## **Making Minnesota Territory 1849 1858:**

Making Minnesota Territory, 1849-1858 Anne R. Kaplan, Marilyn Ziebarth, 1999 In this lively collection of essays historians reassess the events and meaning of Minnesota Territory 150 years after its creation They describe how its birth in 1849 during the growing national conflict over slavery forever changed the lives of Minnesota s native and mixed blood residents Reinterpreting the rush to statehood in 1858 these writers offer fresh insights into the roles played by wildly optimistic territorial promoters and the no holds barred newspapers of the time Back cover Minnesota Territory, 1849-1858 ,1999 Activities and stories about Minnesota in the years before it became a state Home page **Stillwater, Minnesota** Holly Day, Sherman Wick, 2016-10-10 The riverfront always drew people to Stillwater The Ojibwe and Dakota first settled here later striking a treaty with Europeans who quickly realized the St Croix River s potential as an ideal way to move lumber One of the first to float logs down the river was Captain Stephen Hanks cousin to Abraham Lincoln The lumber business gave birth to Minnesota s first millionaire as the city grew and Stillwater received one of the state s first Carnegie grants for a free public library Meanwhile the state prison saw notorious gangster Cole Younger found the Prison Mirror in 1887 now the nation s oldest continuously operated offender newspaper Authors Holly Day and Sherman Wick celebrate the history and charm of one of Minnesota s finest cities from the frontier to today **The Civil War and the West** Carol L. Higham, 2013-10-01 Between 1800 and the Civil War the American West evolved from a region to territories to states This book depicts the development of the antebellum West from the perspective of a resident of the Western frontier What happened in the West in the lead up to and during the American Civil War The Civil War and the West The Frontier Transformed provides a clear and complete answer to this question The work succinctly overviews the West during the antebellum period from 1800 to 1862 supplying thematic chapters that explain how key elements and characteristics of the West created conflict and division that differed from those in the East during the Civil War It looks at how these issues influenced the military settlement and internal territorial conflicts about statehood in each region and treats the Cherokee and other Indian nations as important actors in the development of a national narrative *The Origin Story of Fort Road/West Seventh Street, the Township/City of Saint Paul, the Territory/State of Minnesota: Glacial Age Forward* Joseph Landsberger, 2025-08-01 The relationship of a people to the lands where they live is crucial for understanding their history and culture From Bdote to Imnizha ska from Fort Snelling to Seven Corners the West End in Saint Paul Minnesota has had a complex geologic and demographic history These origins elucidate settlement patterns beginning with Native peoples particularly the eastern Dakota Successive evolution dates from extractive European colonialism beginning with French explorers traders and missionaries However a m tis population is soon displaced by East Coast claimants and speculators following acquisition of Native lands With the opening of those lands to settlement early working class European settler immigrants from Bavaria Bohemia and Baden W rtemberg drained swamps and cleared the Big Woods who worked and built

who organized and socialized Successive waves included Italians Irish Blacks Jews et al They built what has become the oldest housing stock and commercial strip of the State of Minnesota Fast forward to post World War II times the stresses of these same inner city neighborhoods are reclaimed by a dynamic activist group of neighbors who resist urban renewal plans While neighborhoods from east to west from Irvine Park to Kipps Glenn were saved historic sites including the Schmidt Brewery complex and Czech and Slovak hall achieved national historic prominence parks community centers schools churches streetscapes were restored often in response to destructive efforts that diminished not only their cultural importance but also environmental as relates to the Mississippi River its bluffs and terraces

*Conflicted Mission* Linda M. Clemmons, 2014 From the mid 1830s to the 1860s the missionaries sent to Minnesota by the American Board of Commissioners for Foreign Missions ABCFM wrote thousands of letters to their supervisors and supporters claiming success in converting the Dakota people But author Linda M Clemmons reveals that the reality of the situation was far more conflicted than what those written records would suggest In fact in the rough Minnesota territory missionaries often found themselves looking to the Dakota for support The missionaries and their wives struggled to define what it meant to convert and civilize Dakota people And although many scholars depict missionaries as working hand in hand with the federal government Clemmons reveals discord over the Dakota people's treatment especially after the U S Dakota War of 1862 when many missionaries spoke out against exile The missionaries found that work with the Dakota was rarely as heroic romantic or successful as what they read about in the evangelical press but at the same time they themselves painted a rosier picture of their own work      **38 Nooses** Scott W. Berg, 2013-09-10 A Kirkus Reviews Best Book of the Year In

August 1862 after suffering decades of hardship broken treaties and relentless encroachment on their land the Dakota leader Little Crow reluctantly agreed that his people must go to war After six weeks of fighting the uprising was smashed thousands of Indians were taken prisoner by the US army and 303 Dakotas were sentenced to death President Lincoln embroiled in the most devastating period of the Civil War personally intervened to save the lives of 265 of the condemned men but in the end 38 Dakota men would be hanged in the largest government sanctioned execution in U S history Writing with uncommon immediacy and insight Scott W Berg details these events within the larger context of the Civil War the history of the Dakota people and the subsequent United States Indian wars and brings to life this overlooked but seminal moment in American history      **The State We're in** Annette Atkins, Deborah L. Miller, 2010 Minnesota historians present recent and

in advance of American settlement and re investing fur trade profits in land town sites banks and transportation The Bourgeois Frontier provides the missing French connection between the urban Midwest and western expansion

**Female Husbands** Jen Manion, 2020-03-26 Long before people identified as transgender or lesbian there were female husbands and the women who loved them Female husbands people assigned female who transed gender lived as men and married women were true queer pioneers Moving deftly from the colonial era to just before the First World War Jen Manion uncovers the riveting and very personal stories of ordinary people who lived as men despite tremendous risk danger violence and threat of punishment Female Husbands weaves the story of their lives in relation to broader social economic and political developments in the United States and the United Kingdom while also exploring how attitudes towards female husbands shifted in relation to transformations in gender politics and women s rights

ultimately leading to the demise of the category of female husband in the early twentieth century Groundbreaking and influential *Female Husbands* offers a dynamic varied and complex history of the LGBTQ past *The Making of the Populist Movement* Adam Slez, 2020-08-11 When it comes to explaining the origins of electoral populism in the United States we often look to the characteristics and conditions of voters overlooking the reasons why populist candidates emerge in the first place In *The Making of the Populist Movement* Adam Slez argues that the rise of electoral populism in the American West was a strategic response to a political environment in which the configuration of positions was literally locked in place precluding the success of new contenders or otherwise marginal competitors Combining traditional forms of historical inquiry with innovations in network analysis and spatial statistics he shows how the expansion of state and market drove the push for market regulation in southern Dakota where an insurgent farmers movement looked to third party alternatives as a means of affecting change In the context of western settlement the struggle for political power was synonymous with the struggle for position in an emerging urban hierarchy As inequities in the spatial distribution of resources became more pronounced appeals to agrarian populism became a powerful political tool with which to wage partisan war Offering a fresh take on the origins of electoral populism in the United States *The Making of the Populist Movement* contributes to our understanding of political action by explicitly linking the evolution of the political field to the transformation of physical space through concerted action on the part of elites
