The Meditator's Dilemma Bill Morgan, 2016-05-31. Through time-tested teachings and exercises, *The Meditator's Dilemma* shows you how to deepen your meditation practice while cultivating ease and delight for both beginners and longtime practitioners. When practiced regularly, meditation naturally deepens self-awareness and leads to spiritual transformation. In our hyper-instant gratification culture, however, most people miss out on those powerful outcomes because it's hard to commit to a long-term practice. Despite the increasing popularity of mindfulness and its documented mental health benefits, the silent majority of meditators struggle to maintain a regular practice. In fact, research indicates that more than fifty percent of meditators give up on the practice. This is the elephant in the meditation room. *The Meditator's Dilemma*, written by a psychologist with forty years' experience practicing and teaching meditation, confronts this problem and its causes and provides specific, accessible techniques and exercises that greatly enhance everyday meditation practice. Bill Morgan's teachings and guided meditation exercises are designed to generate the all-too-missing delight and enjoyment in meditation. The concept of the holding environment, central to positive outcome in psychotherapy, is the *raison d'être* for these techniques. In psychotherapy, the holding environment comprises the trusting, secure, empathic milieu created by the caring therapist. An indirect benefit of these techniques is the capacity to create a nurturing, safe space in any relational context, with a mentor in a conversation with a dear friend or in a beautiful natural setting. When we are in a holding environment, we feel alive, connected, and relaxed. *The Meditator's Dilemma* teaches Western meditators to cultivate an internal holding environment that results in an attitude of relaxed curiosity and exploration toward their meditation practice, leading to greater success and staying power.
