## **Making Of The Hawthorne Subject:**

*The Making of the Hawthorne Subject* Alison Easton, 1996 Nearly all critics of Hawthorne have ignored this element of development thus missing the complex evolution of the subject and the revealing intertextual play of meaning that is evident in everything Hawthorne wrote during this period *Hawthorne's Histories, Hawthorne's World* Michael J. Colacurcio, 2022-05-17 Hawthorne's Histories Hawthorne's World picks up Hawthorne where *The Province of Piety* left him extending the historical and theological reading there developed of the early Puritan and revolutionary tales Hawthorne wrote in birthplace Salem on to the contemporary tales sketches essays and finally four published romances based on his stays in Brook Farm Boston Concord Lenox Salem Liverpool and Rome A collection of essays rather than a single continuously argued monograph Hawthorne's Histories Hawthorne's World collects together the essays Professor Colacurcio has written on Hawthorne since the publication of his ground breaking *Province of Piety* elaborating and refining his analyses of how Hawthorne's most memorable early tales do history but proceeding then to explore the later productions of that author's distinguished career The result in Colacurcio's patient analysis is something like Hawthorne's history of his own times Visual Subjectivity in Chinese and American Thought and Literature Guozhong Duan, Ming Dong Gu, 2025-10-15 Providing the reader with a systematic study of visual subjectivity in comparative thought and literature this book analyses the role that vision and visuality especially interpersonal visuality plays in the constitution of subject and subjectivity in Chinese and American traditions Examining the formation of visual subjectivity in the philosophical works by major Chinese and Western thinkers this book provides a comparative study of four masterworks of Chinese and American fiction focusing on *The Plum in the Golden Vase* *The Story of the Stone* *Moby Dick* and *The Scarlet Letter* It demonstrates that there are both psychologically universal and culturally specific factors and features in the visual constitution and representation of self identity subject and subjectivity Offering fresh insights for cross cultural studies of intellectual thought literature ideology and culture through the visual lens this book will appeal to students and scholars engaged in comparative studies of Chinese and American thought literature and narrative theory **Hawthorne's Habitations** Robert Milder, 2013-01-31 Hawthorne's *Habitations* draws on letters manuscripts and the author's little studied French and Italian notebooks to present a portrait of four fascinating locations in the middle of the nineteenth century and offer a convincing portrait of the way place informed Hawthorne's melancholy psychology and dark style **Hawthorne's Visual Artists and the Pursuit of a Transatlantic Aesthetics** Kumiko Mukai, 2008 Among Hawthorne's primary themes the visual arts have usually been regarded as an afterthought and have only been examined to elucidate his own personal philosophy Hawthorne's own contemporaries derided him for his mediocre aesthetics and that view has been taken as received wisdom up to the present day This study reexamines Hawthorne's aesthetics and suggests that he was much more familiar with the art and artists of the time than has previously been acknowledged by critics He developed his own eclectic and transatlantic view of art a view which

incorporated decorative arts like embroidery while maintaining a modest estimation of his own talents This book examines the full range of visual artists whom Hawthorne portrays It argues that these portrayals illuminate the artist s dilemma of being fettered by New England Puritanism while at the same time being attracted to the richness and depth of both Victorian aesthetics and the artistic sense of Old World Catholicism The ambiguous destinies of his artist characters include misunderstandings and disputes while at the same time they suggest a reconciliation of the conflicting sentiments and transatlantic perspectives of the writer himself *The Encyclopedia of the Gothic, 2 Volume Set* William Hughes,David Punter,Andrew Smith,2015-12-21 THE ENCYCLOPEDIA OF THE GOTHIC Well written and interesting it is a testament to the breadth and depth of knowledge about its central subject among the more than 130 contributing writers and also among the three editors each of whom is a significant figure in the field of gothic studies A reference work that s firmly rooted in and actively devoted to expressing the current state of academic scholarship about its area New York Journal of Books A substantial achievement Reference Reviews Comprehensive and wide ranging The Encyclopedia of the Gothic brings together over 200 newly commissioned essays by leading scholars writing on all aspects of the Gothic as it is currently taught and researched along with challenging insights into the development of the genre and its impact on contemporary culture The A Z entries provide comprehensive coverage of relevant authors national traditions critical developments and notable texts that continue to define shape and inform the genre The volume s approach is truly interdisciplinary with essays by specialist international contributors whose expertise extends beyond Gothic literature to film music drama art and architecture From Angels and American Gothic to Wilde and Witchcraft The Encyclopedia of the Gothic is the definitive reference guide to all aspects of this strange and wondrous genre The Wiley Blackwell Encyclopedia of Literature is a comprehensive scholarly authoritative and critical overview of literature and theory comprising individual titles covering key literary genres periods and sub disciplines Available both in print and online this groundbreaking resource provides students teachers and researchers with cutting edge scholarship in literature and literary studies *The Scarlet Mob of Scribblers* Jamie Barlowe,2000 Barlowe examines the causes and consequences of the continuing disregard for women s scholarship To that end she chronicles The Scarlet Letter s critical reception analyzes the history of Hester Prynne as a cultural icon in literature and film rereads the canonized criticism of the novel and offers a new reading of Hawthorne s work by rescuing marginalized interpretations from the alternative canon of women critics BOOK JACKET *Gothic Subjects* Sian Silyn Roberts,Siân Silyn Roberts,2014-06-09 Beginning in the 1790s North American readers developed an appetite for the gothic novel as imported reprinted and pirated editions of British and European romances flooded the market alongside homegrown works In Gothic Subjects Si n Silyn Roberts accounts for the sudden and considerable appeal of the gothic during this period by contending that it prepared a culturally diverse American readership to think of itself as part of a transatlantic world through which goods people and information could circulate By putting gothic literature in dialogue with the writings of

Locke Hume Reid Smith Rousseau and other major figures of the European Enlightenment Silyn Roberts shows how the early American novel participated in the process of revising and transforming the figure of the modern individual for a fluid contingent Atlantic population Exploring works of fiction by Charles Brockden Brown Leonora Sansay Sally Sayward Barrell Keating Wood Edgar Allan Poe Robert Montgomery Bird Nathaniel Hawthorne and William Wells Brown among others Silyn Roberts argues that the gothic helped post Revolutionary readers to think of themselves as political subjects By reading the emergence of a national literary style in terms of its appropriation and reinterpretation of British cultural forms Gothic Subjects situates itself at the crux of several important issues in American literary history transatlantic literary relations the connection between literature and political philosophy the paradoxes of sovereign power and the form of the novel In doing so Gothic Subjects powerfully rethinks some of our previous assumptions about the cultural work of the American gothic tradition

**Handbook of American Romanticism** Philipp Löffler, Clemens Spahr, Jan Stievermann, 2021-07-05 The Handbook of American Romanticism presents a comprehensive survey of the various schools authors and works that constituted antebellum literature in the United States The volume is designed to feature a selection of representative case studies and to assess them within two complementary frameworks the most relevant historical political and institutional contexts of the antebellum decades and the consequent re appropriations of the Romantic period by academic literary criticism in the twentieth and early twenty first centuries

*Doctrine and Difference* Michael J. Colacurcio, 2021-07-29 *Doctrine and Difference* Readings in Classic American Literature aims to expand and deepen the inquiry begun in the volume from 2007 Beginning with an essay on the avowedly Puritan poetry of Anne Bradstreet and ending with two not quite secular novels from late in the 19th century this volume seeks to uncover the religious and philosophical meanings deeply embedded in so much of 19th century American literature and then importantly to identify and analyze the techniques by which the doctrines are differentiated into imaginative literature Poe Emerson Thoreau Hawthorne Melville and yes even Howells and James are driven by powerful thematic intentions But they do not preach they dramatize And as they talk their way through their existential issues they often talk to one another yes no maybe ok but not so fast Stressing the idea of a shared poet Puritan inheritance the new *Doctrine and Difference* means to re confirm the vitality of literary history and in particular the importance of reading the classic texts of American literature in context and in relation

*The Half-vanished Structure* Magnus Ullén, 2004 This book takes issue with the tendency in twentieth century Hawthorne criticism to blur the distinction between symbolism and allegory Rejecting the long standing notion that Hawthorne is a symbolist in allegorical disguise Ullén argues that allegory is the key to understanding how religion sexuality aesthetics and politics are interwoven in Hawthorne's writings The study presents a model for allegorical interpretation of general applicability which is brought to bear on each of Hawthorne's mature romances and on the oft neglected Wonder Books written for children An unparalleled analysis of the formal intricacies of Hawthorne's writings this book is an eloquent plea for the necessity of grounding ideological analysis in

aesthetical considerations      **Prospects for the Study of American Literature (II)** Richard Kopley, Barbara Cantalupo, 2009 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain      *Making Sense of the Social World* Daniel F. Chambliss, Russell K. Schutt, 2012-01-30 Making Sense of the Social World Fourth Edition is an engaging and student friendly introduction to social research for students who need to understand methodologies and results but who may never conduct research themselves It provides a balanced treatment of qualitative and quantitative methods integrating substantive examples and research techniques throughout All essential elements of social research methods are covered including validity causation experimental and quasi experimental design and techniques of analysis Additionally it is written in a less formal style to make concepts more accessible to students and it includes wide ranging practical exercises drawn from every experience to help students get hands on with the material

pub desc      Glancing Visions Zachary Tavlin, 2023-06-13 The sweeping vantages that typify American landscape painting from the nineteenth century by Thomas Cole and other members of the Hudson School are often interpreted for their geopolitical connotations as visual attempts to tame the wild alleviating fears of a savage frontier through views that subdue the landscape to the eye Zachary Tavlin s *Glancing Visions* challenges the long standing assumption that visuality in nineteenth century art and literature was inherently imperialistic or possessive While there is much to be said for both material economic and theological impulses to clear the wilderness superimpose a national identity and usher in a Puritanical idyll many literary figures of the era display a purposeful disdain for the possessive gaze signaling instead a preference for subtle glances often informed by early photography Impressionism new techniques in portraiture and soon after the dawn of cinema The visual subjectivities and contingencies introduced by these media made room for a visual counter narrative one informed by a mode of seeing that moves fast and lightly across the surface of things Tavlin probes Nathaniel Hawthorne s idea of the imagination one that derives from both the camera obscura in *The Custom House* and the daguerreotype in *The House of the Seven Gables* each in its way an instance of the glance and entirely dependent on temporal moments The poetry of Frances Ellen Watkins Harper toggles between gazes and glances unsettling two competing forms of racialized seeing as they pertain to nineteenth century Black life and racial hierarchies the sentimental gaze and the slave trader s glance highlighting the life and death stakes of both looking anyone squarely in the eye and looking away Emily Dickinson s certain

slant of light syntactical oddities and her stitching of scraps and fragments into the fascicles that constitute her corpus all derive from a commitment to contingency the ungrounded life's only defense against the abyss of non being Tavlin investigates as well Henry James's vexed but entirely dependent relationship to literary and painterly impressionism and William Carlos Williams's imagist poetics as a response to early cinema's use of the cut as the basis for a new visual grammar Each of these literary artists Tavlin argues via their own distinctive sensibilities and the artistic or technological counterparts that informed them refuse the authoritative all possessive gaze in favor of the glance a mode of seeing thinking and being that made way for what we now think of as commonplace namely modernity Feed Your Brain, Lose Your Belly Larry
