Mountain Nightmare:

Mountain Nightmare David Thompson, 1999 As mountain man Nate King and his family struggle to live free in the untamed country of frontier America Nate and his neighbors have begun to find tracks and other signs of a being the Indians know as the Old Ones a half man half breed creature that preys on humans and kills simply for the sake of killing

Shootout of the Mountain Man William W. Johnstone, J.A. Johnstone, 2010-12-01 Out of the gallows into the gunfire A fast furious Western from the USA Today bestselling author They're hanging Billy Ray Cabot in Cloverdale Nevada on Friday Or so they think Thursday brings Smoke Jensen to town In another life Billy Ray was almost kin to Smoke and guilty or not Smoke will blast Cloverdale sky high if that's what it takes to set his old friend free By midnight Smoke and Billy Ray are riding hell for leather out of Cloverdale and into a war between cunning railroad robbers and the organization sworn to stop them Billy Ray was working for the railroads until he was betrayed Now both men are pursued by deadly enemies on either side of the law For a former mountain man who's tried to make a peaceful life back in Colorado there's only one way back home He's going on the attack And this attack won't stop until the bitterest bloodiest end □□□□1, 2024-12-16 This horrible imagination has accompanied me through countless tossings and turnings like an evil spirit *Locusts* Caitie McAneney, 2014-08-01 Just the mention of locusts can strike fear into the heart of a farmer Locust plagues wreak havoc on crops and have been the cause of millions of people going hungry This book examines the life of a locust and what happens to cause a swarm to form Locust swarms can contain trillions of insects and cover hundreds of miles of land so locust control is essential to countries dependent on crops This book offers both historical and scientific information on locusts and impresses just how detrimental these creatures can be **The Dream of Althazar** Nancy Young, 2006-11 What if it may have replaced once upon a time in fantasy fiction The Dream of Althazar dares our imagination to follow a journey of major What ifs Are not journeys quests the very core of fantasies Now what if the Wise Men the Magi were not the only ones to follow the Star of Bethlehem And what if this other star journey was a bit skewed in time places and especially its characters Althazar a very special bear is commissioned by his father to follow a star to Althazar's special though unknown life's destiny Althazar is instructed to journey in peace with civility and respect for all creatures and cultures On this unusual mission Althazar gathers in some unusual volunteers Lothar a restless bored wolf Greyhound a grief stricken lonely goose Borab an opportunistic gourmet wild boar and Dromed an aged camel left behind from the Magi's original star journey These five very different animals come together with their unique differences for one common commitment the journey and ultimately connect with a sixth animal Solomon the donkey who ties together the Magi story their Star the camel Dromed and a very special love that illuminates one dream and invites yet another **Astoria and Empire** James P. Ronda, 1993-02-01 In late December 1788 a worried Spanish official in Mexico City set down his fears about a new and aggressive northern neighbor Viceroy Manuel Antonio Florez offered a gloomy prediction about the future of Spanish United States relations in the West He already knew

about the steady march of frontiersmen toward St Louis and now came troubling word of Robert Gray's ship Columbia on the Northwest coast All this seemed to fit a pattern a design for Yankee expansion We ought not to be surprised warned the viceroy that the English colonies of America now being an independent Republic should carry out the design of finding a safe port on the Pacific and of attempting to sustain it by crossing the immense country of the continent above our possessions of Texas New Mexico and California Canadian fur merchants and Russian bureaucrats also viewed the young republic as a potential rival in the struggle for western dominion The viceroy's vision of the future proved startlingly accurate Within the next two decades an American president would authorize a federally funded expedition to find just the sort of transcontinental route Florez imagined Equally important a New York entrepreneur would propose and put into motion an ambitious plan to make the Northwest an American political and commercial empire John Astor's Pacific Fur Company with Astoria as its central post on the Columbia River was Florez's nightmare come true Astoria had long represented either a daring overland adventure or simply a failed trading venture The Astorians surely had their share of adventure And the Pacific Fur Company never brought its founder the profits he expected But all those involved in the extensive enterprise knew it meant more Thomas Jefferson once described Astoria as the germ of a great free and independent empire believing that the entire American claim to the lands west of the Rockies rested on Astor's settlement at the mouth of the Columbia And John Quincy Adams the expansionist minded secretary of state labeled then entire Northwest as the empire of Astoria This book seeks to explore Astoria as part of a large and complex struggle for national sovereignty in the Northwest The Astorians and their rivals were always engaged in more than trading and trapping They were advance agents of empire from

MoGuYang, 2020-07-09 He was the king of the mercenary world but he had fallen into a huge conspiracy **The Passionate Mind** Robin Fox, 2020-04-07 Consciousness declares Robin Fox is out of context Useful as an adaptation in the Stone Age it brought humanity to the top of the food chain but has now created a world it cannot control The Passionate Mind explores this paradox not through academic demonstration but through satiric dialogues blank verse ruminations lyric narrative and comic verse and Aesopian fables This mix of genres and styles forces us out of our usual linear modes of thinking to confront

a harsh thesis Because of consciousness we cannot operate without ideas but once in thrall to ideas whether of love power religion or ideology we cannot operate without destructiveness lest we become imprisoned by them The range of subjects and genres Fox covers includes a verse summary of the key points of human evolution a conference of farm animals ruminating on their social problems visions of a desperate future from a neolithic hunter and a shaman at Lascaux Kafkaesque trial scenes and a new version of God is dead George Washington having lost at Yorktown is put on trial with Adams Jefferson and Benedict Arnold giving evidence Through the persona of Humbert Humbert as decadent Europe the new world of Lolita America is faced with the consequences of its pursuit of happiness Scandinavian utopianism and salvation through romantic eros get their turn and the basic design failure of humanity is examined in a Platonic dialogue A bullfight and the struggle for existence in New Jersey farming lead up to a monologue from a decidedly unlikely Jesus who turns out to be part of an alien plan to control an otherwise out of control human race Through this kaleidoscopic mix Fox mounts a case for a thorough revision of consciousness that breaks realistic boundaries between science the humanities religion and myth

Beyond Collective Memory Cullen Goldblatt, 2020-09-14 *Beyond Collective Memory* analyzes how two African places became icons of collective memory for certain publics yet remain marginal to national and continental memory discourses Thiaroye a Senegalese location of colonial era massacre and District Six a South African neighborhood destroyed under apartheid have epitomized a shared memory of racist violence and resistant community Analyzing diverse cultural texts surrounding both places this book argues that the metaphor of collective memory has obscured the structural character of colonial and apartheid violence and made it difficult to explore the complicit positions that structures of violence produce In investigating the elisions of memory discourses *Beyond Collective Memory* challenges the dominance of collective memory and calls attention to the African pasts metaphors and imaginaries that exist beyond it *Forging a Nightmare* Patricia A.
