

The background of the cover is a dark, moody illustration. It depicts a man and a woman in a close embrace. The man, on the right, has long, dark hair and is wearing a dark, possibly leather, coat. A sword is visible, tucked into a scabbard on his back. The woman, on the left, has long, dark hair that is blowing in the wind, creating a sense of movement. She is wearing a dark, sleeveless top. They are both looking down, their faces close together in a tender yet somber moment. The background is a dark, hazy sky with a warm, orange glow from a low sun or moon, and some small, golden particles floating in the air.

Rejected Lovers:

Rejected Lovers Melissa W. Hart, 2024-03-28 Atticus and Olivia have a past and share the same fate But as they re trying to move on from the cruel cards they ve been dealt with in life a presence with evil intentions looms over them like a bad omen When they re finally given a chance at happiness will fate smile down on them or are they doomed forever You ve got chocolate on your lip He chuckles as I try to wipe it Come here I lean in and he wipes the corner of my lip but the whole time his eyes are on mine The intensity of them makes me hold my breath which escapes when he leans forward His eyes flicker between mine and my lips hesitantly yet I can t find words because I m freaking out inside And just as we re a breath away he stops I make a noise of frustration before grabbing his collar and pulling him to me He smiles breathtakingly before finally pressing his lips to mine It feels like I got shocked at first and then the lightest flurry of tingles shoots through my body deliciously I wind my arms around his neck and push myself closer craving more of him His lips are soft as he kisses me sweetly and eventually coaxes my lips to open I let him in and our tongues become engaged in an enticing dance before we pull away I m slightly out of breath as we stare at each other Atticus grins boyishly before leaning in as if not being able to resist and pecking my lips a few times I missed the feel of your lips on mine And just like that I feel myself burst with happiness Well I don t mind making up for lost time Come here then He chuckles before his lips come crashing down on mine once more

The Rejected Lovers William Steig, 1973 **Why We Love** Helen Fisher, 2005-01-02 A groundbreaking exploration of our most complex and mysterious emotion Elation mood swings sleeplessness and obsession these are the tell tale signs of someone in the throes of romantic passion In this revealing new book renowned anthropologist Helen Fisher explains why this experience which cuts across time geography and gender is a force as powerful as the need for food or sleep Why We Love begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love She proves at last what researchers had only suspected when you fall in love primordial areas of the brain light up with increased blood flow creating romantic passion Fisher uses this new research to show exactly what you experience when you fall in love why you choose one person rather than another and how romantic love affects your sex drive and your feelings of attachment to a partner She argues that all animals feel romantic attraction that love at first sight comes out of nature and that human romance evolved for crucial reasons of survival Lastly she offers concrete suggestions on how to control this ancient passion and she optimistically explores the future of romantic love in our chaotic modern world Provocative enlightening and persuasive Why We Love offers radical new answers to the age old question of what love is and thus provides invaluable new insights into keeping love alive

Dreams of Love and Fateful Encounters Ethel S. Person, 2007-04-02 This groundbreaking study has been widely hailed for its focus on a human emotion generally considered impervious to rational analysis romantic passionate love Ethel Person views romantic love as a powerful agent of change arguing that it is as central to human culture as it is to human existence This new edition of Dreams of Love and Fateful

Encounters emphasizes the relevance of passion not only to lovers but also to mental health professionals whose patients often enter treatment because of love related issues from the inability to love or make a commitment to the perils of extramarital love to love sickness or loss of love She forthrightly addresses not only the power of love to unlock the soul but also its inherent paradoxes and conflicts Employing a philosophical perspective in order to understand the existential dilemmas posed by love and a cultural perspective in order to understand its cultural variability Dr Person breaks with contemporary intellectual and philosophical dismissive assumptions about romantic love She acknowledges love's vital importance and power proposing that passion serves an important function not only for the individual but also for the culture while charging psychoanalysis with a reductionist emphasis on sexuality and psychopathology that has narrowed the focus of inquiry into love Among the issues she discusses are romantic love's sources in our early lives its relationship to imagination and creativity and its capacity to enable the lover to transcend the self how romantic love often demands a reordering of values and promotes personal growth by exposing the self to new risks and possibilities the transformational potential of transference love in the therapy process flaws in the common misperception that women are more influenced by romantic love than men considerations of homosexual love love across generations and love triangles focusing on the individual growth that can result from such relationships Citing accounts of love drawn from literature film and real life Person focuses on the lover's internal soliloquy and external dialogue with the beloved that can develop over an individual's life An uplifting resource for people experiencing failing or unorthodox romances *Dreams of Love and Fateful Encounters* boldly takes on issues pertinent to lovers to professionals who encounter patients for whom key conflicts revolve around romantic love and to anyone who has struggled to understand the importance of romantic love in his or her own life *Interpersonal Rejection*

Mark R. Leary, 2006-08-24 Interpersonal rejection ranks among the most potent and distressing events that people experience Romantic rejection ostracism stigmatization job termination and other kinds of rejections have the power to compromise the quality of people's lives As a result people are highly motivated to avoid social rejection and indeed much of human behavior appears to be designed to avoid such experiences Yet despite the widespread effects of real anticipated and even imagined rejections psychologists have devoted only passing attention to the topic and the research on rejection has been scattered throughout a number of psychological subspecialties e.g. social clinical developmental personality In the past few years however we have seen a surge of interest in the effects of interpersonal rejection on behavior and emotion The goal of this book is to pull together the contributions of several scholars whose work is on the cutting edge of rejection research providing a scholarly yet readable overview of recent advances in the area In doing so it not only provides a look at the current state of the area but also helps to establish the topic of rejection as an identifiable area for future research Topics covered in the book include ostracism unrequited love betrayal stigmatization rejection sensitivity rejection and self esteem peer rejection in childhood emotional responses to rejection and personality moderators of reactions to rejection The Six

Archetypes of Love Allan G. Hunter, 2008-09-01 Addressing the need to understand the role of love in life this compendium of startling insights relates love to the spiritual development in each of six universal archetypes Attempting to answer such questions as What is love How do we find it and how can we keep it Why are there so many puzzling forms of it and Why do so many people get it so wrong the book shows how love relates to the self awareness in spiritual development for each archetype Whether describing an Innocent a Magician a Monarch an Orphan a Pilgrim or a Warrior Lover the featured archetype profiles offer essential guidance about what level of awareness is currently being lived how to transition to the next stage and how love can be nurtured Each stage of development is tied to the ancient wisdom of the Tarot the visual images of which act as reminders as to what to expect on life's journey supported by real life and pop culture examples that provide more immediate accessibility

Social Relationships Joseph P. Forgas, Julie Fitness, 2008 Human beings are an intrinsically gregarious species our personal relationships are of immense interest to us and are a key factor in achieving happiness and well being From the moment of birth humans crave love and intimacy and we devote much energy to creating and maintaining successful personal relationships throughout our personal and our working lives However modern industrialized societies present a particularly challenging environment for sustaining rewarding personal relationships Understanding how people initiate develop maintain and terminate relationships is one of the core issues in psychology and the subject matter of this book Contributors to this volume are all leading researchers in relationship science and they seek here to explore and integrate the subtle influence that evolutionary socio cultural and intra psychic cognitive affective and motivational variables play in relationship processes In addition to discussing the latest advances in areas of relationship research they also advocate an expanded theoretical approach that incorporates many of the insights gained from evolutionary psychology social cognition and research on affect and motivation The contributions should be highly relevant to researchers teachers students laypersons and to everyone who is interested in the subtleties of human relationships The book is also highly recommended to clinical health and relationship professionals who deal with relationship issues in their daily work

The New Psychology of Love Robert Jeffrey Sternberg, Robert J. Sternberg, Karin Weis, 2006-01-01 As a follow up to The Psychology of Love which was published in 1988 this new collection engages with the many changes in the study of love in recent years New theories are introduced as are modifications to existing theories

The Oxford Handbook of Personality and Social Psychology Kay Deaux, Mark Snyder, 2018-10-02 The second edition of The Oxford Handbook of Personality and Social Psychology beautifully captures the history current status and future prospects of personality and social psychology Building on the successes and strengths of the first edition this second edition of the Handbook combines the two fields of personality and social psychology into a single integrated volume offering readers a unique and generative agenda for psychology Over their history personality and social psychology have had varying relationships with each other sometimes highly overlapping and intertwined other times contrasting and competing Edited by Kay Deaux and Mark Snyder

this Handbook is dedicated to the proposition that personality and social psychology are best viewed in conjunction with one another and that the synergy to be gained from considering links between the two fields can do much to move both areas of research forward in order to better enrich our collective understanding of human nature Contributors to this Handbook not only offer readers fascinating examples of work that cross the boundaries of personality and social psychology but present their work in such a way that thinks deeply about the ways in which a unified social personality perspective can provide us with a greater understanding of the phenomena that concern psychological investigators The chapters of this Handbook effortlessly weave together work from both disciplines not only in areas of longstanding concern but also in newly emerging fields of inquiry addressing both distinctive contributions and common ground In so doing they offer compelling evidence for the power and the potential of an integrated approach to personality and social psychology today
