The Patriarchs: Being Meditations upon Enoch, Noah, Abraham, Isaac, Jacob, Joseph, Job; the canticles, heaven and earth J. G. Bellett, 1880 Patriarch and Folk E. Bradford Burns, 1991 The painful sixty year process that brought Nicaragua from colonial status to incipient nation state is the focus of this fresh examination of inner struggle in a key isthmian country E Bradford Burns shows how Nicaragua's elite was able to consolidate control of the state and form a stable government resolving the bitter rivalry between the two cities Len and Granada but at the same time began the destruction of the rich folk culture of the Indians eventually reducing them to an impoverished and powerless agrarian proletariat The history of this nation echoes that of other Latin American lands yet is peculiarly its own Nicaragua emerged not from a war against Spain but rather from the violent interactions among the patriarchs of the dominant families the communities of common people and foreigners Burns is eloquent on the subject of American adventurism in Nicaragua which culminated in the outrageous expedition of the filibuster William Walker and his band of mercenaries in the 1850s It was a major breach of the trust and friendship Nicaraguans had extended to the United States and the Nicaraguans subsequent victory over the foreign invaders helped forge their long delayed sense of national unity The decimation of Nicaraguan archives for the period prior to 1858 renders the study of early nineteenth century history especially challenging but Burns has made ingenious use of secondary sources and the few published primary materials available including travelers accounts and other memoirs newspapers government reports and diplomatic correspondence He provides valuable insight into Nicaraguan society of the time of both the elite and the folk including a perceptive section on the status and activities of women and the family in society This book will appeal not only to professional historians but to general readers as well

Patriarch's Hope David Feintuch, 2013-01-08 It's full speed ahead with all lasers blazing in this addition after Voices of Hope to Feintuch's popular space opera series Publishers Weekly The Transpop Rebellion ended ten years ago with now Secretary General Nicholas Seafort as a hero With that political capital Seafort stepped into place as one of the most powerful men in the world But political clout isn't all it seems to be While Seafort tries to stay true to his moral code he's being pulled in every direction His former colleagues in the Navy demand more ships while the enviro lobbyists plead with him to repair the planet's broken ecosystem Patriarch's Hope returns the focus to the Seafort Saga's charismatic and troubled title character An explosive disaster forces Nick to reexamine his life his family and his future as adversaries align against him To save the planet from itself he will need

cunning allies and a large helping of luck **The Wesleyan Methodist Magazine** ,1830 *Trinitarian Ontology and Israel in Robert W. Jenson's Theology* Sang Hoon Lee,2016-11-02 Can Christian theology overcome its long standing supersessionism without diluting its Trinitarian faith Can Christian faith remain genuinely Christian when it fails to recognize the covenantal significance of the Jews In his later career leading Trinitarian theologian Robert Jenson s theology moves in a post supersessionistic direction That said the conceptual nexus between his Trinitarian theology and his post supersessionism is not always patent on the surface of his texts In this book Lee traces the post supersessionistic development of Jenson s Trinitarian theology and uncovers the reasons why Jenson s Trinitarian theology sets out to embrace the existence of the Jews This book seeks to show that Jenson s revisionary historicized carnalized hermeneutical and eschatological Trinitarian ontology allows for genuine confession of the eternal triune God as the God of Israel and that it thereby lays a firm basis for a properly Christian post supersessionism **The Patriarchs Believers in Eternal Life. The Substance of a Sermon [on Gen. Xxiii. 3, 4] Preached in Trinity Church, Torquay, April 13, 1845** Gerard Edwards Smith,1845 **Hebrew Men and Times, from the Patriarchs to The Messiah** Joseph Henry Allen,2025-07-13 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Patriarch and the Tsar ...** William Palmer,1876 The age of the great patriarchs from Adam to Jacob Robert Tuck,1880 *The Pentateuch* John Van Seters,2015-09-24 In this magisterial overview of the Pentateuch John Van Seters reviews the various historical critical attempts to read it that arise from notions about the social evolution of Israel s religion and culture Is the Pentateuch an accumulation of folk traditions a work of ancient historiography a document legitimizing religious reform In dialogue with competing views Van Seters advocates a compositional model that recognizes the social and historical diversity of the literary strata Van Seters argues that a proto Pentateuchal author created a comprehensive history from Genesis to Numbers that was written as a prologue to the Deuteronomistic History Deuteronomy to 2 Kings in the exilic period and later expanded by a Priestly writer to make it the foundational document of the Jerusalem temple community This social science commentary on the Pentateuch is renowned as one of the most influential volumes on this group of texts For the new edition Van Seters has revised several sections of the text updating and integrating new bibliographical items and refining the text where necessary A reflective preface summarizes these changes and developments for the reader s convenience Resurrection James H. Charlesworth,2008-10-01 Resurrection is the central feature of the New Testament gospels and lies at the center of many of Paul s letters as well In addition the doctrine of the resurrection lies at the core of the Christian church s faith The essays in this stunning collection explore the idea of resurrection as the idea appears not only in the New Testament texts but also in the Dead Sea Scrolls the pseudepigraphal Testaments of the Twelve Patriarchs and in contemporary theology Charlesworth asks where the concept of resurrection appears and the ways we

know it and he also examines the concept of resurrection in the Dead Sea Scrolls and the New Testament Casey Elledge explores the earliest evidence we have for a notion of a resurrection of the dead and investigates the hope for Israel in Judaism and Christianity found in the Testaments Crenshaw looks at the Hebrew Bible's ideas of resurrection and Hendrikus Boers examines the meaning of Christ's resurrections in Paul's writings W Waite Willis explores a theology of resurrection

Jenson, Eugene Korn, 2012-07-27 Covenant and Hope centers around two main themes in Jewish Christian dialogue Covenant Mission and Relation to the Other and Hope and Responsibility for the Human Future In the first section scholars from both faiths analyze the idea of covenant how it determines their religious commitments behavior and theology and how their covenantal theology shapes their relations with people outside their religious communities The second section focuses on the foundation for religious hope how belief in the future can be nourished and on our practical and philosophic responsibility to work for a better human future Genesis, Exodus John Oswalt, Alan Ross, 2017-02-07 Providing students pastors and lay people with up to date accessible evangelical scholarship on the Old and New Testaments Designed to equip pastors and Christian lay leaders with exegetical and theological knowledge to better understand and apply God's word by presenting the message of each passage as well as an overview of other issues surrounding text Includes the entire NLT text of Genesis and Exodus John N Oswalt Ph D Brandeis University is Research Professor of Old Testament at Wesley Biblical Seminary in Jackson Mississippi He was the Old Testament editor of the Wesley Bible and also served as consulting editor for the New International Dictionary of Old Testament Theology and Exegesis He has written six books including a two volume commentary on Isaiah in the New International Commentary on the Old Testament series and commentary on Isaiah in the New International Version Application Commentary series He has been a member of the translation teams for the New

International Version and the New Living Translation Arguing with God Anson Laytner, 1998 As an old proverb puts it Two Jews three opinions In the long rich tumultuous history of the Jewish people this characteristic contentiousness has often been extended even unto Heaven Arguing with God is a highly original and utterly absorbing study that skates along the edge of this theological thin ice at times verging dangerously close to blasphemy yet also a source of some of the most poignant and deeply soulful expressions of human anguish and yearning The name Israel literally denotes one who wrestles with God And from Jacob s battle with the angel to Elie Wiesel s haunting questions about the Holocaust that hang in the air like still smoke over our own age Rabbi Laytner admirably details Judaism s rich and pervasive tradition of calling God to task over human suffering and experienced injustice It is a tradition that originated in the biblical period itself Abraham Moses Elijah and others all petitioned for divine intervention in their lives or appealed forcefully to God to alter His proposed decree Other biblical arguments focused on personal or communal suffering and anger Jeremiah Job and certain Psalms and Lamentations Rabbi Laytner delves beneath the surface of these blasphemies and reveals how they implicitly helped to refute the claims of opponent religions and advance Jewish doctrines and teachings **Emancipating Calvin** ,2018-04-17 The eleven essays in Emancipating Calvin Culture and Confessional Identity in Francophone Reformed Communities demonstrate the vitality and variety of early modern Francophone Reformed communities by examining the ways that local contexts shaped the reception and implementation of reforming ideas emanating especially from John Calvin and the Reformed church of Geneva The articles address three main themes important for understanding the development of Reformed communities the roles of consistories in Reformed churches and communities the development of various Reformed cultures and the ways in which ritual and worship embodied the theology and cultural foundations of Francophone Reformed churches This Festschrift honors the pioneering work of Raymond Mentzer and reflects his influence in modern Francophone Reformed studies
