Alternative Pursuits for America's 3rd Century Louisa Messolonghites,1974 Explores the potential for alternative approaches to drug prevention **Remixing Composition** Jason Palmeri,2012-03-19 Jason Palmeri s Remixing Composition A History of Multimodal Writing Pedagogy challenges the longheld notion that the study and practice of composition has historically focused on words alone Palmeri revisits many of the classic texts of composition theory from the 1960s 1970s and 1980s closely examining how past compositionists responded to new media He reveals that long before the rise of personal computers and the graphic web compositionists employed analog multimedia technologies in the teaching of composition Palmeri discovers these early scholars anticipated many of our current interests in composing with visual audio and video texts Using the concept of the remix Palmeri outlines practical pedagogical suggestions for how writing teachers can build upon this heritage with digital activities assignments and curricula that meet the needs of contemporary students He details a pluralist vision of composition pedagogy that explains the ways that writing teachers can synthesize expressivist cognitive and social epistemic approaches Palmeri reveals an expansive history of now forgotten multimodal approaches to composing moving images and sounds and demonstrates how current compositionists can productively remix these past pedagogies to address the challenges and possibilities of the contemporary digital era A strikingly original take on the recent history of composition Remixing Composition is an important work for the future of writing instruction in a digital age **Official Gazette** Philippines,1970 *Contemporary Lithic Analysis in the Southeast* Philip J. Carr,Andrew P. Bradbury,Sarah E. Price,2012-07-13 Representing work by a mixture of veterans and a new generation of lithic analysts Contemporary Lithic Analysis in the Southeast explores fresh ideas while reworking and pushing the limits of traditional methods and hypotheses The variability in the southeastern lithic landscape over space and through time makes it a dynamic and challenging region for archaeologists Demonstrating a holistic approach and using a variety of methods this volume aims to derive information regarding prehistoric lifeways from lithic assemblages The contributors use data from a wide temporal span and a variety of sites across the Southeast ranging from Texas to South Carolina and from Florida to Kentucky Not merely cautionary tales

these case studies demonstrate the necessity of looking beyond the bag of lithic material sitting in the laboratory to address the key questions in the organization of prehistoric lithic technologies How do field collection strategies bias our interpretations What is the relationship between technological strategies and tool design How can inferences regarding social and economic strategies be made from lithic assemblages Contributors William Andrefsky Jr Andrew P Bradbury Philip J Carr Carolyn Conklin D Randall Cooper Jason L Edmonds Jay D Franklin Albert C Goodyear III Joel Hardison Lucinda M Langston D Shane Miller George H Odell Charlotte D Pevny Tara L Potts Sarah E Price Douglas Sain Sarah C Sherwood Ashley M Smallwood Paul Thacker

An Unlikely Conservative Linda Chavez, 2009-04-30 When President George W Bush nominated Linda Chavez to be Secretary of Labor in January 2001 most political observers saw it as a nod to the right Chavez had made her reputation taking on the civil rights establishment the feminist movement and the multiculturalists What few people knew was that this hard nosed conservative began her career among socialists and labor union officials teaching in college affirmative action programs and writing political propaganda for the Democratic National Committee In An Unlikely Conservative Chavez recounts her political journey from the Young People's Socialist League to the Reagan wing of the Republican Party and the sometimes shocking personal experiences that shaped her views From excrement smeared car seats to threats of attacks with bombs and switchblades she learned quickly that opposing racial quotas and ethnic studies carried a high personal cost But at its core hers is the story of a working class Hispanic girl who overcomes a difficult and painful childhood to become one of America's most prominent political conservatives
