away and a cemetery further up the road It doesn't take long to discover that the mansion is inhabited by a crazy old man who is the only living descendant of a once rich and powerful family Everyone in town knows the horrific legend of the mansion Everybody knows of the tales that tie the mansion and the cemetery to Russell's new house On the surface no one admits these places are really haunted However everyone is still afraid of them The notorious spot in the cemetery is considered a children's story of a grave that doesn't exist Still he must go there to answer the questions that will rid his home of its supernatural inhabitants He must brave the infamous cemetery and the haunted mansion with its deadly resident in order to save himself from the unwanted guests in his new home There is only one person who is willing to aid in his fight to save his house and survive Unfortunately that person is already dead
