Pentecostals and Roman Catholics on Becoming a Christian Karen Murphy, 2018-05-23 In *Pentecostals and Roman Catholics on Becoming a Christian* Dr Karen Murphy explores the fifth round of the International Roman Catholic Pentecostal Dialogue 1998 2006 Discussing Spirit baptism faith conversion experience and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter

Being Catholic in the Contemporary Philippines Jayeel Serrano Cornelio,2016-06-23 This book based on extensive original research examines the nature of Catholicism in the contemporary Philippines It shows how Catholicism is apparently flourishing with good attendance at Sunday Masses impressive religious processions and flourishing charismatic groups and with interventions by the Catholic

hierarchy in national and local politics However focusing in particular on the beliefs and practices of young people the book shows that young people are often adopting a different more individualised approach to Catholicism which is frequently out of step with the official position It considers the features of this a more personal and experiential relationship with God a new approach to morality in which right living is seen as more important than right believing and a critical view of what is seen as the Catholic hierarchy's misguidedness The book argues that this reinterpreting of religion by young people has the potential to alter fundamentally the nature of Catholicism in the Philippines but that nevertheless young people's new approach involves a solid enduring commitment and a strong view of their own Catholic religious identity The Best of Being Catholic Kathy Coffey, 2012 A kaleidoscope of spiritual values in Catholicism that don't divide but bring people together and will instill peace and love in those who take the time to better understand them Here are beautiful simple profound ideas that few people think about these days when they talk about the Catholic Church Yet they are truths that make a positive difference in people's lives They include Catholicism is a community that remembers Jesus Catholics draw on a rich tradition of spirituality They always have something to celebrate The church is a family It has splendid heroes and heroines It takes staunch stands on peace and justice It has universality At a time when many Catholics have grown frustrated with their church The Best of Catholicism reminds them of the positive values and practices that they will never read about in the daily news

sainthood liturgy and deification The contributors some of whom are converts to Catholicism from Mormonism offer a respectful though critical analysis of the beliefs of the Church of Jesus Christ of Latter day Saints Catholics have done very little thinking about or interaction with Latter day Saint theological beliefs The Catholic Church has focused virtually all its ecumenical efforts on the ecclesial communities that arose from the Reformation the Orthodox Churches and Judaism Left out of these discussions has been the LDS church even though by 2016 it had grown to nearly sixteen million members internationally from its modest beginnings in 1830 This work examines the LDS faith as an important and serious challenge to the Catholic narrative of the origin and development of the gospel of Jesus Christ Absent the ad hominem attacks and lurid historical details that are often found in popular Christian assessments of the LDS church this book is intended by its editors to lead to further dialogue and better understanding

The State of His Majesty's Subjects in Ireland Professing the Roman Catholic Religion. Part I., 1799 *The United States Catholic Magazine and Monthly Review*, 1844 **Cardinal Hume and the Changing Face of English Catholicism** Peter Stanford, 1999-01-08 After the persecutions that followed the Reformation the Catholic Church that re emerged in the 19th century was a defensive introspective one largely made up of working class immigrants and a handful of land owning families who kept the faith despite adversity It was viewed with some suspicion by the English Establishment as something foreign subversive to be held at arm s length But particularly after World War II a new generation of educated Catholics emerged outward looking questioning anxious to take their places in society Peter Standford argues that Basil Hume s appointment was a symbol of change His very Englishness has exorcised some of the nightmares in the national subconscious about the Catholic Church And in his struggles as a leader with a flock that is not as obedient as once it was the cardinal has redefined English Catholicism by blending its traditional theological conservatism with a liberal pastoral practice
