Russia Under Catherine The Great Set:

Russia in the Age of Reaction and Reform 1801-1881 David Saunders, 2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of War and Peace and Anna Karenina brings the series near to completion David Saunders examines Russia's failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution Why despite so much effort did it fail This is a superb book both as a portrait of an age and as a piece of sustained historical analysis

Russia and Iran, 1780-1828 Muriel Atkin, 1980-05-01 Russia and Iran 1780-1828 was first published in 1980 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Modern Russo-Iranian relations date from the late eighteenth century when after several centuries of commercial and diplomatic contact the two nations entered a period of extended warfare for possession of the Caucasian borderlands disputed territory that eventually fell to Russia In her history of that struggle Muriel Atkin reassesses the motives of major figures on both sides and views the Iranians with more sympathy than Western and Russian historians have usually accorded them Russia embarked on her course in the Caucasus for reasons connected with defense or trade and with a longterm imperial goal based on uncritical acceptance of prevailing European doctrines of empire The new dynasty in Iran on the other hand had to fend off Russian attack and secure the borderlands in order to justify its basic claim to power In the end the wars brought major disruption to the already unstable borderlands and left Iran with a discredited government and a controversy over reforms and relations with the West that would continue to cause turmoil in subsequent generations

Renegades, Rebels and Rogues Under the Tsars Peter Julicher, 2003-08-25 In the Russia of the tsars people who criticized or questioned the autocratic prerogatives of the sovereign were brutally suppressed and sometimes actively persecuted So imbedded was this official hostility to anyone hoping to change or even influence government policy that even the most high minded reformers came to understand that the only way they could succeed was to overthrow the regime The author describes the activities of the most important dissidents and agitators from the reign of Ivan the Terrible to Nicholas II and the Communist Revolution in 1917 Many of these fascinating individuals were serious activists endeavoring to improve society others were opportunistic scoundrels and adventurers The author explores the causes that provoked them and the consequences they faced and explains how time and time again the tsars were goaded into mistakes and over reaction

Littell's Living Age, 1849 The Modernisation of Russia, 1676-1825 Simon Dixon, 1999-07-29 This is the first book to place Russia's long eighteenth century squarely in its European context The conceptual framework is set out in an opening critique of modernisation which while rejecting its linear implications maintains its focus on the relationship between government economy and society Following a chronological introduction a series of thematic chapters covering topics such as finance and taxation society government and politics culture ideology and economy emphasise the ways in which Russia's international ambitions as an emerging great power provoked administrative and fiscal reforms with wide ranging and often unanticipated social consequences This thematic analysis allows Simon Dixon to demonstrate that the more the tsars tried to modernise their state the more backward their empire became A chronology and critical bibliography are also provided to allow students to discover more about this colourful period of Russian history *Littell's Living Age* Eliakim Littell, Robert S. Littell, 1849 Congressional Record United States. Congress, 1976 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **The Romanovs** Simon Sebag Montefiore, 2016 The acclaimed author of *Young Stalin* and *Jerusalem* gives readers an accessible lively account based in part on new archival material of the extraordinary men and women who ruled Russia for three centuries NoveList Russian Writers and Society in the Nineteenth Century Ronald Hingley, 2021-06-15 This book first published in 1977 begins with a close look at the lives of nineteenth century Russian writers and at the problems of their profession It then examines their environment in its broader aspects the Russian empire being considered from the point of view of geography ethnography economics and the impact of individual Tsars on writers and society A discussion of the main social estates follows and concluding is an analysis in their literary context of the activities of the competing forces of cohesion and disruption in imperial society the civil service law courts police army schools universities press censorship revolutionaries and agitators This book makes possible a fuller understanding of the works of Pushkin Dostoyevsky Chekhov and the other great Russian writers **The House in the Garden** John Randolph, 2018-07-05 Aspiring thinkers require a stage for their performance and an audience to help give their actions distinction and meaning To be made durable and influential their charismatic stories have to be framed by supporting ideals practices and institutions Although the biographies of the Empire's most famous thinkers have a comfortable platform in modern Russia's printed record scholars

have yet to explore fully the intimate context surrounding their activities in the early nineteenth century. There is as a result a certain homeless quality to our understandings of Imperial Russian culture which this history of one extremely productive home will help us correct from *The House in the Garden*. *The House in the Garden* explores the role played by domesticity in the making of Imperial Russian intellectual traditions. It tells the story of the Bakunins, a distinguished noble family who in 1779 chose to abandon their home in St Petersburg for a rustic manor house in central Russia's Tver Province. At the time the Russian government was encouraging its elite subjects to see their private lives as a forum for the representation of imperial virtues and norms. Drawing on the family's vast archive, Randolph describes the Bakunins' attempts to live up to this ideal and to convert their new home, Priamukhino, into an example of modern civilization. In particular, Randolph shows how the Bakunin home fostered the development of a group of charismatic young students from Moscow University who in the 1830s sought to use their experiences at Priamukhino to reimagine themselves as agents of Russia's enlightenment. Some of the story Randolph tells is familiar to historians. The anarchist Mikhail Bakunin, whose early philosophical evolution Randolph describes, was born at Priamukhino, while the radical critic Vissarion Belinsky claimed to have been transformed by his experiences there. When Tom Stoppard sought to portray the spiritual history of the Russian intelligentsia in his trilogy *The Coast of Utopia*, he chose Priamukhino as the scene for act 1. Yet Randolph's research allows us to watch this drama from a radically different perspective. It shows how the culture of Russian Idealism, so long presumed to be a product of alienation, actually relied on the support provided by the cult of distinction that the Russian government had built around noble homes. It also allows us to see the other actors and agents of private life, and most notably the Bakunin women, as participants in the creation of modern Russian social thought. The result is a work that revises our understanding of Russian intellectual history while also contributing to the histories of women, gender, private life, and memory in nineteenth-century Russia.
