Sacred In Life And Art:

The Sacred in Life and Art Philip Sherrard, 1990 The concept of a completely profane world of a cosmos wholly desacralized is a fairly recent invention of the Western mind and only now are we beginning to realize the appalling consequences of trying to order and mold our social personal and creative life in obedience to its dictates This book attempts to clarify what is demanded of us if we are to have any chance of avoiding the impending catastrophe It examines the nature and significance of the sacred itself and focuses on the ever present timeless qualities of beauty love and miracle through which we can be renewed and transformed whatever the condition of the world in which we live The Handbook of Dramatherapy Sue Jennings, Ann Cattanach, Steve Mitchell, Anna Chesner, Brenda Meldrum, Steve Mitchell Nfa, 2005-09-29 Dramatherapy is being increasingly practised in a range of therapeutic settings and is of growing interest to theatre practitioners and teachers The Handbook of Dramatherapy brings together five authors who have considerable experience of clinical artistic and educational work to provide an easy to read introduction to the major models of dramatherapy The authors explain the differences between dramatherapy and psychodrama discuss its relationship with theatre art look at assessment and evaluation techniques and argue the need for more appropriate methods of research for this increasingly popular form of therapeutic treatment The Handbook of Dramatherapy provides a comprehensive basis for theory and practice and will be an invaluable resource for all students of dramatherapy and theatre *American Phrenological Journal and Life Illustrated*, 1894 *Hebrew literature.
