Living Your Magic Robert Anthony, 2019-09-03 Living Your Magic lays out how life when people really look at it is like a magic trick A magic trick works because of illusion and misdirection And with all sorts of tricks of the mind human thinking and perception works just like a magic trick When people don't understand how the trick is done they get fooled every time In Living Your Magic Dr Robert Anthony teaches readers how to look at their life before the trick or the illusions happens and how to never be fooled again Rather than following the same flawed premise behind almost every self help therapeutic or personal development methodology that projects people having a separate self that needs fixing Living Your Magic sees that self as an illusion The problem is that most people don't recognize it as an illusion and believe they must change or improve their self before they can be happy and live a magical life Dr Anthony reveals that everyone has an Inner Creative Genius that allows them to live a magical life if people would only learn to trust it and get out of their own way In that way life becomes easier by giving people less to think about less to remember and less to do so they can truly enjoy their mind and enjoy their life

Collective Genius Linda A. Hill, Greg Brandeau, Emily Truelove, Kent Lineback, 2014-05-13 Named one of 10 Management Classics for 2022 by Thinkers50 Why can some organizations innovate time and again while most cannot You might think the key to innovation is attracting exceptional creative talent Or making the right investments Or breaking down organizational silos All of these things may help but there's only one way to ensure sustained innovation you need to lead it and with a special kind of leadership Collective Genius shows you how Preeminent leadership scholar Linda Hill along with former Pixar tech wizard Greg Brandeau MIT researcher Emily Truelove and Being the Boss coauthor Kent Lineback found among leaders a widely shared and mistaken assumption that a good leader in all other respects would also be an effective leader of innovation The truth is leading innovation takes a distinctive kind of leadership one that unleashes and harnesses the collective genius of the people in the organization Using vivid stories of individual leaders at companies like Volkswagen Google eBay and Pfizer as well as nonprofits and international government agencies the authors show how successful leaders of innovation don't create a vision and try to make innovation happen themselves Rather they create and sustain a culture where innovation is allowed to happen again and again an environment where people are both willing and able to do the hard work that innovative problem solving requires Collective Genius will not only inspire you it

will give you the concrete practical guidance you need to build innovation into the fabric of your business **Making It Up**
