**Missing in the Himalayas** Dr. Carl Frey Constein, 2005-04-21 Returning to India from China on November 3 1944 WWII C 46 996 calls an ominous Mayday The author himself a Hump pilot on a mission that horrendous night recalls the violent storms Nothing more is heard from cargo plane 996 Sixty years later a Tibetan hunter wanders onto the crashed plane at 14 000 feet An MIA Team based in Hawaii is dispatched to Tibet to excavate and search the crash site Missing in the Himalayas connects the dots between the C 46 s crash in 1944 and its excavation in 2004 between a gallant aircrew in WWII and a dedicated MIA recovery team today The book narrates the high risk adventure in detail an anatomy of an MIA mission Illustrated with dramatic photographs Missing in the Himalayas is of special interest to pilots and aviation enthusiasts to mountaineers and to WWII history buffs Aficionados of the CBI theater and the Hump will find the book of particular interest

Missing in the Himalayas Carl Frey Constein, 2005-04 Have you ever wondered why it is that different spiritual beliefs are so similar to each other Is it just coincidence or is there something more to it something beyond the ordinary that must account for it It may be that one belief system simply derives from another one Originally there was an insight captured by a certain individual and then connected by time and along certain geographical lines it spreads to other peoples With slight variations it continues largely as it was originally established To be sure this sort of thing happens Yet there are those cases where different sages or wise men who have little or nothing to do with each other in terms of time or geography uncannily espouse the same ideas the same spiritual understandings They speak with one voice as it were In today s times when the philosophy of materialism is still ruling our souls the idea that there could be a natural spiritual connection between the soul and the mystery of the beyond probably does not sit well with many It opens up a whole can of worms Is there a metaphysical realm Are we more than biochemicals Did we not put to rest that silly notion of the soul a long time ago For those of you committed to materialism I ask you to open up your minds and consider the perspective of the three masters I present to you Lao Tsu Buddha and Jesus Though Lao Tsu and Buddha lived around the same time they were clearly separated by geography Jesus was separated from both of them by a good deal of time and there is no solid evidence that he had any contact with their ideas Yet time and time again they formulate the same perspectives the same teachings for advanced spiritual living I found myself of necessity picturing an entire realm separate from the rigid world of matter a realm of pure Spirit through which one can contact the mysterious mystical Source of all Being These three masters reached higher than most of us ever will But does it not stand to reason that we too have the capacity to connect to Spirit like these three did In our own way To our own degree This book Common Hearts Common Minds will demonstrate to you example after example how each man spoke the same truth and in the process may just give you a new way of life that you will choose to follow
