Fundamentals of Feminist Gerontology J. Dianne Garner, 1999 Fundamentals of Feminist Gerontology strives to increase women's self esteem and their overall quality of life by encouraging education and putting a stop to age sex and race discrimination As a student or professional in psychology social work or gerontology you will learn about feminist conceptions of retirement economic issues psychological issues and social issues and you will explore studies on old age discrimination and devaluation and sexism toward women in Western societies to gain an understanding of the experiences of older Western women This book also shows how some women are experiencing empowerment through alternative health care such as mind body therapies homeopathy aromatherapy and herbal medicine Fundamentals of Feminist Gerontology will provide you with the tools to offer effective therapy to women to help them improve their own lives **HIV, Sex and**

Sexuality in Later Life Mark Henrickson, Casey Charles, Shiv Ganesh, Sulaimon Giwa, Kan Diana Kwok, Tetyana Semigina, 2024-05-21 Drawing on international perspectives and research this book explores the experiences of sex and sexuality in individuals and groups living with HIV in later life 50 *Self and Identity Through the Life Course in*

Cross-Cultural Perspective Timothy J Owens, 2000 This volume represents a new name and a new focus for its predecessor Current Perspectives on Aging and the Life Cycle volumes 1 4 We begin our new series now titled Advances in Life Course Research with volume 5 Its statement of purpose is the publication of theoretical analyses reviews policy analyses and positions and theory based empirical papers on issues involving all aspects of the human life course It adopts a broad conception of the life course and invites and welcomes contributions from all disciplines and fields of study interested in understanding describing and predicting the antecedents of and consequences for the course that human lives take from birth to death within and across time and cultures construed in its broadest sense regardless of methodology theoretical orientation or disciplinary affiliation **Handbook of Communication and Aging Research** Jon F. Nussbaum, Justine

Coupland, 2004-04-12 This second edition of the Handbook of Communication and Aging Research captures the ever changing and expanding domain of aging research Since it was first recognized that there is more to social aging than demography gerontology has needed a communication perspective Like the first edition this handbook sets out to demonstrate that aging is not only an individual process but an interactive one The study of communication can lead to an

understanding of what it means to grow old We may age physiologically and chronologically but our social aging how we behave as social actors toward others and even how we align ourselves with or come to understand the signs of difference or change as we age are phenomena achieved primarily through communication experiences Synthesizing the vast amount of research that has been published on communication and aging in numerous international outlets over the last three decades the book s contributors include scholars from North America and the United Kingdom who are active researchers in the perspectives covered in their particular chapter Many of the chapters work to deny earlier images of aging as involving normative decrement to provide a picture of aging as a process of development involving positive choices and providing new opportunities A recurring theme in many chapters is that of the heterogeneity of the group of people who are variously categorized as older aged elderly or over 65 The contributors review the literature analytically in a way that reveals not only current theoretical and methodological approaches to communication and aging research but also sets the future agenda This handbook will be of great interest to scholars and researchers in gerontology developmental psychology and communication and in this updated edition will continue to play a key role in the study of communication and aging

Women's Anger Deborah Cox,Sally Stabb,Karin Bruckner,2016-03-23 First published in 2000 Women s Anger brings together in an integrated presentation of anger over the lifespan theoretical understandings clinical experiences empirical research and the lived experience of anger for women and girls Women s Anger offers a combined focus of feminist and developmental perspectives on anger the psychology of emotion and applied theory It also focuses on the adaptive and functional aspects of women s anger rather than on the traditional psychopathology based models The reader will be introduced to several clinical illustrations from actual clients as well as to personal accounts of women and girls talking about their own perspectives on anger *Researching Later Life and Ageing* Miranda Leontowitsch,2016-11-09 This collection on researching later life and ageing critically reflects upon the qualitative methods used in gaining knowledge of under researched groups of older people and sets out future research agendas **Family Ties and Aging** Ingrid Arnet Connidis,2001-06-19 This book presents a wealth of information on family ties and aging and would be a good text for undergraduates Victor G Cicirelli Purdue Univeresity Overall the book is really very good All the chapters are excellent impressive in its breadth and depth There is nothing like it on the market and I predict that it will be widely adopted Sarah Matthews Cleveland State University I am very excited about this book I believe it will fill a crucial niche in the field of gerontology There have been a few slim textbooks on family and aging issues in the past but none as comprehensive as this one There are many attractive features excellent coverage of diversity in family experiences according to racial ethnic and sexual orientation group membership indication of diversity of family and aging experiences according to socioeconomic class many useful examples of critical thinking section introductions and summaries that serve as useful learning tools I like the fact that U S and Canadian data are intertwined I think it will give students a broader perspective of the world than they

typically get from textbooks Rosemary Blieszner Virginia Polytechnic Institute State University The book is written in a style that is easy to read and presents details carefully but without tedium It would be appropriate for an advanced undergraduate course or a graduate course I enjoyed reading this book This is a topic I am interested in and I think the author did a nice job of communicating both the old and the new the traditional and the nontraditional issues of importance in the study of the family Toni Antonucci University of Michigan This book examines the vast range of information about the many facets of family relationships and aging and compiles it into a critical comprehensive and integrated whole providing an integrated and thorough representation of the field

Desexualisation in Later Life Paul Simpson, Paul Reynolds, Trish Hafford-Letchfield, 2021-07-19 Despite evidence of a more sexually active third age ageing and later life 50 are still commonly represented as a process of desexualisation Challenging this assumption and ageist stereotypes this interdisciplinary volume investigates the experiential and theoretical landscapes of older people's sexual intimacies practices and pleasures Contributors explore the impact of desexualisation in various contexts and across different identities orientations relationships and practices This enlightening text reflecting international scholarship considers how we can distinguish the real challenges faced by older people from the prejudices imposed on them

men and women have been discussed extensively in feminist literature but power relationships between women the
significance of in law relationships between women has largely been overlooked There is very little positive imagery
surrounding the role of the mother in law Why do myths about interfering mothers in law predominate Why are mother in law
relationships seen as fraught with conflict and not expected to go well What gives rise to these ideas how are they
maintained and how do they effect family life Friendly Relations examines the popular imagery expressed in mother in law
jokes and demonstrates how daughters in law come to hold the balance of power in the relationship and are able to control it
in ways not available to mothers in law The book explores how these relationships are supported and maintained within the
context of private and public Notions Family Life It Traces The Development Of The Relationship through the life course
demonstrating the influence of significant events such as divorce cohabitation grandparenting ageing and widowhood The
book tackles areas of private life which are often Difficult To Talk About And Negative Emotions Such As Jealousy And
possessiveness However the author refutes the idea that the relationship is always fraught with tension and conflict and
