Movies Of The 40s:

100 Favorite Classic Hollywood Films from the 1930s, 40s, and 50s Gary Koca, 2019-07-26 In two past books that I have written I focused on Forgotten Stars of the 1930s through the 1950s that is stars who were pretty big movie stars in their time but that most people today would not be familiar with unless they were fans of classic Hollywood films of that era I have also written books on great Western stars and on good and bad science fiction movies of the 1950s In this book however I am concentrating on my favorite 100 movies of the 1930s 1940s and 1950s I have focused on American films only with a few British films included also I am not an expert on foreign language films so there are none in here Please note that this means that they are MY favorite films not the BEST films of those three decades For example Citizen Kane along with Casablanca are generally regarded as the best two American films of the classic era However while I like Citizen Kane it is just not one of my favorite films and I am not really sure why Perhaps I never thought it really justified its ranking so I dropped it from my list altogether The same thing would apply to Vertigo although I have two other Hitchcock films in the list I will also admit that I am partial to certain genres of films in particular the following Westerns Film noir Monster movies Horror movies Mysteries particular those of Alfred Hitchcock Swashbucklers musicals 2000 Movies, the 1940's Robin Cross, 1985 Presents a comprehensive visual history of the films of the 1940s produced by Hollywood British and European studios Women in Horror Films, 1940s Gregory William Mank, 2015-09-15 They had more in common than just a scream whether they faced Dracula Frankenstein's Monster the Mummy Dr Jekyll Mr Hyde King Kong the Wolf Man or any of the other legendary Hollywood monsters Some were even monsters themselves such as Elsa Lanchester as the Bride and Gloria Holden as Dracula's Daughter And while evading the Strangler of the Swamp former Miss America Rosemary La Planche is allowed to rescue her leading man This book provides details about the lives and careers of 21 of these cinematic leading ladies femmes fatales monsters and misfits putting into perspective their contributions to the films and folklore of Hollywood terror and also the sexual harassment exploitation and genuine danger they faced on the job Veteran actress Virginia Christine recalls Universal burying her alive in a backlot swamp in full mummy makeup for the resurrection scene in The Mummy's Curse and how the studio saved that scene for the last day in case she suffocated Filled with anecdotes and recollections many of the entries are based on original interviews and there are numerous old photographs and movie stills

Movies and Money David Puttnam, 2011-08-03 From David Puttnam producer of such modern film classics as Chariots of Fire The Killing Fields Midnight Express and The Mission and the only European to have run a major Hollywood studio an insightful and provocative history that explains the personalities and events which shaped film's transformation from a technological curiosity into one of the world's most powerful cultural and economic forces From the early rivalry between its inventors to the power brokering and political influence of today's mega stars from Zukor and Laemmle to Ovitz and Eisner from the serendipitous discovery of Los Angeles flagstaff no good wired Cecil B De Mille want authority to rent barn for 75 a

month in place called hollywood to the exploitation and depredation of Europe s film culture in the name of the marketplace Puttnam captures the urgency and wonder that swept through a young industry and set it spinning on an axis of money and power *Movies and Money* chronicles the unprecedented collision between art and commerce and incisively analyzes its implications in today s global arena Puttnam s engaging history is also an impassioned polemic From the moment Thomas Edison stole the first crude attempt at a movie camera from the French scientist tienne Jules Marey Hollywood and Europe have existed the author claims in a state of undeclared hostility hostility that has occasionally erupted into open battle for control of the century s most powerful artistic medium And this battle he contends will ultimately determine the nature of Europe s cultural identity He also argues forcefully for the intelligent application of the language and techniques of cinema to education urging filmmakers to make films that challenge and inspire as well as entertain Ten years after his abrupt departure from Columbia Puttnam re enters the debate about cinema with characteristic audacity with the irreverence of an iconoclast and the canniness of a seasoned player *Movies and Money* is a book that will change our understanding of the history and future of film

Women in Film Noir E. Ann Kaplan, 2019-07-25 The first edition of *Women in Film Noir* 1978 assembled a group of scholars and critics committed to understanding the cinema in terms of gender sexuality politics psychoanalysis and semiotics This edition is expanded to include further essays which reflect the renewed interest in Film Noir Exploring neo noir postmodernism and other contemporary trends new essays offer readings of among others *Bound* and *Basic Instinct* broadening the scope of the book to include questions of race and homosexuality

The Fade Out #12 Ed Brubaker, 2016-01-06

SERIES

CONCLUSION It all ends here The dramatic wrap up to the mystery and to Brubaker and Phillips bestselling and most

ambitious project yet **Movies of the 40s** Jürgen Müller,2005 A trendsetting decade in world cinema The 40s were the decade of the movies With the world at war directors served up propaganda and escapist entertainment to the massed moviegoers of the pre television age Yet in many countries there was also a parallel tendency towards greater realism In Italy for example the spirit of the resistance culminated in the neorealist movement which inspired the world s moviemakers with masterpieces such as De Sica s *Bicycle Thieves* 1948 In Hollywood the 40s were probably the most creative phase in the studios history Never before had the Dream Factory brought such compellingly edgy and experimental films to the silver screen The most seminal work of the decade was *Citizen Kane* 1941 Orson Welles s extravagantly original debut anticipated the expressive visual style that would come to typify film noir the genre of dark movies populated by romantic antiheroes and femmes fatales that still represents the essence of cinema for many passionate movie buffs In the atmospheric black and white universe of noir Rita Hayworth Ava Gardner and Lauren Bacall became timeless erotic icons while Bogart following *The Big Sleep* 1945 was the very quintessence of cool While these movies bore witness to the cracks in America s facade another genre was busily reconstituting the nation s identity In the films of John Ford the Western came back with a vengeance *Monument Valley* embodied America s incomparable grandeur and John Wayne The Duke was a natural aristocrat of the wild frontier *P-40 Warhawk: A Pilot's Guide to the Legendary Fighter* Pasquale De Marco,2025-07-27 The P 40 Warhawk is a legendary fighter aircraft that played a vital role in World War II Flown by the American Volunteer Group AVG in China the P 40 earned a reputation for its toughness and maneuverability Despite being outnumbered by Japanese aircraft the AVG pilots used their superior skills and tactics to achieve remarkable success In this book we will take a comprehensive look at the P 40 Warhawk We will explore its history design and combat record We will also provide detailed instructions on how to fly and maintain a P 40 Whether you are a pilot a historian or simply a fan of aviation this book is sure to fascinate and inform you History The P 40 was designed by Curtiss Wright in the late 1930s It was a single seat single engine fighter with a sleek design and powerful engine The P 40 was armed with six 50 caliber machine guns and could carry a variety of bombs and rockets The P 40 first saw combat in China in 1941 The AVG pilots quickly proved to be a formidable force shooting down hundreds of Japanese aircraft The P 40 also played a major role in the Pacific War where it was used by the US Army Air Forces and the US Navy Design The P 40 was a well designed aircraft that was easy to fly and maintain It had a sturdy construction and could withstand a lot of punishment The P 40 was also very maneuverable which made it a difficult target for enemy aircraft Combat Record The P 40 was a successful fighter aircraft that was used by many different air forces during World War II It was particularly effective against Japanese aircraft and it played a major role in the Allied victory in the Pacific War Flying and Maintaining a P 40 This book provides detailed instructions on how to fly and maintain a P 40 Whether you are a pilot or simply a fan of aviation this information will be invaluable to you If you like this book write a review [The Oxford Handbook of Chinese Cinemas](#) Carlos Rojas,Eileen Chow,2013-03-13 What does it mean for a

cinematic work to be Chinese Does it refer specifically to a work's subject or does it also reflect considerations of language ethnicity nationality ideology or political orientation Such questions make any single approach to a vast field like Chinese cinema difficult at best Accordingly The Oxford Handbook of Chinese Cinemas situates the term more broadly among various different phases genres and distinct national configurations while taking care to address the consequences of grouping together so many disparate histories under a single banner Offering both a platform for cross disciplinary dialogue and a mapping of Chinese cinema as an expanded field this Handbook presents thirty three essays by leading researchers and scholars intent on yielding new insights and new analyses using three different methodologies Chapters in Part I investigate the historical periodizations of the field through changing notions of national and political identity all the way from the industry's beginnings in the 1920s up to its current forms in contemporary Hong Kong Taiwan and the global diaspora Chapters in Part II feature studies centered on the field's taxonomical formalities including such topics as the role of the Chinese opera in technological innovation the political logic of the Maoist film and the psychoanalytic formula of the kung fu action film Finally in Part III focus is given to the structural elements that comprise a work's production distribution and reception to reveal the broader cinematic apparatuses within which these works are positioned Taken together the multipronged approach supports a wider platform beyond the geopolitical and linguistic limitations in existing scholarship Expertly edited to illustrate a representative set of up to date topics and approaches The Oxford Handbook of Chinese Cinemas provides a vital addition to a burgeoning field still in its formative stages Vitaphone Films Roy

Turning the Corner on Life Arnold Silveri,2012-04-09 Turning the Corner on Life is a book covering more than seventy years of my life Like any other autobiography its about family friends and the personal experiences we shared It does not include every single thing that ever happened to me in my life There are however numerous nostalgic references to music movies radio television sports social cultural political names places and events intermingled within the chronology of my life Beginning with the happy carefree days I spent playing ball in the street and going to the movies The times we went to Coney Island and Ebbets Field The happy and not so happy days I spent as a teenager in junior high and hanging out on the corner The love loyalty and compassion my wife Connie always displayed from our first meeting and throughout our marriage during some tough depressing times And last but not least the happiness we shared in the birth of our children and grandchildren

True Myth Nashid Al-Amin,2013-02-21 Why is it that encyclopedias assert the Vikings or Norsemen landed in parts of North America yet the Vikings have never been credited with its discovery Historians bestow this honor on Christopher Columbus who ventured here five hundred years after the Vikings having never set foot on the continent True Myth Black Vikings of the Middle Ages takes the reader where he or she has never been before We have always been told that Vikings or Norsemen were tall blond white and blue eyed an image that has been presented to us in books and films Now comes a book that challenges this centuries old assertion presenting evidence that these vaunted warriors were not the people popular historians have told us they were The author presents evidence that white skinned peoples in England Ireland and Wales referred to Vikings as black pagans and black devils The extent of their dominance in Europe is examined in fact the author

presents a reassessment of Europe that some readers will find difficult to believe beginning with mans migrations into the continent and examining a number of black skinned peoples who called Europe home from very ancient times almost to the present The reader has never read a book like thisfilled with quotations from noted historians as well as from several Icelandic sagasthat will take the reader on a journey he or she has never imagined A more accurate picture of Europe has never been presented before The writer revisits the last ice age presents evidence of the heavy presence of blacks in ancient Europe and revisits ancient Greece Rome and areas of Asia discussing the presence of black skinned peoples in them before arriving in Viking age Scandinavia when Norsemen embarked on a three century long assault on the continent and began migrating to Iceland and other areas of North America Once the reader has completed True Myth Black Vikings of the Middle Ages he or she will have to question what he or she has been taught historians once thought to be trustworthy and the notion that the races were strictly divided and had never intermingled There has never been a truer picture of Europe written and the reader now has the opportunity to embark on the most thrilling journey he or she will ever take
