Making Babies Infants In Canadian Fiction:

Making Babies Sandra Sabatini, 2006-01-01 Although the infant has been a consistent figure in literature and for many people a significant figure in personal life there s been little attention focused on infants or on their place in Canadian fiction until now In this book Sandra Sabatini examines Canadian fiction to trace the ideological charge behind the represented infant Examining writers from L M Montgomery and Frederick Philip Grove to Thomas King and Terry Griggs Sabatini compares women s writing about babies with the way infants appear in texts by men over the course of a century She discovers a range of changing attitudes toward babies After being seen as a source of financial burden social shame or sentimental fantasy infants have increasingly become a source of value and meaning The book challenges the perception of babies as passive objects of care and argues for a reading of the infant as a subject in itself It also reflects upon how the representations of infancy in Canadian literature offer an intriguing portrait of how we imagine ourselves *Children and Childhoods in L.M. Montgomery* Rita Bode, Lesley D. Clement, E. Holly Pike, Margaret Steffler, 2022-10-15 From Jane Austen to contemporary fanfiction and adaptations literary portrayals of the child and imaginings of childhood are particularly telling indicators of cultural values and when they shift Inspired by the responsive reading practices of L M Montgomery herself those demonstrated by her characters and those of her diverse readership *Children and Childhoods in L M Montgomery* works with concepts of confluence based on organic non linear readings of texts across time and space Such readings reconsider views of childhood and children by challenging power hierarchies and inequities found in approaches that privilege more linear readings of literary influence While acknowledging differences between childhood and adulthood contributors emphasize kinship between child and adult as well as between past and present selves and use both scholarly approaches and creative reimagining to explore how the boundaries between different stages of life are blurred in Montgomery s writing *Children and Childhoods in L M Montgomery* addresses Montgomery s challenges to prescribed assumptions about childhood while positioning her novels as essential texts in twenty first century literary childhood and youth studies Contributors include Yoshiko Akamatsu Notre Dame Seishin University Balaka Basu UNC Charlotte Rita Bode Trent University Holly Cinnamon Lesley D Clement Vappu Kannas Heidi Lawrence University of Glasgow Kit Pearson Rosalee Peppard Lockyer E Holly Pike Laura Robinson Acadia University Kate Scarth UPEI Margaret Steffler Trent University William Thompson MacEwan University Bonnie Tulloch UBC Asa Warnqvist Swedish Institute for Children s Books
