Latinx Literature Unbound Ralph E. Rodriguez, 2018-05-08 Since the 1990s there has been unparalleled growth in the literary output from an ever more diverse group of Latinx writers Extant criticism however has yet to catch up with the diversity of writers we label Latinx and the range of themes about which they write Little sustained scholarly attention has been paid moreover to the very category under which we group this literature Latinx Literature Unbound thus begins with a fundamental question What does it mean to label a work of literature or an entire corpus of literature Latinx From this question others emerge What does Latinx allow or predispose us to see and what does it preclude us from seeing If the grouping which brings together a heterogeneous collection of people under a seemingly homogeneous label tells us something meaningful is there a poetics we can develop that would facilitate our analysis of this literature In answering these questions Latinx Literature Unbound frees Latinx literature from taken for granted critical assumptions about identity and theme It argues that there may be more salubrious taxonomies than Latinx for organizing and analyzing this literature Privileging the act of reading as a temporal meaning making event Ralph E Rodriguez argues that genre may be a more durable category for analyzing this literature and suggests new ways we might proceed with future studies of the writing we have come to identify as Latinx

political activism and the civil rights struggle today's Chicano writers and artists feel free to focus as much on the aesthetic quality of their work as on its social content. They use novels, short stories, poetry, drama, documentary films, and comic books to shape the raw materials of life into art objects that cause us to participate empathetically in an increasingly complex Chicano identity and experience. This book presents far-ranging interviews with twenty-one second-wave Chicano poets, fiction writers, dramatists, documentary filmmakers, and playwrights. Some are mainstream, widely recognized creators, while others work from the margins because of their sexual orientations or their controversial positions. Frederick Luis Aldama draws out the artists and authors on both the aesthetic and the sociopolitical concerns that animate their work. Their conversations delve into such areas as how the artists or writers' life experiences have molded their work, why they choose to work in certain genres and how they have transformed them, what it means to be Chicano in today's pluralistic society, and how Chicano identity influences and is influenced by contact with ethnic and racial identities from around the world.
