When 13-year-old Emma bumps into her old friend Abby on the bus one Saturday afternoon, she later realizes that she was the last person to see Abby before her mysterious disappearance. **The Missing Heiress** Kate Jennings, 2011-05-31. Why would someone want to kidnap the Earl of Riverton's baby daughter? Could it be for revenge? Ransom? A disgruntled servant? Perhaps some woman just wants a child. After exhausting every possible lead, the child still remains missing, and the family is devastated. Can the family recover from such heartache? Years later, a young woman accepts the position of governess to the Duke of Gladwell's daughters. The Duke is the uncle of the baby girl kidnapped years earlier from the Earl and Countess of Riverton. Evie Stanton, the new governess, has lost both her parents and must work to earn a living. She arrives in London to take up her position and through many strange occurrences finds that the parents who raised her are not her birth parents but adoptive ones. After arriving in London, she meets the Duke's relations who introduce her to several young gentlemen of the ton. One, in particular, the Marquess of Waverly, is taken with her and proceeds to seek her out at every opportunity. What could he want with her? She is not looking for a suitor, and she is below his station anyway. Yet every time she is in his presence, there are tremors that run through her entire being. What is wrong with her? He really is a handsome devil, but he cannot want anything honorable, can he? She will just have to avoid him at all costs or chance losing her heart to a rogue. Special Forces Cadets 2: Missing Chris Ryan, 2019-05-02. From the bestselling author of *STRIKE BACK*, Chris Ryan returns with the second in his new action-packed series. Tough enough. Smart enough. Jack will require all his skills just to stay alive as a Special Forces Cadet. In this second book, the cadets are sent to North Korea. A British agent investigating the rogue state's nuclear capabilities has gone missing. The secretive nature of life in Pyongyang means that unfamiliar adults would be attracted to suspicion and fall under immediate surveillance. So the cadets form part of a young pioneers' tour to the North Korean capital. Once there, they must use their skills and training to find out more about the missing agent. In the course of their investigations, they forget the one rule every undercover operator must obey: trust nobody. When a local teenager they befriend betrays his suspicions to the North Korean secret police, the young cadets must use all their skill to escape the authorities and the country. But can they locate the British agent at the same time? *Shiver*
