Leader's Guide for Making Disciples: Faith Formation in the Wesleyan Tradition, Sondra Higgins Mathei [sic] Sara J. Fleming, 2001 Formation in Faith Sondra Higgins Matthaei, 2008-01-01 The ministry of congregations is to make disciples of Jesus Christ Behind that simple and seemingly self evident statement lies a problematic reality however While congregations know that disciple making is at the heart of their identity they often have trouble understanding how to go about it Apart from such traditional Christian education ministries as Sunday school too little formal thinking or planning goes into the task of forming Christians in the faith In this book Sondra Matthaei casts a vision in which congregations open up their life of faith to others as an invitation to connect the universal longing for authentic relationships and deeper meaning with the church's practice of faithful discipleship As folks enter the church's communion of grace Matthaei challenges church leaders to utilize the gifts of every member and lays out a plan to help congregations grow in faith and communion with God and creation including the context and goal of such ministry deciding what to teach and who shall teach and attendant relationships structures and practices **Making Disciples [MobiPocket EBook]** Sondra Matthaei, 2005-04-01 How is it that we come to know ourselves as Christian What were the elements and their interrelationships of John Wesley's work that contributed to spiritual formation for a Christian life Focusing on matters of formation and transformation in faith Sondra Matthaei answers such questions in light of early Methodist practices of formation Through research and dialogue with Wesleyan scholarship and constructive proposals related to the life of the church this insightful study encourages faithful and imaginative approaches to spiritual formation in churches today Key Features Focus is on matters of formation and transformation in faith Answers the question How do we come to know ourselves as Christian Analyzes these questions in light early Methodist practices of formation and an ecology of education within the Methodist movement Key Benefits The reader will understand John Wesley's idea of character formation and moral transformation The reader will understand how

Making Disciples in a World Parish Paul W.

Chilcote,2011-04-01 In this collection of inspirational and challenging essays Methodists from around the globe reflect on the practice of disciple making in their own contexts From their own perspectives they address questions like What are the challenges you face What biblical images shape your missional practice What examples of Christian authenticity inspire your communities What gifts related to mission and evangelism do you offer the global community of faith Churches on every continent have their own stories of struggle and faithfulness Indeed each distinct community within any given region has a voice of its own that deserves to be heard The voices included in this volume belong to women and men alike Likewise they resound with the accents of Africa and Asia Latin and North America Europe and Oceania Each voice is distinct but all articulate a vision of faith made effective through love In a world characterized variously by poverty and violence as well as prosperity and peace the church must reclaim its central mission to make disciples of Jesus Christ In their effort to articulate a vision of mission and evangelism the contributors to this volume bear witness to the fact that we can no longer do this work in isolation from one another To be the ambassadors of the gospel we need each other and we need to pay attention to the voices that sound different from our own This volume takes a large step in that vital direction

John Wesley Prof. Kenneth J. Collins,2003-06-01 John Wesley A Theological Journey has been nominated for a Wesleyan Theological Society Book Award Abingdon Press would like to congratulate Kenneth Collins on this

honor John Wesley remains a seminal figure not only for the people called Methodist but also within the larger Protestant tradition Understanding his theology is a requirement for understanding the development of the Western Christian tradition in the modern period In recent years much work has been done to grasp the intricacies of Wesley s theology However most of this work has been thematic in organization studying Wesley s thought according to a topical or systematic outline The weakness of this approach argues Kenneth J Collins is that it fails to demonstrate the evolution and changes of Wesley s theology What is called for is a historical presentation one that examines the development of Wesley s theology across the span of his long and eventful theological career Collins thus provides a chronological presentation of the development of Wesley s theology Drawing on an extensive examination of the primary sources and demonstrating an intimate knowledge of the different contexts and social locations in which Wesley s theology took place John Wesley A Theological Journey will be necessary reading for anyone wishing to understand the broad scope of the Methodist leader s theological development and contribution

Is There a Future for God's Love? Henry H. Knight, 2012 Is postmodernism right Henry Knight says No by interpreting evangelical theology s insistence on religious experience and the transformed heart that is faithfully lived out in community

The Evangelistic Love of God & Neighbor Bishop Scott J. Jones, 2010-08-01 There are it seems as many definitions of the term evangelism as there are people doing the defining For some it means proclaiming the gospel to those who have not heard it To others it means making disciples of Jesus Christ To others it means working for the transformation of the world into the kingdom of God For still others it has principally to do with building vibrant healthy congregations Underlying this confusion is a fundamental inability to locate the practice of evangelism within one s overall theological convictions We will never understand the part that proclamation disciple making kingdom building and church growth play in evangelism until we first ask a more important question What does evangelism have to do with who God is What is it we know about God that makes evangelism a central part of what it means to be Christian In this comprehensive theology of evangelism Scott J Jones proposes to ground the practice of evangelism in an understanding of God s love for the world specifically as seen in the incarnation of God in Christ In Jesus God took on all of what it means to be human Because of this evangelism must be a ministry to the whole person The typical distinctions between soul winning social action and church growth evaporate individual conversion and acts of mercy are part of the same ministry of bringing persons more fully into the reign of a loving God

Unleashed Peter J. Bellini, 2018-10-31 The ministry of casting out demons is either entirely dismissed on one hand or misused and abused on the other A closed system natural worldview utterly rejects the notion of a spirit world with spirit beings To the other extreme some shortsighted deliverance ministries reject the validity of the health professions and identify every problem in the life of the believer as demonic The theology of these ministries fails to account for the power of the cross and its daily application in the life of the believer as the normal way in which God delivers from sin and evil All challenges in the life of the believer do not necessitate a deliverance session Unleashed is a book that offers a

balanced perspective on these matters including an instrument that can be used to assist in discerning the probable need for deliverance The C1 13 instrument is revolutionary transcending the usual inventories by applying variables that are key factors to differentiating degrees of demonic influence The instrument is also distinct due to its integrative approach that cross references the work of other professional fields to arrive at a comprehensive picture of the problem and thus a more extensive and effective treatment

A Crown and a Cross Andrew Goodhead, 2010-04-09 This book critically reviews the origins development and decline of the Class Meeting Beginning with an overview of the religious and societal milieu from the sixteenth century and examining the heritage of John and Charles Wesley the inheritance John Wesley took from the past is studied The rise of the Anglican Unitary Societies is considered and Wesley's active work within those societies drawn out The arrival of the Moravians in London in 1738 to form a group for Germans resident in London influenced many of the Anglican society members not least the Wesley brothers These influences are also considered before the Methodist movement and particularly the Class Meeting are considered in detail This book is unique in its drawing together the manner of religious association experienced in the Evangelical Revival and aims to show how Methodism was a fusion of pre existing ideas formed into a new working model of religious association Paramount to the success of the early Methodist was the Class Meeting This book draws on testimony diary and journal records to provide first hand accounts of people's lives being changed through attendance at the Class Meeting and its making possible growth in grace and holiness In the early period of Methodism the Class Meeting was the crown to Methodist identity An analysis of the primary aims of this meeting which gave the Methodist people their distinct characteristics is followed by a study of the social identity and group processes that occurred when prospective members considered joining the Methodists The decline of the Class Meeting to 1791 forms the concluding chapters and using three classic sociological models Weber routinisation Durkheim totemism and Troeltsch primary secondary religion as themes the reasons why the class became a cross are examined Journal diary and testimonial material support the Methodists declining interest in the class that led to its irrelevance for a people seeking respectability rather than an immediate encounter with God
