Mockingbird Bantam Science Fiction Fantasy

Liz W. Faber

Mockingbird Bantam Science Fiction Fantasy:

Mockingbird Walter S. Tevis, 1981 A futuristic tale set in a world where reading is forbidden citizens are drugged from childhood on and machines dominate humans focuses on two people who teach themselves how to read and how to think independently

Robot Suicide Liz W. Faber, 2023-05-01 In *Robot Suicide* Death Identity and AI in Science Fiction Liz W. Faber blends cultural studies philosophy sociology and medical sciences to show how fictional robots hold up a mirror to our cultural perceptions about suicide and can help us rethink real world policies regarding mental health For decades we've been asking whether we could make a robot live but a new question is whether a living robot could make itself die And if it could how might we humans react Suicide is a longstanding taboo in Western culture particularly in relationship to mental health marginalized identities and individual choice But science fiction offers us space to tackle the taboo by exploring whether and under what circumstances robots as metaphorical stand ins for humans might choose to die Faber looks at a broad range of science fiction from classics like *The Terminator* franchise to recent hits like C Robert Cargill's novel *Sea of Rust*

Science Fiction in Print Charles N. Brown, William Contento, 1986 *The Cross, the Plow and the Skyline* Ernest J. Yanarella, 2022-03-01 The apocalyptic pastoral and urban traditions have fundamentally shaped Western history and influenced American religion culture and politics This book argues that these traditions have not only been decisive in giving form and substance to classic and modern American literature but have been appropriated by contemporary science fiction As a loosely connected set of cultural narratives the *Cross the Plow and the Skyline* have through the medium of science fiction and fantasy provided a bold vista on the future grounded in an emergent ecological imagination In the expanded second edition of the original 2001 publication the author argues that a significant shift has taken place in contemporary Anglo American science fiction and fantasy SF F from twentieth century SF F critically analyzed in the first edition's critical inquiry Avantgarde works in twenty first century speculative fiction extensively examined in representative works in interludes separating the slightly revised original chapters have become darker in their visions of the possible future more focused on slowness over breakneck speed more amenable to gender racial and global diversity in authorship plot and subgenre creation less attached to anchor concepts like the city wilderness and the domesticated landscape in plot development more prone to dystopian and critical dystopian tropes simultaneously more open toward but critical of Young Adult fiction and more supportive of the breakdown of borders and antagonisms between science fiction and fantasy and SF F and literary fiction Ensnared in the cultural social and political zeitgeist of the New Millennium's first two decades these features of twenty first century science fiction and fantasy may yet settle into and inform emergent and pluralistic varieties of ecological politics spreading across the globe and confronting the Earth's social and environmental crises of our times and coming decades

Science Fiction, Fantasy & Horror, 1990 A comprehensive bibliography of books and short fiction published in the English language

Science Fiction and Fantasy Literature, 1975-1991 R. Reginald, Mary Wickizer

Burgess, Daryl Furumi Mallett, 1992 Science fiction constitutes one of the largest and most widely read genres in literature and this reference provides bibliographical data on some 20 000 science fiction fantasy and horror fiction books as well as nonfiction monographs about the literature A companion to Reginald's Science Fiction and Fantasy Literature 1700 1974 Gale 1979 the present volume is alphabetically arranged by approximately 10 000 author names The entry for each individual work includes title publisher date and place published number of pages hardbound or paperback format and type of book novel anthology etc Where appropriate entries also provide translation notes series information pseudonyms and remarks on special features such as celebrity introductions Includes indexes of titles series awards and doubles for locating volumes containing two novels Annotation copyright by Book News Inc Portland OR The Way to Ground Zero Martha A. Bartter, 1988-10-24 Bartter surveys 250 American science fiction stories and American SF novels with occasional overlaps of stories made into episodic novels that have some relationship often direct sometimes marginal to atomic weapons and their effects Highly recommended for popular literature collections Choice Divided into three principal parts The Way to Ground Zero begins by exploring The Way to Hiroshima Through a detailed analysis of the works included Bartter reveals the sociopolitical assumptions that authors took for granted and develops a method by which these assumptions can be disclosed She shows that encoded in these fictions we can find the patterns that led us to create and use the atomic bomb In the second section Bartter looks at the deeper assumptions on which these sociopolitical assumptions rest focusing particularly on those which perpetuate considerations of nuclear war both in science fiction and in actual policy making Finally Bartter explores alternative assumptions proposed by innovative science fiction writers Throughout an attempt is made to forge a deeper understanding of the ways in which science fiction both reflects and influences human and international relations Students of science fiction and of literature and politics will find Bartter's work enlightening provocative reading Bartter argues that a close examination of American fiction particularly science fiction can offer important new insights into the events surrounding the bombing of Hiroshima in 1945 The use of an atomic bomb to end the war followed a scenario long established in science fiction defeating our enemy with a super weapon developed by native technological genius By examining the interrelationship between this persistent plot device and the development and use of a real super weapon Bartter sheds new light on the transactional role of literature and real life Her analysis is based on a comprehensive theory of human nature substantiated by exhaustive research in science fiction archives and libraries and covers a large number of stories both well known and relatively obscure featuring super weapons or super war and published by American authors

Fantasy Newsletter, 1981 *Science Fiction Book Review Index*, 1973 **The Transcendent Adventure** Robert Reilly, 1985-01-24 **Re-Entry** Paul Preuss, 1981-02 Through the space time hyperfold of a double black hole Holder will journey backward through time into one of a billion other possible realities By reliving his youth on a primitive planet he hopes to change the shape of his destiny Pursued by a beautiful assassin and used by an old woman whose secret

experiments have achieved the unthinkable Holder will defy probability and save a universe on the edge of destruction Back cover
The Grey Mane of Morning Joy Chant,1982 A vicious act of greed that wrecked the world The Khentors on their great Horned Horses had wandered the Great Plain for longer than memory and in all that time the magnificent Golden People with their red metal spears and walled towns had been Masters of the Khentorei That the Golden Ones should take women as tribute was not unusual But now they had taken Nai a priestess and not just a priestess for Nai Chosen of the Gods was the Luck of her Tribe and sister to Mor anh named for the Lightning Spear of the Sky The Golden Ones had loosed a force they did not understand a force that would write its fiery vengeance across the face of their world and shatter it forever

The Ballad of Beta 2 Samuel R. Delany,1982 The Year's Best Science Fiction: Sixteenth Annual Collection Gardner Dozois,1999-07-30 The past through tomorrow are boldly imagined and reinvented in the twenty five stories collected in this showcase anthology Many of the field s finest practitioners are represented here along with stories from promising newcomers including William Barton Rob Chilson Tony Daniel Cory Doctorow Jim Grimsley Gwyneth Jones Chris Lawson Ian McDonald Robert Reed William Browning Spencer Allen Steele Michael Swanwick Howard Waldrop Cherry Wilder Liz Williams A useful list of honorable mentions and Dozois s insightful summation of the year in sf round out this anthology making it indispensable for anyone interested in SF today The Seren Cenacles Warren Norwood,Ralph Mylius,1983 A mysterious mining disaster hurtles two unlikely lovers into a nightmare of intrigue and terror Kalissae Bortish Major Manager of the protein mining colony Euphrates and Bedford Odigal Free Syndic for the Federation must battle sabotage and corruption as they race to solve an ancient mystery the secret that links Bedford s alien symbiont Issykul to the legendary extraterrestrial race known as the Seren If they fail thousands of lives could be lost and perhaps the future of all humanity Pg 4 of cover **Best of Beaumont** Charles Beaumont,1982 The Year's Best Science Fiction Gardner R. Dozois,Gardner Dozois,1999 The 21st edition of the award winning annual compilation of the year s best science fiction stories *The Windhover Tapes* Warren Norwood,1982 Journey across the wide reaches of space with roving diplomat Gerard Manley and his sentient starship Windhover into danger and adventure on a half dozen farflung alien worlds An image of voices is the first in a spellbinding new series of a man on a pilgrimage in search of himself **Death On The Pedernales** George Wier,2020-05-02 Who killed Edgar Bristow millionaire philanthropist and war hero In a small Texas town where everyone knows everyone else the list of suspects can be every person you meet What dark secrets wait for the man who is unafraid to turn over any stone And will the killer strike again before Bill can get to the truth Death On The Pedernales is the fifth installment of the action adventure suspense thriller The Bill Travis Mystery series **Nebula Awards Showcase 2001** Robert Silverberg,2001 The Nebula Awards are the Academy Awards of Science Fiction the finest works each year in the genre as voted by the members of SFWA the Science Fiction and Fantasy Writers of America This contains the complete award winning texts by all the winners plus a history of the awards and the first Nebula banquet
