and to show what he was capable of given the right medium Burroughs formal problems with linear composition were turned to his advantage by collage which enabled him to move beyond narrative and chronological requirement O Hara used collage to navigate an effective path between plastic art and literature and to choose the facets of each which best suited his compositional style Bob Dylan s self conscious application of collage techniques elevated his brand of rock and roll to a level of heightened aestheticism Throughout her book Cran shows that to delineate collage stringently as one thing or another is to severely limit our understanding of the work of the artists and writers who came to use it in non traditional ways **Live**
