Making Merit, Making Art Sandra Cate, 2003-01-01 Their work both celebrated and controversial depicts stories from the Buddha's lives in otherworldly landscapes punctuated with sly references to this worldly politics and popular culture Schooled in international art trends the artists reverse an Orientalist narrative of the Asian Other telling their own stories to diverse audiences and subsuming Western spaces into a Buddhist worldview BOOK JACKET *Dewey for Artists* Mary Jane Jacob, 2018-12-10 John Dewey is known as a pragmatic philosopher and progressive architect of American educational reform but some of his most important contributions came in his thinking about art Dewey argued that there is strong social value to be found in art and it is artists who often most challenge our preconceived notions Dewey for Artists shows us how Dewey advocated for an art of democracy Identifying the audience as co creator of a work of art by virtue of their experience he made space for public participation Moreover he believed that societies only become and remain truly democratic if its citizens embrace democracy itself as a creative act and in this he advocated for the social participation of artists Throughout the book Mary Jane Jacob draws on the experiences of contemporary artists who have modeled Dewey's principles within their practices We see how their work springs from deeply held values We see too how carefully considered curatorial practice can address the manifold ways in which aesthetic experience happens and thus enable viewers to find greater meaning and purpose And it is this potential of art for self and social realization Jacob helps us understand that further ensures Dewey's legacy and the culture we live in Living Art Elly Kent, Virginia Hooker, Caroline Turner, 2022-11-08 Living Art Indonesian Artists Engage Politics Society and History is inspired by the conviction of so many of Indonesia's Independence era artists that there is continuing interaction between art and everyday life In the 1970s Sanento Yuliman Indonesia's foremost art historian of the late twentieth century further developed that concept stating New Indonesian Art cannot wholly be understood without locating it in the context of the larger framework of Indonesian society and culture and the whole force of history The essays in this book accept Yuliman's challenge to analyse the intellectual sociopolitical and historical landscape that Indonesia's artists inhabited from the 1930s into the first decades of the new millennium including

their responses to the COVID 19 pandemic The inclusion of one of Yuliman s most influential essays translated into English for the first time offers those outside Indonesia an insight into a formative period in the generation of new art knowledge in Indonesia The volume also features essays by T K Sabapathy Jim Supangkat Alia Swastika Wulan Dirgantoro and FX Harsono as well as the three editors Elly Kent Virginia Hooker and Caroline Turner The book s contributors present recent research on issues rarely addressed in English language texts on Indonesian art including the inspirations and achievements of women artists despite social and political barriers Islam inspired art artistic ideologies the intergenerational effects of trauma and the impacts of geopolitical change and global art worlds that emerged in the 1990s The Epilogue introduces speculations from contemporary practitioners on what the future might hold for artists in Indonesia Extensively illustrated Living Art contributes to the acknowledgement and analysis of the diversity of Indonesia s contemporary art and offers new insights into Indonesian art history as well as the contemporary art histories of Southeast Asia and Asia more generally
