

Business Plan - Glenville Garden Services - 2008/2009

© 2008, Ennis & Co. Business Consultants, Wexford, Ireland

1. The Promoter

The business promoter is Jim Fitzpatrick, and I have extensive and detailed experience in the horticultural garden sector spanning 15 years. I will own, manage, and work full-time in the business.

I am currently employed as operations manager in Expert Landscaping & Gardening, a leading horticultural services company in Wexford. In this job I am responsible for customer relations, the day-to-day management of contracts, and outdoor staff. I have held this position for the past 6 years and prior to that worked for Smyth's nursery in Bray Co. Wicklow.

I hold diplomas in horticulture specialising in soil development and plant propagation.

I recently completed Wexford County Enterprise Board's Start Your Own Business Programme, delivered by *Tony Ennis, of Ennis & Co. Business Consultants, Wexford.*

I am **totally committed** to developing Glenville Garden Services into the no.1 garden development and maintenance company in Co. Wexford.

I have wanted to run my own business for a number of years and believe I now have the necessary experience and expertise to make that objective a reality. I will make my new business a success.

2. Business Project Overview

Glenville Garden Services is a start-up business located on the outskirts of Wexford town. It will be a sole trader business, and the start-up commencement date is March 2008. Detailed targeted marketing of the company's services will commence 8 weeks prior to that.

The company will provide an expert garden design - development - landscaping service, and maintenance service to individual and corporate clients in a geographical area encompassing Co. Wexford, and adjoining areas of Co.'s Waterford, Carlow, Kilkenny, and Wicklow (within 1 hours drive time of base).

The company will have a peak trading period between March and October (8 months), and a shoulder period November - February. It should be pointed out that during the shoulder period project work continues and reduced client maintenance work takes place.

Private Practice A Professional Business:

Private Practice Louis C. Mone, 1983 **Handbook of Private Practice** Steven Walfish, Jeffrey E. Barnett, Jeffrey Zimmerman, 2017

Handbook of Private Practice is the premier resource for mental health clinicians covering all aspects of developing and maintaining a successful private practice. Written for graduate students considering the career path of private practice professionals wanting to transition into private practice and current private practitioners who want to improve their practice, this book combines the overarching concepts needed to take a mental health practice whether solo or in a group from inception through its lifespan. From envisioning your practice to accounting and bookkeeping, hiring staff, managing the practice, and running the business of the practice, a diverse group of expert authors describe the practical considerations and steps to take to enhance your success. Chapters cover marketing, dealing with insurance and managed care, and how to choose your advisors. Ethics and risk management are integrated throughout the text, with a special section also devoted to these issues and strategies. The last section features 26 niche practices in which expert practitioners describe their special area of practice and discuss important issues and aspects of their specialty practice. These areas include assessment and evaluation, specialized psychotherapy services, working with unique populations of clients, and more. Whether read cover to cover or used as a reference to repeatedly come back to when a question or challenge arises, this book is full of practical guidance directly geared to psychologists, counselors, social workers, and marriage and family therapists in independent practice.

Start and Market a Successful Private Practice, *Building Your Ideal Private Practice* Lynn Grodzki, 2015-03-16

A much anticipated second edition to this classic practice building text, *Building Your Ideal Private Practice*, a best seller in its genre, is now fully revised after its original publication in 2000. Much has changed for therapists in private practice over the past fifteen years, including the widespread encroachment by insurance and managed care into the marketplace, the density of new therapists (as over 600,000 therapists nationwide try to stay viable) and the role of the Internet in marketing services. The revision of *Building Your Ideal Private Practice* is a comprehensive guide updated with six new chapters and targeted for therapists at all stages of private practice development. It covers the essential how-to questions for those starting out in practice and explains the common pitfalls to avoid. For those already in practice worried about profitability in an age of increasing competition, the author offers informed strategies such as the best way to create websites and other online marketing to find clients, and then goes further to explain how to retain the new breed of fickle clients who shop for therapists online but are hard to satisfy. Other new chapters support veteran therapists edging towards retirement, including how to sell a therapy business for a profit or whether to stay working solo or expand into a more lucrative group business model. The revision comprises a complete, easy-to-use and fascinating business plan that shows therapists not just what to do but also who to be in order to succeed. It adds depth, up-to-date information, and a wealth of strategies to the original book, often referred to as the bible for therapists in private practice. Like the original, the revision

conveys the author's experience, optimism and warmth as she presents case examples, checklists and exercises to make the business advice come alive. Whether you have insurance-based or a fee-for-service practice, this book will help you thrive.
