Regimes And Oppositions:

Political Oppositions in Industrialising Asia Garry Rodan, 2013-04-15 Rodan dissects the extent of political oppositions in Asia and analyzes the nature of new social movements outside institutional party politics which are contesting the exercise of state power The book provides nine in depth case studies

Islamist Opposition in Authoritarian Regimes Eva Wegner, 2011-09-16 What electoral mobilization choices do Islamist opposition parties make How do they relate to authoritarian incumbents Which key factors influence the choices these parties make *Islamist Opposition in Authoritarian Regimes* explores the answers to these questions by studying the path of the Islamist Party of Justice and Development PJD in Morocco from 1992 to 2007 Wegner traces the party's choices through an analysis of organizational ideological and institutional constraints Adopting a simple but novel perspective Wegner distinguishes Islamist parties from other opposition parties because of their connection to a powerful social movement The author shows how the PJD initially made major progress in electoral politics by building up a strong party organization sustaining full support of the Islamist movement and positioning itself as the only credible opposition party Ultimately the failure of the PJD to win elections was due to political concessions it made to secure its legality combined with a distancing from the Islamist movement Based on extensive field research in Morocco in 2003 and 2007 and drawing upon personal interviews with members candidates and leaders of the PJD *Islamist Opposition in Authoritarian Regimes* presents a meticulous and enlightening case study Wegner enriches our understanding of electoral authoritarianism in Morocco and throughout the Arab Islamic world

The Revolutionary City Mark R. Beissinger, 2022-04-12 How and why cities have become the predominant sites for revolutionary upheavals in the contemporary world Examining the changing character of revolution around the world *The Revolutionary City* focuses on the impact that the concentration of people power and wealth in cities exercises on revolutionary processes and outcomes Once predominantly an urban and armed affair revolutions in the twentieth century migrated to the countryside as revolutionaries searched for safety from government repression and discovered the peasantry as a revolutionary force But at the end of the twentieth century as urban centers grew revolution returned to the city accompanied by a new urban civic repertoire espousing the containment of predatory government and relying on visibility and the power of numbers rather than arms Using original data on revolutionary episodes since 1900 public opinion surveys and engaging examples from around the world Mark Beissinger explores the causes and consequences of the urbanization of revolution in the late twentieth and early twenty first centuries Beissinger examines the compact nature of urban revolutions as well as their rampant information problems and heightened uncertainty He investigates the struggle for control over public space why revolutionary contention has grown more pacified over time and how revolutions involving the rapid assembly of hundreds of thousands in central urban spaces lead to diverse ad hoc coalitions that have difficulty producing substantive change *The Revolutionary City* provides a new understanding of how revolutions happen and what they might look like in the future

The Franco Regime.

1936-1975 Stanley G. Payne, 2011-09-27 The history of modern Spain is dominated by the figure of Francisco Franco who presided over one of the longest authoritarian regimes of the twentieth century Between 1936 and the end of the regime in 1975 Franco's Spain passed through several distinct phases of political institutional and economic development moving from the original semi fascist regime of 1936-45 to become the Catholic corporatist organic democracy under the monarchy from 1945 to 1957 Distinguished historian Stanley G Payne offers deep insight into the career of this complex and formidable figure and the enormous changes that shaped Spanish history during his regime

Transitions and Non-Transitions from Communism Steven Saxonberg, 2013-02-14 Since the fall of the Berlin Wall many scholars have sought to explain the collapse of communism Yet more than two decades on communist regimes continue to rule in a diverse set of countries including China Cuba North Korea and Vietnam In a unique study of fourteen countries Steven Saxonberg explores the reasons for the survival of some communist regimes while others fell He also shows why the process of collapse differed among communist led regimes in Europe Africa and Latin America Based on the analysis of the different processes of collapse that has already taken place and taking into account the special characteristics of the remaining communist regimes Transitions and Non Transitions from Communism discusses the future prospects for the survival of the regimes in China Cuba North Korea and Vietnam

Opposition and Dissent in Contemporary China Peter R. Moody, 1977

New Opposition in the Middle East Dara Conduit, Shahram Akbarzadeh, 2018-09-27 This book uses a Contentious Politics lens to examine patterns of contestation since 2009 and 2011 among the Middle East's most important opposition actors The volume is comprised of seven chapters that ask questions in relation to the responsiveness of opposition groups to their political environments the long term legacies of authoritarianism and whether the post 2009-2011 political environment is better or worse for Middle Eastern oppositions It interrogates the ways in which oppositions have morphed in relation to this changed operating environment subjectively interpreting the costs and benefits of contestation in order to maximise political opportunities To some oppositions changes in the power balance between regime structures and opposition agents led to unprecedented opportunity for political action while for others structures were galvanised to restrict opposition activities In total the volume shows that even though the Arab Uprisings and Green Movement achieved few of their overt goals the events unleashed smaller shifts across the region that have led to a fundamental change in the politics of contestation amongst the region's oppositions These patterns echo experiences in other parts of the world including the coloured revolutions in post Soviet states and the political environment in Chile after Pinochet

Political Opposition in Authoritarianism Rico Isaacs, 2022-08-13 How might political opposition shape regime outcomes over time in an authoritarian system Most studies on political opposition in authoritarian contexts tend to focus on the agency of the regime over and above that of the political opposition Using Albert Hirschman's framework of exit voice and loyalty this book examines the case of Kazakhstani opposition agency over 30 years to explore the extent to which political opposition in

Kazakhstan has shaped the dynamics of authoritarian regime development in the country. What the analysis reveals is that in Kazakhstan the regime has tended to treat formal institutional political opposition as neither a credible nor non-credible threat. Consequently, the Kazakhstani regime has always responded to opposition exit and voice with sanctions and institutional adaption which strengthened the regime in the short to medium term but left them exposed to spontaneous grassroots non-institutional opposition in the longer term. This spontaneous grassroots opposition emerged in Kazakhstan as a series of shocks crystallised in the 2011 events in Zhanaozen, the 2016 land protests, the 2019 election protests and the events of Qandy Qantar bloody January in 2022. What this book illustrates is how authoritarian regimes which treat opposition threats ambiguously are likely to end up in a continuous state of instability because the feedback provided by opposition agency disappears, leaving the regime susceptible to spontaneous opposition.

Systemic and Non-Systemic Opposition in the Russian Federation Cameron Ross, 2016-03-03

Over the period December 2011–July 2013, a tidal wave of mass protests swept through the Russian Capital and engulfed scores of cities and regions. Civil society, it appeared, had at last woken up. This fascinating book examines the rise and fall of the non-systemic opposition and the role of the systemic political opposition during this turbulent period. Leading experts in the field from Russia, along with scholars from the UK and the US, reflect on the conditions that have made large-scale protests possible, the types of people who have taken part and the goals of the opposition movement at both the national and regional levels. Contributors discuss what steps the regime has taken in response to this challenge and examine the relationship between the systemic and non-systemic opposition and what potential exists for the creation of a broad-based opposition coalition. The role of the expanding Russian middle class is discussed along with contemporary developments among the Russian left against the backdrop of the global economic crisis. The political, social and ethnic dimensions of the protest movement are also examined at both the national and regional levels in this truly comprehensive study of the rebirth of civil society in modern Russia.

When Victory Is Not an Option Nathan J. Brown, 2012-02-17

Throughout the Arab world, Islamist political movements are joining the electoral process. This change alarms some observers and excites others. In recent years, electoral opportunities have opened and Islamist movements have seized them. But those opportunities, while real, have also been sharply circumscribed. Elections may be freer, but they are not fair. The opposition can run, but it generally cannot win. Semiauthoritarian conditions prevail in much of the Arab world, even in the wake of the Arab Spring. How do Islamist movements change when they plunge into freer but unfair elections? How do their organizations, such as the Muslim Brotherhood, and structures evolve? What happens to their core ideological principles? And how might their increased involvement affect the political system? In *When Victory Is Not an Option*, Nathan J. Brown addresses these questions by focusing on Islamist movements in Egypt, Jordan, Kuwait, and Palestine. He shows that uncertain benefits lead to uncertain changes. Islamists do adapt their organizations, and their ideologies do bend some. But leaders almost always preserve a line of retreat in case the political opening fizzles or fails to deliver what they

wish The result is a cat and mouse game between dominant regimes and wily movements There are possibilities for more significant changes but to date they remain only possibilities

The Power of Opposition Simone Wegmann, 2022-07-01
Proposing a novel way to look at the consolidation of democratic regimes this book presents important theoretical and empirical contributions to the study of democratic consolidation legislative organization and public opinion Theoretically Simone Wegmann brings legislatures into focus as the main body representing both winners and losers of democratic elections Empirically Wegmann shows that the degree of policy making power of opposition players varies considerably between countries Using survey data from the CSES the ESS and the LAPOP and systematically analyzing more than 50 legislatures across the world and the specific rights they grant to opposition players during the policy making process Wegmann demonstrates that neglecting the curial role of the legislature in a democratic setting can only lead to an incomplete assessment of the importance of institutions for democratic consolidation The Power of Opposition will be of great interest to scholars of comparative politics especially those working on questions related to legislative organization democratic consolidation and or public opinion

Political Opposition in Theory and Central European Practice Michal Kubát, 2010 This book offers interpretations of different forms of political opposition in political theory and also in the contemporary development of politics and government in Central Europe The problem is analyzed through a comparative approach The first part of the book targets the question of definitions and typologies of political opposition above all in democratic but partly also in non democratic regimes The second part deals with the question of models of political opposition in Central Europe after the fall of communism in the late twentieth century and in the present

Popular Contention, Regime, and Transition Eitan Y. Alimi, Avraham Sela, Mario Sznajder, 2016 Through a diverse array of case studies from countries around the world Popular Contention Regime and Transition places the Arab Spring uprisings in comparative perspective demonstrating the similarities and parallels between contentious events in democratic and authoritarian like regimes By analyzing factors such as the set of initial conditions involved in the protest prospects of contention and forms of protest the volume generates powerful insights into the impetus dynamics and consequences of contention in all contexts

Eurasian Politics: Ideas, Institutions and External Relations Mr Tulsiram, Mr Ajay Patnaik, 2013-06-15 The transitional politics of Eurasian space is marked by a constant struggle among three sets of ideas and institutions the 1 is the remarkable resilience of Soviet ideas and institutions 2 an attempt by the regimes of these states to reinvent the historical and cultural traditions of preSoviet periods and third is an attempt by a section of the powerful elite to superimpose Western liberal ideas and institutions There is a strange intertwining of these ideas and institutions This book examines the extent to which the postSoviet politics has departed from the Soviet one What are the new ideational structures emerging in these states and how far have they crystallised into institutions What are the external influences which are shaping the institutions in the Eurasian space And finally what are the various dynamics of geopolitics in this region Experts from various countries

will delve into the shifting dynamics of Eurasian politics Elections, Protest, and Authoritarian Regime Stability Regina Smyth, 2020-10-29 In a path breaking study of Russian elections Regina Smyth reveals how much electoral competition matters to the Putin regime and how competition leaves Russia more vulnerable to opposition challenges than is perceived in the West Using original data and analysis Smyth demonstrates how even weak political opposition can force autocratic incumbents to rethink strategy and find compromises in order to win elections Smyth challenges conventional notions about Putin's regime highlighting the vast resources the Kremlin expends to maintain a permanent campaign to construct regime friendly majorities These tactics include disinformation as well as symbolic politics social benefits repression and falsification This book reveals the stresses and challenges of maintaining an electoral authoritarian regime and provides a roadmap to understand how seemingly stable authoritarian systems can fall quickly to popular challenges even when the opposition is weak A must read for understanding Russia's future and the role of elections in contemporary autocratic regimes The Dynamics of Opposition Cooperation in the Arab World Hendrik Kraetzschmar, 2014-01-02 Within the democratisation literature opposition unity is widely seen as an important requisite to successfully pressure authoritarian rulers into liberalising reforms and in bringing about democratic change Taking up on this theme this book examines the myriad ways in which opposition groups across the Arab world have sought to coalesce into broader reform coalitions at the local national and transnational levels to challenge authoritarian incumbents and their policies Drawing on original case studies from the region it sheds light on the diverse nature and objectives of these reform coalitions and explores the challenges opposition groups face in Arab states in uniting behind a common reform agenda and in driving this agenda forward Be they electoral pacts local government coalitions broader opposition alliances or networks of resistance this book demonstrates that although widespread the record of collective opposition activism in the Arab world is mixed with many reform coalitions lacking the necessary cohesion and mass appeal to effectively mobilise for change This book was originally published as a special issue of British Journal of Middle Eastern Studies **Regimes and Oppositions** Robert Alan Dahl, 1973-01-01

Some Conceptual and Empirical Issues in the Study of Regime Change Stephanie Lawson, 1991 *Authoritarian Elections and Opposition Groups in the Arab World* Gail J. Buttorff, 2018-12-13 This book examines how opposition groups respond to the dilemma posed by authoritarian elections in the Arab World with specific focus on Jordan and Algeria While scholars have investigated critical questions such as why authoritarian rulers would hold elections and whether such elections lead to further political liberalization there has been comparatively little work on the strategies adopted by opposition groups during authoritarian elections Nevertheless we know their strategic choices can have important implications for the legitimacy of the electoral process reform democratization and post election conflicts This project fills in an important gap in our understanding of opposition politics under authoritarianism by offering an explanation for the range of strategies adopted by opposition groups in the face of contentious elections in the Arab World *Legacies of Repression*

in Egypt and Tunisia Alanna C. Torres-Van Antwerp, 2022-03-10 When an authoritarian regime collapses what determines whether an opposition group will form a political party be successful in mobilizing voters and survive or dissolve as a group in subsequent years Based on unique field research this examines how legacies of authoritarian rule shaped the outcome of Egypt's 2011 founding elections

Regimes And Oppositions Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Regimes And Oppositions free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Regimes And Oppositions free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Regimes And Oppositions free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Regimes And Oppositions. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be

cautious and verify the legality of the source before downloading Regimes And Oppositions any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Regimes And Oppositions Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Regimes And Oppositions is one of the best book in our library for free trial. We provide copy of Regimes And Oppositions in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Regimes And Oppositions. Where to download Regimes And Oppositions online for free? Are you looking for Regimes And Oppositions PDF? This is definitely going to save you time and cash in something you should think about.
