## **Making Of A Spy A Political Odybey:**

**Working the Dead Beat** Sandra Martin, 2012-09-11 Longlisted for the Charles Taylor Prize and selected as a Globe and Mail Top 100 Book and an iTunes Store Best Book Globe and Mail columnist Sandra Martin honours the lives of Canada's famous infamous and unsung heroes in this unique collection of obituaries of the first decade of the twenty first century Here are Canadian icons such as Prime Minister Pierre Trudeau economist John Kenneth Galbraith social activist June Callwood and urban theorist Jane Jacobs Here are builders such as feminist and editor Doris Anderson and businessman and famed art collector Ken Thomson Here are our rogues rascals and romantics our service men and women and here are those private citizens whose lives have had an undeniable public impact Finally Martin interweaves these elegant and eloquent biographies with the autobiography of the obit writer offering an exclusive and intimate view of life on the dead beat Beautifully written compelling and vivid *Working the Dead Beat* is a tribute to those individuals who each on their own and as a collective tell the story of our country and to the life of the obit writer who chronicles their extraordinary lives

**How the Cold War Began** Amy Knight, 2007-08-24 On September 5 1945 cipher clerk Igor Gouzenko severed ties with the Soviet Embassy in Ottawa reporting to the Royal Canadian Mounted Police allegations of extensive Soviet espionage in North America providing stolen documents detailing Soviet intelligence matters to back his claims This action sent shockwaves through Washington London Moscow and Ottawa changing the course of the twentieth century Using recently declassified FBI and Canadian RCMP files on the Gouzenko case author and Cold War scholar Amy Knight sheds new light on the FBI's efforts to incriminate Alger Hiss and Harry Dexter White in order to discredit the Truman Administration FBI chief J Edgar Hoover seized upon Gouzenko's defection as a means through which to demonize the Soviets distorting statements made by Gouzenko to stir up spy fever in the U S setting the McCarthy era into motion Through the FBI files and interviews with several key players Knight delves into Gouzenko's reasons for defecting and brilliantly connects these events to the strained relations between the Soviet Union and the West marking the beginning of the Cold War

**The Cold War: Cold War espionage and spying** Lori Lyn Bogle, 2001 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality

*The Bomb in the Wilderness* John O'Brian, 2020-10-01 Photographs link the nuclear past and nuclear present shaping the public's perception of events What can they reveal about Canada's nuclear footprint *The Bomb in the Wilderness* contends that photography is central to how we have represented interpreted and remembered nuclear activities since 1945 During the Second World War Canada was a member of the Manhattan Project the consortium that developed the atomic bombs dropped on Hiroshima and Nagasaki in 1945 The impact and global reach of Canada's

nuclear programs has been felt ever since But do photographs alert viewers to nuclear threat numb them to its dangers or by some strange calculus accomplish both John O Brian s wide ranging and personal account of the nuclear era presents and discusses more than a hundred photographs ranging from military images to the atomic ephemera of consumer culture We need this fascinating analysis to ensure that we do not look away *Canadian State Trials, Volume V* Barry Wright,Susan Binnie,Eric Tucker,2022-11-01 The fifth and final volume of the Canadian State Trials series examines political trials and national security measures during the period of 1939 to 1990 Essays by historians and legal scholars shed light on experiences during the Second World War and its immediate aftermath including uses of the War Measures Act and the Official Secrets Act with the unfolding of the Cold War and legal responses to the FLQ including the October Crisis labour strikes and Indigenous resistance and standoffs The volume critically examines the historical and social context of the trials and measures resulting from these events concluding the first comprehensive series on this important area of Canadian law and politics The fifth volume s exploration of state responses to real and perceived security threats is particularly timely as Canada faces new challenges to the established order ranging from Indigenous nations demanding a new constitutional framework to protestors challenging discriminatory policing and contesting public health measures Osgoode Society for Canadian Legal History **The Science of War** Donald Avery,1998-01-01 The Second World War with its emphasis on innovative weapons and defence technology brought about massive changes in the role of scientists in Canada the United States and Great Britain Canadian scientists working through the auspices of the National Research Council and the Department of National Defence made important contributions to the development of alliance warfare Before 1939 Canada had only a minute military establishment and a limited industrial and academic capacity for research and development With the outbreak of war all this changed dramatically This book explains how and why Canada was able to play in the big leagues of military technology including the development of radar RDX explosives proximity fuses chemical and biological warfare and the atomic bomb It also investigates the evolution of the Canadian national security state which attempted to protect defence secrets both from the Axis powers and from Canada s wartime ally the Soviet Union The Science of War provides both a cross disciplinary overview of the scientific and military activity of this period in several countries and a fascinating analysis of what the author calls Big Science in Canada Plateaus of Freedom Mark Kristmanson,2003-12-15 Canadians are not accustomed to thinking of censorship secret intelligence and propaganda as a single entity Much less do they consider that these covertly militaristic activities have anything to do with culture So writes Mark Kristmanson in this important study of the intertwining activities and careers of those involved in Canada s security agencies and in the state sanctioned culture industry during the delight of the Cold War The connections between secret intelligence and culture might appear to be merely coincidental Both the spies and the arts people worked with words with symbols and hidden meanings with ideas They had regular informal luncheons together in Ottawa Some members of the intelligence community

even found careers in the arts Less than a decade after defecting the Russian Igor Gouzenko wrote a pulp fiction Cold War spy novel for which he received a Governor General's award And Peter Dwyer Britain's top security official in North America during World War II was a playwright who after the war worked in Canada's intelligence community before drafting the founding for the Canada Council and becoming its first director But Plateaus of Freedom details much more than a casual relationship between security and the arts As Kristmanson demonstrates the censorship intelligence propaganda complex that proliferated in Canada after World War II played a counterpoint between national culture and state security with the result that freedom especially intellectual freedom plateaued on the principle of nationality The security and cultural policy measures examined here from the RCMP investigations at the National Film Board that led to numerous firings to the harassment of the extraordinary African American singer and Soviet sympathizer Paul Robeson attest to the fragility and the enduring power of art to effect social change

**Canada's Jews** Gerald Tulchinsky, 2008-05-24 The history of the Jewish community in Canada says as much about the development of the nation as it does about the Jewish people Spurred on by upheavals in Eastern Europe in the late nineteenth and early twentieth centuries many Jews emigrated to the Dominion of Canada which was then considered little more than a British satellite state Over the ensuing decades as the Canadian Jewish identity was forged Canada itself underwent the transformative experience of separating itself from Britain and distinguishing itself from the United States In this light the Canadian Jewish identity was formulated within the parameters of the emerging Canadian national personality Canada's Jews is an account of this remarkable story as told by one of the leading authors and historians on the Jewish legacy in Canada Drawing on his previous work on the subject Gerald Tulchinsky illuminates the struggle against anti-Semitism and the search for a livelihood amongst the Jewish community He demonstrates that far from being a fragment of the Old World the Canadian Jewry grew from a tiny group of transplanted Europeans to a fully articulated diversified and dynamic national group that defined itself as Canadian while expressing itself in the varied political and social contexts of the Dominion Canada's Jews covers the 240 year period from the beginnings of the Jewish community in the 1760s to the present day illuminating the golden chain of Jewish tradition religion language economy and history as established and renewed in the northern lands With important points about labour immigration and anti-Semitism it is a timely book that offers sober observations about the Jewish experience and its relation to Canadian history

**Canada's Voice** Adam Chapnick, 2010-01-01 It is hard to imagine a person who embodied the ideals of postwar Canadian foreign policy more than diplomat and scholar John Wendell Holmes Holmes joined the foreign service in 1943 headed the Canadian Institute of International Affairs from 1960 to 1973 and as a professor of international relations mentored a generation of students and scholars Canada's Voice draws upon family letters archival records and more than 150 personal interviews to chronicle how Holmes influenced the way diplomats scholars and statespeople abroad viewed Canada and its citizens and how Canadians saw themselves on the world stage Accessible and engrossing this is the only

comprehensive biography of a man who helped shape foreign policy during Canada's golden age as a middle power

**Secret Service** Reginald Whitaker, Gregory S. Kealey, Andrew Parnaby, 2012-01-01 Drawing on previously classified government records the authors reveal that for over 150 years Canada has run spy operations largely hidden from public or parliamentary scrutiny complete with undercover agents secret sources agent provocateurs coded communications elaborate files and all the usual apparatus of deception and betrayal so familiar to fans of spy fiction As they argue what makes Canada unique among Western countries is its insistent focus of its surveillance inwards and usually against Canadian citizens

*Renegades* Michael Petrou, 2008-03-01 *Renegades* Canadians in the Spanish Civil War by veteran journalist Michael Petrou tells the story of the 1 681 Canadians who between 1936 and 1939 defied Canadian law to fight fascism in the Spanish Civil War The war pitted a left leaning democratically elected Spanish government against a military uprising led by Francisco Franco and supported with weapons and tens of thousands of troops by Fascist Italy and Nazi Germany By the time it was over fascism had triumphed in Spain and more than 400 Canadians were dead Until now little was known about these men and women and about those who survived Petrou has changed this He has drawn on recently declassified material interviewed veterans and visited the battlefields of Spain to write the definitive history of Canadians in the war Jack Granatstein one of Canada's leading military historians concludes Based on massive research this is the best and most complete account of Canadians in the Spanish Civil War we are ever likely to get *Renegades* reveals that Spanish Civil War veterans were pressured to become police informers with the cooperation of the federal government that a 1970 application by a veterans group for non profit status was opposed by the federal government out of fear that approving the application might offend Spain's fascist dictator Francisco Franco and that the RCMP spied on Canadian veterans at least until 1980 when one police report noted that the veterans political motivations are more in keeping with the NDP philosophies Other highlights include Detailed and vivid descriptions of the battles the Canadians fought and their lives in Spain between action The stories of Canadian prisoners of war are also told as are accounts of Canadians who were imprisoned and otherwise punished sometimes severely by their own commanders New and sensational information about Dr Norman Bethune whom Spanish authorities accused of espionage and of having a secretly fascist lover The story of a young University Toronto student who was jailed as a suspected spy and was lucky to leave Spain alive After reading recently declassified documents from Soviet archives about this man Petrou tracked him down and interviewed him at the age of 90 **Mortal Crimes** Nigel West, 2013-10-18 An in depth investigation shows how the Soviet Union successfully infiltrated America's atomic bomb project Renegade Lawyer Laurel Sefton MacDowell, 2002-09-01 Though Cohen rose to the top of his profession he had a difficult complex private life that contributed to his personal disgrace and professional downfall **Whose National Security?** Gary Kinsman, Dieter K. Buse, Mercedes Steedman, 2000-10-01 Would you believe that RCMP operatives used to spy on Tupperware parties In the 1950s and 60s they did They also monitored high school students gays and lesbians trade

unionists left wing political groups feminists consumer s associations Black activists First Nations people and Quebec sovereigntists The establishment of a tenacious Canadian security state came as no accident On the contrary the highest levels of government and the police along with non governmental interests and institutions were involved in a concerted campaign The security state grouped ordinary Canadians into dozens of political stereotypes and labelled them as threats Whose National Security probes the security state s ideologies and hidden agendas and sheds light on threats to democracy that persist to the present day The contributors varied approaches open up avenues for reconceptualizing the nature of spying

**A Political Odyssey** Mike Gravel, 2011-01-04 In this candid portrait former two term senator from Alaska and 2008 presidential candidate Gravel expounds on his views of the military industrial complex the imperial presidency postwar US foreign policy and corporate America critically assesses figures he worked with such as Jimmy Carter and Ted Kennedy and reveals the private life behind the public persona When he isn t being actively silenced Senator Gravel s voice is generally acknowledged to be the most refreshing and honest of all the 2008 presidential candidates
