Mixing Up Murder Emmie Lyn, 2025-05-01 Murder wasn't supposed to be on the menu at the Little Dog Diner but that's exactly what we got served anyway Hi I'm Dani Mackenzie and I'm the unfortunate soul who owns said diner Looks like business is going to be slow for a little while as the whole town scrambles to find whodunnit At first I just needed something to keep me busy while on my forced vacation but now as the clues stack up I'm caught in the middle of this crazy mixed up murder And I'll do anything to get to the bottom of what really happened and why it happened in my kitchen Too bad the only known witness to the crime is the victim's terrier Pip and no one believes she bludgeoned her owner to death But if not her then who And perhaps more importantly who's next

Mixing with Murder Ann Granger, 2005-01 The latest mystery featuring young amateur sleuth Fran Varady from the author of the acclaimed Mitchell Markby mysteries **A Treatise on the Criminal Law of the United States** Francis Wharton, 1874 *Race Mixing* Suzanne W. Jones, 2006-02-15 In the southern United States there remains a deep need among both black and white writers to examine the topic of race relations whether they grew up during segregation or belong to the younger generation that graduated from integrated schools In *Race Mixing* Suzanne Jones offers insightful and provocative readings of contemporary novels the work of a wide range of writers black and white established and emerging Their stories explore the possibilities of cross racial friendships examine the repressed history of interracial love reimagine the Civil Rights era through children's eyes herald the reemergence of the racially mixed character investigate acts of racial violence and interrogate both rural and urban racial dynamics Employing a dynamic model of the relationship between text and context Jones shows how more than thirty relevant writers including Madison Smartt Bell Larry Brown Bebe Moore Campbell Thulani Davis Ellen Douglas Ernest Gaines Josephine Humphreys Randall Kenan Reynolds Price Alice Walker and Tom Wolfe illuminate the complexities of the color line and the problems in defining racial identity today While an earlier generation of black and white southern writers challenged the mythic unity of southern communities in order to lay bare racial divisions Jones finds in the novels of contemporary writers a challenge to the mythic sameness within racial communities and a broader definition of community and identity Closely reading these stories about race in America *Race Mixing* ultimately points to new ways of thinking about race relations We need these fictions Jones writes to help us imagine our way out of the social structures and mind sets that mythologize the past fragment

Sarah,2024-04-04 In autumn 1951 a diverse array of Muslim Christian and Jewish students from clubs like the Muslim Brotherhood and the Worker s Vanguard launched a guerrilla struggle against British occupation of the Suez Canal Zone *Revolutionary Emotions in Cold War Egypt* recovers this overshadowed revolution of 1951 and the part played by the Canal struggle in the overthrow of the Egyptian monarchy In a study spanning a half dozen international archives the book delves into the divisive court cases and rousing club newspapers intimate memoirs and personal poetry of Egyptian activists These documents reveal that in the early years of the Cold War morality tales and moral emotions were at the heart of the methods and the successes of Egyptian activists What stories did activists tell and how did the emotional appeals and moral talk of Islamist and communist clubs compare How did Arabic speaking populations negotiate moral norms and what role did emotions like love anger and disgust play in political campaigns Taking a journey through Islamic parables about perilous beaches communist adaptations of Greek myths and popular stories about Juha s Nail and Paul Revere s Ride through the Suez Canal this book uncovers a rich history of activist storytelling These practices uncover the mechanics of morality tales and reveal how activists used narratives to convert emotion to motion and drive social change Still vitally important for readers today such findings shed light on how paramilitary groups and protest movements use moral appeals to attract support and why activist campaigns become the controversial epicentre of polarizing emotional battles **Precedents of**
