Miracles Of Christ Miracles In The Bible Series Volume 2:

Bible Understanding Made Easy (Vol 2) Anthony L. Norwood, 2009-07-27 Bible Understanding Made Easy is a series of books used to inspire and teach the Word of God to sincere souls trying to draw closer to God. This volume is dedicated to building understanding of the life of Jesus Christ as taught by the book of Matthew. The world has been intrigued by the life and teachings of Jesus Christ for nearly 2 000 years to this date. This is for good reason. He is a wonderful Lord and Savior. He is also the Master teacher. All mankind must know Him in order to be saved. Knowledge of His will for our lives brings peace and joy to one's soul. This work is dedicated to showing the world the peace and joy of Jesus Christ by a more in depth study of who He is and what He offers to mankind. The method of teaching used in this book was purposely kept as simple as possible so that beginning students of the Bible can be inspired and build a rich foundation of understanding the Bible that will last a lifetime. This volume is more in depth than the first installment of this series entitled Bible Understanding Made Easy Volume 1 The Old Testament. This is because more time is devoted to studying verse by verse and small groups of verses. Lastly as an added bonus there are many life application style mini lessons that Christians of today can use to help build faith encourage and inspire sincere folks to maintain a personal relationship with Jesus Christ. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship. Jesus' life and teaching is important to every question we ask about what we believe and why we believe it. And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars. Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas. From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources. *A History of the Quests for the Historical Jesus* not only chronicles the developments but lays the groundwork for the way forward. The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings. Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers. Colin Brown was almost finished with the manuscript at the

time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates
