Regional Development and Settlement Policy David Dewar (B.A.),A. Todes,Vanessa Watson,1986-01-01 *Regional Development and Settlement Policy* David Dewar,Alison Todes,Vanessa Watson,2017-09-05 Originally published in 1986 This book focusses on a critical analysis of regional development strategy in South Africa and shifts over time in that strategy Regional development theory and thinking about settlement policy have developed largely independently of each other This book clarifies some of the resulting confusion and points towards a greater integration of the two areas of understanding The book provides an overview of shifts which occurred in national and regional development theory and the broader social economic and political factors which influenced these shifts It identifies the major policy implications of the various development approaches with particular emphasis placed on the role of settlement policy The differences between policy approaches and the debates surrounding them are identified and discussed Transforming Settlement in Southern Africa Chris de Wet,2020-03-31 This volume examines the ways in which changing political and economic processes impact upon patterns of population movement and settlement It focuses on the southern African region as it has moved from the experiments of the early independence era through civil war and refugee flight into the current era characterised by globalization and the demise of apartheid Focused case studies from across the region deal with specific aspects of these transformations and their policy implications Contemporary South Africa and the Political Economy of Regional Development Methembe Mdlalose,Isaac Khambule,Nene Ernest Khalema,2025-02-21 South Africa s struggle in balancing its domestic needs while playing a dynamic developmental role in the African region and global context exposes a complex web of relations shaped by its geostrategic location on the continent and the world and the staggering legacies of colonialism and apartheid As such understanding the complexities of the global economy and of South Africa s place in it is of great importance This book builds upon an existing body of literature which has demonstrated that while the post apartheid South African state has recast its nation building goals with advances having been made notably in the area of a stellar post apartheid constitution policy directives and democratic political integration economic integration and policy implementation presents a projection of captured interests where big business concerns are entrenched in the post apartheid state s apparent neo liberal turn The main focus of the book is to contextualise issues relating to three main trends in global discourses on development which are significant for South Africa and indeed for the study of the political economy of regional development in the country from the prism of South Africa as a global capitalist state These trends include the impact of globalisation regionalisation and the marginalisation of South Africa and indeed the African continent in the global economy thus unpacking the possible role that South Africa might play in regional development This volume will be a valuable resource to academics researchers and students in the fields of regional studies economics and political theory as well as policymakers planners and local economic development practitioners Global Regionalization H. S.

Geyer,2006-01-01 Global Regionalization examines the astonishing political and economic changes that have completely reshaped the political geography of certain regions during the past fifteen years It deals with the concept of global bloc formation examining the impacts that changing political economic conditions and relationships in and between nations have on demographic and economic flows *Indian Geography in the 21st Century* Ravi S.
