Missions and Money Jon Bonk, 2006 This revised edition of *Missions and Money* offers new reflections in the light of a changed situation in Christian missionary circles Bonk offers new reflections in the light of a changed situation now marked by increases in the number of short term missionaries and increases in the numbers of Asians Africans and Latin Americans leaving their homelands to serve as missionaries to other people The conversation on the ambiguity of wealth and Christian missionary outreach is deepened with essays by Christopher J H Wright on the righteous rich in the Hebrew Bible and by Justo Gonzalez on faith and wealth in the Christian Bible and the early church Book jacket

The Transformation of Missions in the Twenty-First Century Carrie A. Miles, 2025-08-21 Drawing on interviews with founders of independent missions field work in Africa India and Haiti and her experience as director of an independent mission Carrie A Miles explores the challenges and strengths of missions built on interpersonal relationships and spiritual capital This book examines the rise of a new movement within Global Christianity the independent mission Once death defying residential lifelong commitments undertaken and supported by career professionals a growing number of international missions are now small agencies operating without institutional support and undertaken by volunteers who travel occasionally to the mission field but who live and work at home Focusing on the importance of culturally respectful collaborations with national partners this book also deals with the harm caused by missionaries who do not share that orientation In a compelling example Miles recounts her discovery that early missionaries to East Africa taught that God cursed humankind in Creation Making no attempt to understand the meaning of curses in traditional religions however the missionaries created a devastating syncretism that persists to this day *The Transformation of Missions in the Twenty First Century* Cross Cultural Partnership without Syncretism argues that in requiring cross cultural awareness to operate the constraints of working independently are

Missions and Unity Norman E. Thomas,2010-11-01 This study is the first comprehensive history of the impact of the modern missionary movement on the understanding of and work toward Christian unity It tells stories from all branches of the church Roman Catholic Orthodox and Protestant in its many types conciliar evangelical Pentecostal and independent Part 1 Historical highlights the contribution of modern missions to Christian unity from William Carey and his antecedents and peers to present day missions Part 2 Ten Models of Unity takes an inductive approach to history asking not how should Christians cooperate but how has the missionary movement helped Christians to work together at the local national regional and global level Part 3 Wider Ecumenism broadens the evidence to include how the missions movement has helped not only institutional churches but also broader society to have concern for the unity of the entire human family Included here is the story of how the Protestant missionary movement influenced the forming of the United Nations as well as the drafting of the Universal Declaration of Human Rights The study also covers the movement s impact on Christian attitudes toward and relations with persons of other faiths Mission and Unity is the standard reference work in the field for persons studying modern history modern church history missions and ecumenics *American Missions in Bicentennial Perspective* American Society of Missiology,Robert Pierce Beaver,1977 **Missions in the Third Millenium** Stan Guthrie,2014-08-05

Christianity is the world s most global faith Meanwhile evangelical Christianity is the world s fastest growing major religion in terms of conversion growth And yet at the dawn of the third millennium the church s primary task to go and make disciples of all nations remains undone Missions in the Third Millennium charts twenty one trends both positive and negative with continuing significance for the Great Commission community in the twenty first century Revised and updated to include two new chapters on urban missions and evangelizing Muslims this up to date volume offers insights to help students churches missionaries agencies and Christians from outside the West grasp the big picture and take practical steps for more effective involvement This edition contains extensive notes expanded suggestions for further reading and discussion

questions Reach and Teach: Steve Curtis,2016-08-30 Many churches are involved in short term mission trips Most of these trips however are focused on economic or social development projects coupled with relational evangelism Not many are focused on discipleship or more specifically training indigenous pastors in the essential doctrines of the faith so that they can in turn disciple their church In fact reproducible models for in depth theological education during short term missions are rare As a missionary presently ministering in a number of underdeveloped nations Steve Curtis has witnessed the need for and potential benefit of such models The reality is that there are countless pastors throughout the majority world who have had little to no formal training in Bible or doctrine This book suggests a practical way that churches can use their short term missions program together with their adult discipleship program to help meet this critical global need **Invitation to World Missions** Timothy C. Tennent,2010 A primary resource introducing missions for the passionate follower of Christ

Interdenominational Faith Missions in Africa Klaus Fiedler, 2018-03-13 It was not the European and American churches which evangelised Africa but the mission societies The missions from the Great Awakening such as the London Missionary Society and Church Missionary Society or the Holy Ghost Fathers and the White Fathers which started the process of Sub Saharan Africa becoming a Christian continent are well known and documented Less known and less documented are the interdenominational faith missions which began in 1873 with the aim of visiting the still unreached areas of Africa North Africa the Sudan Belt and the Congo Basin Missions such as the Africa Inland Mission or Sudan Interior Mission gave birth to some of the big churches like ECWA in Nigeria and Africa Inland Church in Kenya It is the aim of this book to describe faith missions and their theology and to present an overview of the early development of faith missions insofar as they touched Africa

A Study of the Emergence and Early Development of Selected Protestant Chinese Churches in the Philippines Jean Uy Uayan, 2017-06-30 Dr Jean Uayan comprehensively weaves the story of six Protestant Chinese churches in the Philippines into the local history of their individual settings in this important study Uncovering new insight and historical information from extensive primary and secondary sources Uayan presents a rich and previously unacknowledged heritage and support from four American mission organisations during the US occupation from 1898 1946 The seeds sown amongst Chinese communities across the Philippines resulted in indigenous churches that took differing journeys to full independence and now are also bearing fruit in missionary activity in South Fujian China This book is an important contribution towards a global church history acknowledging the work of the Holy Spirit establishing and building up the church of Jesus Christ among the nations

Pentecostals, Proselytization, and Anti-Christian Violence in Contemporary India Chad M. Bauman, 2015-02-02 Every year there are several hundred attacks on India's Christians These attacks are carried out by violent anti minority activists many of them provoked by what they perceive to be a Christian propensity for aggressive proselytization or by rumored or real conversions to the faith Pentecostals are disproportionately targeted Drawing on extensive interviews ethnographic work and a vast scholarly literature on interreligious violence Hindu nationalism and Christianity in India Chad Bauman examines this phenomenon While some of the factors in the targeting of Pentecostals are obvious and expected their relatively greater evangelical assertiveness for instance other significant factors are less acknowledged and more surprising marginalization of Pentecostals by mainstream Christians the social location of Pentecostal Christians and transnational flows of missionary personnel theories and funds A detailed analysis of Indian Christian history contemporary Indian politics Indian social and cultural characteristics and Pentecostal belief and practice this volume sheds important light on a troubling fact of contemporary Indian life

Dictionary of Mission Karl Muller, Theo Sundermeier, Stephen B. Bevans, Richard H. Bliese, 2006-01-30 Conceived and developed by two of Europe's most eminent

missiologists in the country where the scientific and sustained study of mission first took shape the Dictionary of Mission represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the Dictionary of Mission is a road map through this exciting and challenging terrain from the Foreword
