Released To Reign:

Released to Reign Charles Trombley, 1979-12 *The Number Ones* Tom Breihan, 2022-11-15 Beloved music critic Tom Breihan's fascinating narrative of the history of popular music through the lens of game-changing 1 singles from the Billboard Hot 100 When Tom Breihan launched his Stereogum column in early 2018 *The Number Ones* a space in which he has been writing about every 1 hit in the history of the Billboard Hot 100 in chronological order he figured he'd post capsule size reviews for each song But there was so much more to uncover The column has taken on a life of its own sparking online debate and occasional death threats The Billboard Hot 100 began in 1958 and after four years of posting the column Breihan is still in the early aughts But readers no longer have to wait for his brilliant synthesis of what the history of 1s has meant to music and our culture In *The Number Ones* Breihan writes about twenty pivotal 1s throughout chart history revealing a remarkably fluid and connected story of music that is as entertaining as it is enlightening *The Numbers Ones* features the greatest pop artists of all time from the Brill Building songwriters to the Beatles and the Beach Boys from Motown to Michael Jackson Prince and Mariah Carey and from the digital revolution to the K pop system Breihan also ponders great artists who have never hit the top spot like Bob Dylan Bruce Springsteen and James Brown Breihan illuminates what makes indelible ear candy across the decades including dance crazes recording innovations television phenomena disco AOR MTV rap compact discs mp3s social media memes and much more leaving readers to wonder what could possibly happen next **The Who on Record** John Atkins, 2015-06-14 More than just a biography or discography this work is a thoroughly detailed guide to every known recording of the legendary British rock band The Who their entire range from their early hits of the 1960s through the ambitious concept works to their later successes Many previously uncovered facts are incorporated into the text and the author has been able to glean exclusive information from The Who's archives Unrealized Who projects are discussed and analyzed for the first time in print Finally the work contains a discography of CDs and an exhaustive appendix of every known Who song *Press Releases* United States Department of State, 1937 *Trajectories of Justice* Robert Karl Gnuse, 2016-08-25 The Bible proclaims a message of liberation Though the Bible arose in an age when slavery and patriarchalism permeated society the biblical authors sought to elevate the rights of slaves the poor and women Their attempts to elevate the oppressed set in motion a trajectory of evolution which we should still be advancing today Critics of the Bible declare that it accepts slavery and the subordination of women but they fail to understand the biblical texts in their historical context For their age the biblical authors were advanced in their understanding of human rights and the democratic values we hold today actually resulted from their early attempts to affirm the dignity and rights of slaves and women It is equally important that we critique those spokespersons of the church who quote the Bible literally but have lost sight of its historical context so that they might still subordinate women today Such spokespersons also declare that the Bible condemns homosexuality But a closer reading of the text discerns that those few passages that address same sex relations

actually condemn rape ritual prostitution and master slave relations To use the Bible to condemn people is to misuse the Bible

Foundations, in the Counties of Cornwall and Devon, with Historical Notices, and a Supplement ...** George Oliver,1846 **The Believer's Guide to Bible Chronology** Charles Ozanne,2011-01-21 In this work the whole panorama of Bible Chronology has been subjected to close examination from the creation of Adam to the end of Acts The aim has been to open up that system of dating which commends itself as most probably correct from the biblical perspective Having done that he has looked for ways to harmonise the resultant scheme with the contradictory dates derived from the Assyrian Eponym Canon and would like to think that he has succeeded in some measure in explaining how the discrepancies arose

Hostile Aliens, Hollywood and Today's News Melvin E. Matthews,2007 1950s Cold War era monsters meet 21st century terrorists Matthews provides a thoughtful interpretation of sci fi movies that examines the similarities and differences between the political environment and popular culture of two eras This well researched examination and appreciation of science fiction films includes behind the scenes tales about their production and many quotes from those who produced and starred in the films The book will tantalize not only fans of the science fiction genre but also sociologists film historians and politicians The author draws parallels between the Cold War fears of the 1950s and 60s and the constant terrorism alerts of the September 11th era exploring how the politics and the psychological climate of the times influences and is reflected in this vehicle of popular culture This book is the first of its kind studying the pop culture genre in the wake of the September 11th tragedy The alien invaders of the 1950s signified a Russian invasion of America while other films of the genre such as Invaders from Mars depicted aliens utilizing mind control to manipulate humans to commit acts of sabotage signifying Communist enslavement If such a film were made now such invaders could be seen as terrorist masterminds using human slaves to commit terrorist acts Them the 1954 atomic mutation classic is the spiritual ancestor of the 2002 film Eight Legged Freaks Finally several 1950s films depicted the end of the world at a time when Americans expected a nuclear war with Russia Godzilla the only 1950s era monster to remain a movie star beyond that era can be fashioned to reflect whatever issues dominate the times nuclear war in the 1950s environmental pollution in the 1970s Conceivably a Godzilla for the age of terrorism is soon to be released The immediate pre September 11th era witnessed films presenting galactic threats to mankind s existence Independence Day Armageddon Deep Impact while the early 2000s witnessed the popularity of the Left Behind Christian films dramatizing the Tribulation period in the Book of Revelation It seems that whatever the era and

whatever the challenges and crises confronting America many entertainment themes remain the same reflecting their respective times and the relevant issues Melvin E Matthews Jr is a freelance writer and a horror movie aficionado who has been studying the genre for thirty years In this work he shares his personal correspondence with film and television star Beverly Garland and brings together a wealth of detail about the fun and the challenges of the costumes stunts and special effects as well as the actors and producers thoughts on the meaning behind the stories The Victorian Statutes

Victoria,1876 The Complete Concordance to Shakespeare Mary Cowden Clarke,1886 **Life in Asiatic Turkey** Edwin John Davis,1879 This travel diary covers territory in Syria and the rural Asian provinces of the Ottoman Empire areas the author deems to be sadly unvisited by American tourists The author made a special effort to avoid officials rather spending time with average people and he was sympathetic to them He asserts that Christians are not especially oppressed by the government rather both Muslims and Christians are misruled The book was researched and written in the aftermath of the Russo Turkish War and so the author includes discussion of the relative virtue of Russian rule as well as the impact of the war on the common people Much of the account is taken up with describing the landscape and physical features of the territory rather than just cultural description and political commentary The author includes a historical summary of the region and an analysis of the Muslim poor in separate sections at the end of the book *Entertaining Tucson Across the Decades, Volume 3: 1990s* Robert E.
