I'm a Navy SEAL on a mission to find out what's happening in a politically charged environment. When things go horribly wrong, I find myself saddled with my exact opposite: a female scientist who never runs out of questions or words. Now we're stuck on a deserted island with no way off and information vital to avoiding World War III. Will we make it off the island in time to warn the world what's coming? And will we do it with our hearts still intact?

Book 2: Air power is like oxygen; you need it. I'm a fighter pilot, adrenaline junkie, and there isn't a lot that can scare me. So how can one woman with big eyes and dark hair make my stomach flip-flop? I can't get her off my mind, but our mind-blowing hour together is going to have to stay a memory. That is, until her plane is attacked by terrorists and goes down. I know I have to save her. There's something between us, but the question is: can we stay alive long enough to find out what?

Book 3: I am a warrior not because I always win, but because I always fight. Sam Rusev is the youngest of the brothers, and an Army general. As the biggest of the brothers, he has always felt a need to protect. But the military isn't his career choice forever, and though he rose fast up the ranks, he wants to get out and do something fun with the rest of his life, hopefully with a partner like two of his brothers have. While on leave for his brother's wedding, Sam is called to a mission at the border of Afghanistan. But not before a night on the town and a chance meeting with a girl who rocks his world. When he finds out she is also going on the same mission as an Army doc, he wonders if he can control his desire for her and if their passion is too dangerous for them to survive.

Book 4: A smooth sea never made a skillful sailor. I chose to become a Marine, but that choice came with sacrifices. Instead of living a quiet life with the girl next door, I'm serving my country, facing danger, and keeping those who can't protect themselves safe. Except now my high school sweetheart is back in my life, and she's the one in danger. When an international terrorist group kidnaps her, will I lose her forever just when I've found her again?

Book 1 Love Notes I stood in the elevator all my things in a cardboard box Surrounding me nearly every other employee clutched their own belongings all of us let go on the same day The nerve of that man After taking over as CEO Brad Miller kicked us all out I would never forgive him for that Just three months later there was a job posting for his assistant and I seized the chance to win my way back into the company I was going to make him sorry he ever bought the tech design firm Behind the scenes I would do whatever it took to right his horrific wrong and welcome all my friends back to their old jobs However I wasn't counting on his alarming good looks or the way he made me feel whenever he walked by When he had me book a luxury business trip to Paris I nearly forgot all about sabotaging him That is until he made it very clear that he was looking for more than just an assistant
