Watcha Thinkin? Tim Wascomb, 2022-11-03 It is funny how our mind works We have things happen to us every day that effects how our tomorrow is going to be So by knowing how we can deal with the unwanted changes that we all face hopefully later but sometimes sooner if we can understand how to make changes in our life that can assist in adapting to those changes whether it is our mind or physical health what we eat and drink and how we sleep it would be great to have the upper advantage on all these things Well you are reading about a great start that can shed some light on benefits to help to return or even keep you from not being able to do what you want to do because of the changes that are unwanted There is one exercise in the book that will change the rest of your life along with many more that can assist you in keeping a balance in fitness So you can do the things you want to do or used to do It all begins with a mind set and how do we get that kind of mind set It is between these two covers Do yourself a favor jump in and get the benefits of Whatcha Thinkin I would love to hear the benefits you are getting by reading and following the suggestions in this life changing adventure inside
