Russian Regions And Regionalism

Xosé M. Núñez Seixas, Eric Storm

Russian Regions And Regionalism:

Russian Regions and Regionalism Anne Aldis, Graeme P. Herd, 2003-08-29 The emergence of large regions within Russia as centres of gravity for political and international power and the changing relationship between these emerging regions and the centre are critically important factors currently at work within Russia This book examines the whole question of Russian regions and regionalism It considers important themes related to regionalism including demography security military themes and international relations and looks at a wide range of particular regions as case studies It discusses the extent to which regions have succeeded in establishing themselves as centres of power and assesses the degree to which President Putin is succeeding in incorporating regions into a hierarchy of power in which the primacy of the centre is retained *Russia's Regional Identities* Edith Clowes, Gisela Erbslöh, Ani Kokobobo, 2018-01-17 Contemporary Russia is often

viewed as a centralised regime based in Moscow with dependent provinces made subservient by Putin's policies limiting regional autonomy This book however demonstrates that beyond this largely political view by looking at Russia's regions more in cultural and social terms a quite different picture emerges of a Russia rich in variety with different regional identities cultures traditions and memories The book explores how identities are formed and rethought in contemporary Russia and outlines the nature of particular regional identities from Siberia and the Urals to southern Russia from the Russian heartland to the non Russian republics *The Decline of Regionalism in Putin's Russia* J. Paul Goode, 2011-05-11 This book reassesses Putin's attempt to reverse the decentralization of power that characterised centre regional relations in the 1990s focusing on regional responses to Putin's federal reforms It explains the decline of regionalism after 2000 in terms of the dynamics of regional boundaries understood as the juridical boundaries which demarcate a region's territorial extent and its resources institutional boundaries that sustain regional differences and cultural boundaries that define the ethnic or technocratic principles on which a region could claim legitimate existence The book questions the conventional wisdom regarding the success of Putin's regime It shows how regional governors responded not by attempting to deflect the reforms with outright resistance but by mimicking Putin's centralisation of power at the regional level In turn this facilitated the homogenisation of regional political regimes and regional mergers The book demonstrates how the reordering of regions advanced sporadically how pockets of resistance persist and how the potential for the revival of regionalism continues

Imagining Russian Regions Susan Smith-Peter, 2017-10-02 In *Imagining Russian Regions* Subnational Identity and Civil Society in Nineteenth Century Russia Susan Smith Peter shows how ideas of civil society encouraged the growth of subnational identity in Russia before 1861 Adam Smith and G W F Hegel's ideas of civil society influenced Russians and the resulting plans to stimulate the growth of civil society also formed subnational identities It challenges the view of the provinces as empty space held by Nikolai Gogol who rejected the new non noble provincial identity and welcomed a noble only district identity By 1861 these non noble and noble publics would come together to form a multi estate provincial civil

society whose promise was not fulfilled due to the decision of the government to keep the peasant estate institutionally separate

Regionalism and Modern Europe Xosé M. Núñez Seixas, Eric Storm, 2018-12-13 Providing a valuable overview of regionalism throughout the entire continent Regionalism in Modern Europe combines both geographical and thematic approaches to examine the origins and development of regional movements and identities in Europe from 1890 to the present A wide range of internationally renowned scholars from the USA the UK and mainland Europe are brought together here in one volume to examine the historical roots of the current regional movements and to explain why some of them Scotland Catalonia and Flanders among others evolve into nationalist movements and even strive for independence while others Brittany Bavaria do not They look at how regional identities through regional folklore language crafts dishes beverages and tourist attractions were constructed during the 20th century and explore the relationship between national and subnational identities as well as regional and local identities The book also includes 7 images 7 maps and useful end of chapter further reading lists This is a crucial text for anyone keen to know more about the history of the topical and at times controversial subject of regionalism in modern Europe

Holding-Together Regionalism: Twenty Years of Post-Soviet Integration Alexander Libman, E. Vinokurov, 2012-09-27 An in depth analysis of one of the most important and complex issues of the post Soviet era namely the re integration of this highly interconnected region The book considers the evolution of holding together groups since the collapse of the Soviet Union in 1991 looking at intergovernmental interaction and informal economic and social ties

Regionalization and Globalization in the Modern World Economy Alex E. Fernández Jilberto, André Mommen, 2017-03-16 Originally published in 1998 This collection of outstanding essays explores the importance of regionalization and globalization to the world economy International contributions explore the process of regionalization in the Pacific Area The Americas Africa and Europe and question whether the world economy is characterized by increasing regionalization rather than globalization The book is an excellent contribution to debate on development economics It investigates how the processes of globalization and regionalization driven by liberalization of trade and capital markets weaken nationally established monopolies and protected industries and it looks at the challenge to Third World nations and the countries of the former socialist bloc

Japan's Subnational Governments in International Affairs Purnendra Jain, 2006-03-13 This book moves away from the common belief that Japan's international relations are firmly the preserve of the national government in Japan's highly centralised political system Examining examples of subnational governments SNGs across Japan the book uncovers a significant and generally unrecognised development in Japanese politics SNGs are ever more dynamic international actors as national borders weaken across the world Exploring what Japanese SNGs do where they do it and why the book considers the implications of these factors for Japan's international relations and domestic politics By bringing to light the scope and consequences of the international actions of Japan's SNGs this book provides a more accurate and nuanced understanding of the country's foreign policy at a time when it is pursuing a broader and more

active profile in international affairs **Globalism and the New Regionalism** Osvaldo Sunkel, András Inotai, 2016-07-27 This is the first of five volumes reporting on the UNU WIDER study on New Regionalism It deals with the conceptions and meanings of two processes which probably will have a crucial influence on the shape of the new world order globalization and regionalization These studies relate to each other as challenge to response globalization being the challenge of economic and cultural homogenization of the world and regionalization being a social and political reaction The leading writers in the field contribute thought provoking and fascinating articles to this volume The Political Economy of Regionalism Michael Keating, John Loughlin, 2013-07-04 Examining the effects of economic and political restructuring on regions in Europe and North America the main themes here are international economic restructuring political realignments questions of territorial identity and policy choices and policy conflicts in regional development **From Submission To Rebellion** Vladimir Shlapentokh, Roman Levita, Mikhail Loiberg, 2018-02-20 This book addresses the relationship between the center and its provinces an important issue in any society using Russia as a case study It analyses the historical stages of Russia's past with special focus on the post Communist era **Between Heaven and Hell** G. Diment, Y. Slezkine, 2016-04-30 Siberia has no history of independent political existence no claim to a separate ethnic identity and no clear borders Yet it could be said that the elusive country behind the Urals is the most real and the most durable part of the Russian landscape For centuries Siberia has been represented as Russia's alter ego as the heavenly or infernal antithesis to the perceived complexity or shallowness of Russian life It has been both the frightening heart of darkness and a fabulous land of plenty the House of the Dead and the realm of utter freedom a frozen wasteland and a colourful frontier a dumping ground for Russia's rejects and the last refuge of its lost innocence The contributors to *Between Heaven and Hell* examine the origin nature and implications of these images from historical literary geographical anthropological and linguistic perspectives They create a striking fascinating picture of this enormous and mysterious land *Russian Regionalism* Steven Rosefielde, 2003

Globalization, Security, and the Nation State Ersel Aydinli, James N. Rosenau, 2012-02-01 This volume studies the links among the concepts of globalization security and the authority of the nation state drawing attention to why and how these three concepts are interrelated and why they should be studied together Contributors explore the connections between security and global transformations and the corresponding or resulting changes in state structures that emerge Probing and extending existing paradigms the book offers three regional cases studies the periphery states of the Middle East and North Africa the second world states of the Russian Federation and the core states of the European Union It concludes with three chapters that synthesize the above themes to identify corresponding changes in the patterns of international politics

Regional politics in Russia Cameron Ross, 2024-06-04 This innovative multi contributed book now available in paperback argues convincingly that Russia will never be able to create a viable democracy as long as authoritarian regimes are able to flourish in the regions The main themes covered are democratisation at the regional level and the problems faced

by the federal states in forging viable democratic institutions in what is now a highly asymmetrical Federation. A major strength of the book lies in its combination of thematic chapters with case studies of particular regions and republics. Very little has been published to date on the actual processes of democratisation in particular republics and regions. The book takes into account the literature available on the new institutionalism and outlines the importance of institutions in developing and maintaining democracy. It looks at the importance of sovereignty, federalism and democratic order and considers the distinct problems of party building in Russia's regions. Electoral politics are also considered fully. Before the book goes on to consider the whole issue of regional politics and democratisation in five particular areas of Russia: Novgorod, the Komi Republic, Russia's Far East, Tatarstan and Bashkortostan. The authors, the majority of whom are internationally recognised experts in their field, have been drawn from Britain, the USA, Russia and Germany, giving the book a truly global perspective.

Internationalization of Russian Regions and the Consequences for Russian Foreign and Security Policy Jeronim Perović, 2000

Regional and National Elections in Eastern Europe Arjan H. Schakel, 2017-02-11

This book is the second of two studies which systematically explore territoriality of the vote in Europe. They investigate when and where voters treat regional elections differently from national contests and aim to increase our understanding of the dynamics of electoral competition which have become increasingly multifarious and complex in many countries due to the establishment and strengthening of regional government. This volume brings together leading experts on elections who analyze differences between regional and national electoral outcomes in ten East European countries since 1990. Based on a common analytical framework, each chapter investigates congruence between regional and national elections and traces and explains second order and regional election effects. The editors applied a similar analytical framework in *Regional and National Elections in Western Europe* (Palgrave, 2013) which focused on 13 West European countries, enabling the authors to compare regional electoral dynamics between Eastern and Western Europe and observe to what extent explanations for territorial heterogeneity in the vote in the West also apply to the East. This book will be of particular interest to advanced students and scholars in the fields of comparative politics, regional studies, Eastern European politics and democratization.

Shaping the Economic Space in Russia Stefanie Harter, Gerald Easter, 2018-04-27

This title was first published in 2000. As the El'tsin era has now drawn to a close, numerous questions remain unanswered regarding the course of Russia's post-Communist traditions. El'tsin's exit from the presidential stage provides an opportunity to assess the achievements of Russia's multi-faceted reforms, to explain the factors that have most shaped the reform process and to identify the trends that are likely to continue under a presidential successor. This volume embodies such an effort. Its contents are the product of a conference held in May 1999 at the Federal Institute for East European and International Studies in Cologne, Germany. The institute convened an international group of scholars representing a variety of academic approaches to the study of transition economies in general and Russia in particular. The title of this volume has been taken from the overarching theme of the

conference The goal was determine the extent to which pre existing structures and norms of economic and political life have been fundamentally altered by the El tsin administration s reform campaigns and how these factors themselves have influenced the reform process

The Social Roots of Authoritarianism Natalia Forrat,2024-10-25 Why are some authoritarian regimes highly competitive and others highly unified Do they function differently And what does it mean for our understanding of democracy and democratization In The Social Roots of Authoritarianism Natalia Forrat describes two models of authoritarianism the first in which people see the state as their team leader and the other where they trust informal non state leaders and see the state as a source of perks or punishment Depending on which vision of the state is dominant in society she argues that autocrats must use different tools to consolidate their regimes or risk a pushback If people view the state as their team leader autocrats rely on social conformity and teamwork logic If people view the state as an outsider autocrats rely on clientelist bargains and utility maximization logic Unpacking the grassroots mechanisms maintaining unity based and division based authoritarianisms further Forrat compares the structures of political machines in four Russian regions She finds that the two regions with centralized organizational structures bound by social solidarity and team logic delivered predictable stable results across multiple elections But the other two regions that relied on decentralized structures with multiple levels of brokers acting independently of each other were less effective in delivering stable results Carefully crafted and sophisticated Forrat s theory of authoritarian power sheds new light on state society relations in Russia But it is also broadly applicable beyond Russia and helps explain the divergent patterns of regime maintenance strategies in authoritarian countries throughout the world

Trade Policies in Russia The Role of Local and Regional Governments OECD,2003-05-27 This book analyses the role of regional governments in the trade policy of the Russian Federation It examines regional trade related policies such as subsidies taxes and licensing and their implications

Russian Regions And Regionalism Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russian Regions And Regionalism PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to

personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russian Regions And Regionalism PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russian Regions And Regionalism free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Russian Regions And Regionalism Books

What is a Russian Regions And Regionalism PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Russian Regions And Regionalism PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Russian Regions And Regionalism PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Russian Regions And Regionalism PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Russian Regions And Regionalism PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives

for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
