Interventions to Prevent or Reduce Unhealthy Habits in Children and Adolescents during Restricted

Conditions Mojtaba Keikha,Mostafa Dianati,Motahar Heidari-Beni,Mohammad Hossein Ebrahimi,2024-12-27 The prevalence of childhood overweight and obesity has increased worldwide in recent decades Childhood obesity is associated with serious health problems and the risk of premature illness and death later in life In addition there is a growing concern over the effects of sedentary lifestyles on young people s health Low physical activity and sedentary behaviour are associated with metabolic and mental health during childhood and adolescence Parallel to obesity and low physical activity in children and adolescents excessive use of the virtual space including increased screen time activity or internet and smartphone addiction is among the most important health threatening factors for children and adolescents Sex and the Internet Al

Cooper,2013-08-21 This groundbreaking book is the first of its kind to thoroughly explore the topic of cybersex and the effects of Internet use on sexuality Focusing on treatment and assessment issues and the clinical implications of cybersex this authoritative volume provides mental health professionals with an analysis of the most recent empirical evidence along with research specific to the impact of Internet use on couples and families gay men people with disabilities children and the workplace Edited by one of the leading researchers clinicians and authors in the emerging field of sex and the Internet this book addresses the growing complexity of Internet sex issues and their impact on psychological functioning The Impact of Technology on Relationships in Educational Settings Angela Costabile,Barbara Spears,2013-02-28 As the linguistic cognitive and social elements of our lives are transformed by new and emerging technologies educational settings are also challenged to respond to the issues that have arisen as a consequence This book focuses on that challenge using psychological theory as a lens to highlight the positive uses of new technologies in relationships and educational settings and to advocate technological learning opportunities and social support where the misuse and abuse of ICT occurs The Impact of Technology on Relationships in Educational Settings sets out to explore the role of ICTs in relationship forming social networking and social relationships within our schools and has grown out of the European Cooperation in Science and Technology COST Action on cyberbullying involving 28 participating countries and two non COST countries of which Australia is one This cutting edge international text offers cross cultural psychological perspectives on the positive uses of new and emerging technologies to improve social relationships and examples of best practice to prevent virtual bullying This comes at a time when much of the focus in current writings has been on the more negative aspects which have emerged as new technologies evolved cyberbullying cyber aggression and cybersafety concerns This text is ideally suited to researchers and practitioners in the fields of Educational and developmental psychology as well as those specialising in educational technology and the sociology of education *Family Dynamics and Romantic Relationships in a Changing Society* Siltan,

Nava R.,2017-02-08 As society changes and develops personal relationships can be significantly affected by evolving cultures By examining amorous and familial bonds in the present era a comprehensive understanding of relationship formation and development can be established Family Dynamics and Romantic Relationships in a Changing Society provides a thorough examination of the types of emotional relationships that different cultures participate in Highlighting innovative topics across a range of relevant areas such as LGBTQ relationships long distance relationships interracial dating and parental techniques this publication is an ideal resource for all academicians students librarians and researchers interested in discovering more about social and emotional interactions within human relationships Research Handbook on Couple and Family Relationships Nickola C. Overall,Jeffry A. Simpson,Justin A. Lavner,2025-01-09 This prescient Research Handbook facilitates the integration between two substantial yet often separate fields the study of couple relationships and the study of family relationships An array of expert contributors provide an up to date understanding of these important bonds highlighting opportunities for consolidation and growth and identifying new avenues of research **The Routledge Handbook of Family Communication** Anita L. Vangelisti,2012-11-27 With a synthesis of research on issues key to understanding family interaction as well as an analysis of many theoretical and methodological choices made by researchers studying family communication the Handbook serves to advance the field by reframing old questions and stimulating new ones The contents are comprised of chapters covering theoretical and methodological issues influencing current conceptions of family research and theory centering around the family life course communication occurring in a variety of family forms individual family members and their relationships dynamic communication processes taking place in families family communication embedded in social cultural and physical contexts Key changes to the second edition include updates throughout providing a thorough and up to date overview of research and theory new topics reflecting the growth of the discipline including chapters on singles as family members emerging adults and physiology and physical health Highlighting the work of scholars across disciplines communication social psychology clinical psychology sociology family studies and others this volume captures the breadth and depth of research on family communication and family relationships The well known contributors approach family interaction from a variety of theoretical perspectives and focus on topics ranging from the influence of structural characteristics on family relationships to the importance of specific communication processes *Fathers, Families and Relationships* Caroline Gatrell,Esther Dermott,2019-03-06 In this exciting book leading fatherhood scholars from Europe and Scandinavia offer unique insights into how to research fathers and fatherhood in contemporary society Outlining research methods in detail including examples of large scale studies online research surveys and visual and aural methods they explore how each approach worked in practice what the benefits and pitfalls were and what the wider and future application of the chosen research methods might be Covering a wide range of subjects from non resident fathers to father engagement in child protection this major contribution to the field also critiques and addresses the notion that fathers especially young

fathers can be hard to reach Essential reading for both students and policy makers in a fast growing area of interest

Computer-mediated Communication in Personal Relationships Kevin B. Wright, Lynne M. New Media, Development and Globalization: Making Connections in the Global South Don Slater, 2014-01-15 New media development and globalization are the key terms through which the future is being imagined and performed in governance development initiatives and public and political discourse Yet these authoritative terms have arisen within particular cultural and ideological contexts In using them we risk promoting over generalized and seemingly unchallengeable frameworks for action and knowledge production which can blind us to the complex global patterns and promise of social reality This compelling book forces us to look at these terms afresh Drawing on more than ten years of ethnographic fieldwork in Latin America West Africa and South Asia Don Slater seeks to challenge these terms as voicing specific northern narratives rather than universal truths and to see them from the perspective of southern people and communities who are equally concerned to understand new machines for communication new models of social change and new maps of social connection The central question the book poses is how we can democratize the ways we think and practise new media development and globalization opening these terms to dialogue and challenge within North South relations Rooted in sociological debates New Media Development and Globalization will also be a provocative contribution to media and cultural studies studies of digital culture development studies geography and anthropology

Interpersonal Relationships Martha Peaslee Levine, 2022-07-27 Relationships are a necessary part of life This has always been true community helped keep us safe as dangerous animals prowled outside our caves We are now even more interconnected with each other What do we know about interpersonal relationships How do we develop the skills to connect with each other Relationships can bring value and meaning to our lives but sometimes they can have negative effects and impair our view of ourselves and others We need to find ways to keep hope even if some relationships have scarred us We need to recognize skills that we can use to form closer relationships in both our professional and personal lives This book examines interpersonal relationships from many different angles It will allow the reader to look at relationships in new ways and perhaps find tools to enhance and deepen connections within their lives

Media, Technology and Everyday Life in Europe Roger Silverstone, 2017-03-02 The importance of the daily experience of new information and communication technologies is highlighted by this timely volume The book is based on work carried out in the European Media Technology and Everyday Life Network and is structured round a series of seven empirical case studies drawn from research within

Europe The application of this perspective draws attention not just to the significance of information and communication technologies for a mature understanding of the conduct of everyday life in contemporary Europe but also for the significance of that understanding for the development of communication and information policy The research makes a significant contribution to our understanding of the dynamics and evolution of a core dimension of European society as well as informing on going and important debates on the nature of the relationship between the social and the technological in the information and communication arena *Cybercrime, Organized Crime, and Societal Responses* Emilio C. Viano, 2016-12-10 This timely book provides contributions on international comparative crime phenomena gangs trafficking fear of crime and crime prevention It highlights contributions originally prepared for the XVII World Congress of Criminology and for the 2015 Cybercrime Conference in O ati Spain which have been selected reviewed and adapted for inclusion in this volume The work features international contributors sharing the latest research and approaches from a variety of global regions The first part examines the impact of gangs on criminal activities and violence The second part explores illegal trafficking of people drugs and other illicit goods as a global phenomenon aided by the ease of international travel funds transfer and communication Finally international approaches to crime detection prevention are presented The work provides case studies and fieldwork that will be relevant across a variety of disciplines and a rich resource for future research This work is relevant for researchers in criminology and criminal justice as well as related fields such as international and comparative law public policy and public health Reading Comprehension and Skills, Grade 5 Carson-Dellosa Publishing, 2014-03-15 Reading Comprehension and Skills for fifth grade is designed to help students develop a strong foundation of reading basics so that they will become competent readers who can advance to more challenging texts It includes engaging passages and stories about a variety of subjects to appeal to al readers The book also encourages vocabulary deve lopment and reinforces reading comprehension through leveled activity pages that target each student s individual needs for support Kelley Wingate s Reading Comprehension and Skills series is the perfect choice for both teachers and parents This valuable reading and comprehension skills practice book provides nearly 100 reproducible pages of exciting activities 96 durable flash cards and a motivating award certificate The differentiated activity pages give students the practice they need at a level that is perfect to help them master basic reading comprehension skills necessary to succeed and are great for use at both school and home

Effective Family Engagement Policies Teresa S. McKay, 2021-09-28 Aligned with the National Association for the Education of Young Children s Principles of Effective Family Engagement this book helps early childhood administrators create effective family engagement policies that work For each of the six key principles this accessible guide walks leaders through the process of creating effective policy to engage families in their program Filled with workable documents and templates to thoroughly scaffold the entire process administrators will finish the work ready to implement the policies created or build a plan tailored to their specific program Designed for schools discouraged by the lack of engagement with all

families this book helps leaders strengthen the bond among home school and community

Adolescence Mental Health in School and University Iman Permana ,Herni Susanti,2024-07-29 A school whether run by the government or a private institution is established to prepare adolescents for adulthood In some regions some religious societies have established a comprehensive educational institution supported by their religious competencies requirement in their curriculum along with the national curriculum Adolescence is a period of life that ranges from 10 to 19 years old and expands from school to the early phase of university Adolescents are considered highly susceptible to mental health issues Anxiety depression behavioral disorders and suicidal attempts have been shown to increase before the age of 24 There is a myriad of factors that can contribute to the development of mental health disorders in this context including family parenting style and bullying from peers teachers Failing to address contributing factors may hinder adolescents from fulfilling and sustaining healthy and productive adult lives

Internet Addiction Test for Families (IAT-F) Kimberly Young, Ph.D.,2017-10-01 While the Internet is a relatively new technology that has impacted the world and provided many benefits it has also had negative ramifications Individuals unable to control their use are jeopardizing school employment and relationships The concept of Internet Addiction is used to explain uncontrollable damaging use of technology It is characterized as an impulse control disorder comparable to pathological gambling because of overlapping diagnostic criteria and symptomatology Based on these studies the IAT was constructed to capture the problematic behavior associated with compulsive use of technology including online porn internet gambling and compulsive use of online games and social media The IAT F is for children and adolescents and completed by an informant who knows the youth well The IAT F contains the Parent Child Internet Addiction Test PCIAT a 20 item questionnaire for adolescents and the Problematic and Risky Media Use in Children Checklist an 8 item checklist for use with children Both forms may be completed by a parent or other caregiver that knows the youth well Clinical cut off scores and severity of addiction qualifiers are provided The PCIAT also helps identify which areas of functioning are most impaired including Attention Social Behavior Aggressive Behavior

The Routledge International Handbook of Children, Adolescents and Media Dafna Lemish,2013-07-18 The roles that media play in the lives of children and adolescents as well as their potential implications for their cognitive emotional social and behavioral development have attracted growing research attention in a variety of disciplines The Routledge International Handbook of Children Adolescents and Media analyses a broad range of complementary areas of study including children as media consumers children as active participants in media making and representations of children in the media The handbook presents a collection that spans a variety of disciplines including developmental psychology media studies public health education feminist studies and the sociology of childhood Essays provide a unique intellectual mapping of current knowledge exploring the relationship of children and media in local national and global contexts Divided into five parts each with an introduction explaining the themes and topics covered the handbook features 57 new contributions from 71 leading academics from 38

countries Chapters consider vital questions by analyzing texts audience and institutions including the role of policy and parenting in regulating media for children the relationships between children s on line and off line social networks children s strategies of resistance to persuasive messages in advertising media and the construction of gender and ethnic identities The Handbook s interdisciplinary approach and comprehensive international scope make it an authoritative state of the art guide to the nascent field of Children s Media Studies It will be indispensable for media scholars and professionals policy makers educators and parents
