What is religion How is religion constituted as a social entity Is religion a useful category for historians anthropologists and sociologists In History and the Study of Religion Stanley Stowers addresses these questions and discusses examples from ancient Greek Roman Judean and especially early Christian religion to illustrate a theory of religion as a social kind He explains how ancient Mediterranean religion consisted of four sub kinds the religion of everyday social exchange civic religion the religion of literate and literary experts and the religion of literate experts with political power Through these categories he shows how Christianity arose and succeeded

Dining at the End of Antiquity Nicholas Hudson, 2024 The history of dining is a story that cannot be told without archaeology Surviving texts tell of the opulent banquets of the wealthy elite but little attention is given to the simpler more intimate social gatherings of domestic invitation dinners This is especially true of the lower classes who are largely ignored by our sources We can however provide a voice for the underprivileged by turning to the material detritus of ancient cultures that reflects their social history Dining at the End of Antiquity brings together the material culture and literary traditions of Romans at the table to reimagine dining culture as an integral part of Roman social order Through a careful analysis of the tools and equipment of dining Nicholas Hudson uncovers significant changes to the way different classes came together to share food and wine between the fourth and sixth centuries Reconstructing the practices of Roman dining culture Hudson explores the depths of new social distances

between the powerful and the dependent at the end of antiquity Mediterranean Families in Antiquity Sabine R. Huebner, Geoffrey Nathan, 2016-10-17 This comprehensive study of families in the Mediterranean world spans the Bronze Age through Late Antiquity and looks at families and households in various ancient societies inhabiting the regions around the Mediterranean Sea in an attempt to break down artificial boundaries between academic disciplines
