## **Making Of Little Punjab In Canada Patterns Of Immigration:**

**The Making of Little Punjab in Canada** Archana B Verma, 2002-08-13 Archana Verma's powerful and vivid narrative focuses on a specific community in a particular time frame namely the Punjabi diaspora in twentieth century Canada. The author concentrates on two localities Paldi village in Punjab and the Punjabi settlement of Paldi in Vancouver Island British Columbia. She traces the historical links and ethnic roots of these two village communities situated on opposite sides of the world. Dr Verma depicts rural peasant migration in terms of the creation of social spaces at home and overseas. The sub text of this book is a revealing inquiry into the dynamics of caste family and kinship networks and the resulting reciprocal relations between the two communities.

**The Making of the Mosaic** Ninette Kelley, M. Trebilcock, 2010-10-02 Immigration policy is a subject of intense political and public debate. In this second edition of the widely recognized and authoritative work *The Making of the Mosaic*, Ninette Kelley and Michael Trebilcock have thoroughly revised and updated their examination of the ideas, interests, institutions and rhetoric that have shaped Canada's immigration history. Beginning their study in the pre Confederation period, the authors interpret major episodes in the evolution of Canadian immigration policy including the massive deportations of the First World War and Depression eras as well as the Japanese Canadian internment camps during World War Two. New chapters provide perspective on immigration in a post 9/11 world where security concerns and a demand for temporary foreign workers play a defining role in immigration policy reform. A comprehensive and important work, *The Making of the Mosaic* clarifies the attitudes underlying each phase and juncture of immigration history, providing vital perspective on the central issues of immigration policy that continue to confront us today.

*Religious Radicalization and Securitization in Canada and Beyond:*

Paul Bramadat, Lorne Dawson, 2014-01-01 Religious Radicalization and Securitization in Canada and Beyond examines the challenges created by both religious radicalism and the state's and society's response to it **Punjabi Immigrant Mobility In the United States** Diditi Mitra, 2012-11-09 How did so many Punjabi immigrants come to find themselves behind the wheels of so many New York City taxi cabs and what do their stories have to teach us about how immigrants must navigate life in a new society Diditi Mitra analyzes how race and class influence settlement patterns in the United States based on her extensive interviews with 59 Punjabi taxi drivers organizers of the New York Taxi Workers Alliance lawyers who represent drivers in taxi courts owners of taxi fleets and an official of the New York Taxi and Limousine Commission What emerges is an unprecedented exploration into how society shapes the choices made by immigrants as they adapt to America **From Policemen to Revolutionaries: A Sikh Diaspora in Global Shanghai, 1885-1945** Yin Cao, 2017-10-10 From Policemen to Revolutionaries uncovers the less known story of Sikh emigrants in Shanghai in the late nineteenth and early twentieth centuries Yin Cao argues that the cross border circulation of personnel and knowledge across the British colonial and the Sikh diasporic networks facilitated the formation of the Sikh community in Shanghai eventually making this Chinese city one of the overseas hubs of the Indian nationalist struggle By adopting a translocal approach this study elaborates on how the flow of Sikh emigrants largely regarded as subalterns initially strengthened but eventually unhinged British colonial rule in East and Southeast Asia [The Ashgate Research Companion to Modern Imperial Histories](#) John Marriott, 2016-03-23 Written by leading scholars this collection provides a comprehensive and authoritative overview of modern empires Spanning the era of modern imperial history from the early sixteenth century to the present it challenges both the rather insular focuses on specific experiences and gives due attention to imperial formations outside the West including the Russian Japanese Mughal Ottoman and Chinese The companion is divided into three broad sections Part I Times surveys the three main eras of modern imperialism The first was that dominated by the settlement impulse with migrants many voluntarily and many more by force making new lives in the colonies This impulse gave way most especially in the nineteenth century to a period of busy and rapid expansion which was less likely to promote new settlement and in which colonists more frequently saw their sojourn in colonial lands as temporary and related to the business mostly of governance and trade Lastly in the twentieth century in particular empires began to fail and to fall Part II Spaces studies the principal imperial formations of the modern world Each chapter charts the experience of a specific empire while at the same time placing it within the complex patterns of wider imperial constellations The individual chapters thus survey the broad dynamics of change within the empires themselves and their relationships with other imperial formations and reflect critically on the ways in which these topics have been approached in the literature In Part III Themes scholars think critically about some of the key features of imperial expansion and decline These chapters are brief and many are provocative They reflect the current state of the field and suggest new lines of inquiry which may follow from more comparative perspectives on empire The broad range of themes

captures the vitality and diversity of contemporary scholarship on questions of empire and colonialism encompassing political economic and cultural processes central to the formation and maintenance of empires as well as institutions ideologies and social categories that shaped the lives both of those implementing and those experiencing the force of empire In these pages the reader will find the slave and the criminal the merchant and the maid the scientist and the artist alongside the structures which sustained their lives and their livelihoods Overall the companion emphasises the diversity of imperial experience and process Comprehensive in its scope it draws attention to the particularities of individual empires rather than over generalising as if all empires at all times and in all places behaved in a similar manner It is this contingent and historical specificity that enables us to explore in expansive ways precisely what constituted the modern empire *The Oxford Handbook of Sikh Studies* Pashaura Singh, Louis E. Fenech, 2014-03-27 The Oxford Handbook of Sikh Studies innovatively combines the ways in which scholars from fields as diverse as philosophy psychology religious studies literary studies history sociology anthropology political science and economics have integrated the study of Sikhism within a wide range of critical and postcolonial perspectives on the nature of religion violence gender ethno nationalism and revisionist historiography A number of essays within this collection also provide a more practical dimension written by artists and practitioners of the tradition The handbook is divided into eight thematic sections that explore different expressions of Sikhism Historical literary ideological institutional and artistic expressions are considered in turn followed by discussion of Sikhs in the Diaspora and of caste and gender in the Panth Each section begins with an essay by a prominent scholar in the field providing an overview of the topic Further essays provide detail and further treat the fluid multivocal nature of both the Sikh past and the present The handbook concludes with a section considering future directions in Sikh Studies **The Solidarity Approach in Geography** Kavita Arora, Rashmi Rani Anand, 2025-07-08 This contributed volume explains the concept of solidarity and illustrates how perspectives informed by a solidarity approach can be utilized in geographic research Geography offers a set of concepts and tools including space place scale landscape and mobility that makes it a particularly useful lens through which to view issues of solidarity It is distinct from other sciences in its subject matter and methodology but at the same time offers a multidisciplinary approach and transcends its disciplinary boundary The concept of solidarity in geography is illustrated here through nearly thirty five case chapters all from the Indian subcontinent Topics covered here include but are not limited to geographical approaches to solidarity in economic issues indigenous knowledge international relations global geopolitics climate change crisis management human health and more *Canadian Liberalism and the Politics of Border Control, 1867-1967* Christopher G. Anderson, 2012-11-10 With restrictive immigration policies increased interdiction and the detention of asylum seekers it is clear that Canada's approach to border control has shifted in recent years Yet such practices are just the latest in a long and complex national history Canadian Liberalism and the Politics of Border Control sheds light on the first century of Canada's efforts to control its borders framing pivotal moments within a long standing but often

overlooked debate over the rights of non citizens Anderson provides valuable insights into contemporary liberal democratic control by demonstrating that today s more restrictive approach reflects traditions deeply embedded within liberal democracies

**Sikh Diaspora in Japan** Azuma Masako,2018-10-26 The Sikh community is one of the largest groups of Indians abroad and many studies of these migrants have been conducted The Sikh temples which are called gurdwaras are seen at all the places where Sikh migrants have settled As other Indian migrants Sikhs too have struggled to maintain their social and cultural customs in the societies they have moved to Inspite of facing difficulties Sikh migrants have created a synthesis of their own culture with the culture of their place of emigration This hybridity in migrants culture brings us an understanding of the migrants as Diaspora who are in a in between world among their place of origin and their present residence This book focuses on the social and cultural practices of Sikh Diaspora in Japan which is not large when compared to other places The gurdwaras located in different cities like Kobe and Tokyo are described in this volume as not only religious places but also socializing spaces where the Sikh culture thrives The two gurdwaras represent diverse social contexts of Sikh migrants in Japan showing myriad features The volume shows how the Sikh Diaspora in Japan have struggled in their new world and created their own thriving culture through global and local networks Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

**Mapping Social Exclusion in India** Paramjit S. Judge,2014-03-13 Identifies and examines various trajectories of exclusion at both macro and micro levels in India

Connecting Seas and Connected Ocean Rims ,2011-04-11 Long distance migration of peoples have been a central if little understood factor in global integration The essays in this collection contribute to a new history of world migrations written by specialists of particular areas of the world Collectively these essays point towards a shift from the regional migrations of individual seas and oceans of the early modern era toward nineteenth century labor migrations that connected the Pacific and Indian to the Atlantic Oceans Detailed case studies demonstrate the importance of human migration in the development consolidation and critique of empire building theories of race modern capitalism and large scale commercial agriculture and industry on every continent

**International Bibliography of Sikh Studies** Rajwant Singh Chilana,2006-01-16 The International Bibliography of Sikh Studies brings together all books composite works journal articles conference proceedings theses dissertations project reports and electronic resources produced in the field of Sikh Studies until June 2004 making it the most complete and up to date reference work in the field today One of the youngest religions of the world Sikhism has progressively attracted attention on a global scale in recent decades An increasing number of scholars is exploring the culture history politics and religion of the Sikhs The growing interest in Sikh Studies has resulted in an avalanche of literature which is now for the first time brought together in the International Bibliography of Sikh Studies This monumental work lists over 10 000 English language publications under almost 30 subheadings each representing a subfield in Sikh Studies The Bibliography contains sections on a wide variety of subjects
