SHAKESPEARE'S HANDWRITING Edward Maunde Sir Thompson, 1840-1929, British Museum Mss (Harleian 7368), 2016-08-29 Shakespeare's Handwriting Edward Maunde Thompson, 2015-07-21 Excerpt from Shakespeare's Handwriting A Study by Edward Maunde Thompson G C B An invitation from the Delegates of the Clarendon Press to contribute a chapter on Handwriting to Shakespeare's England a work which they then had in contemplation first turned my serious attention to the subject of Shakespeare's penmanship and led me to study the few authentic signatures that have survived from his hand This study proved more productive than I had dared to hope The general results have been published in the book above mentioned But it was thought that so interesting a subject as Shakespeare's handwriting might with advantage be treated in fuller detail and with this view the present monograph has been written a strictly palaeographical study altogether eschewing criticism of a literary nature My researches in due course led to an examination of the well known addition written in an unidentified hand to the MS play of Sir Thomas More now the Harleian MS 7368 in the British Museum Nearly half a century has passed since in 1871 this addition was brought to public notice in a contribution to Notes and Queries by the Shakespearian student Richard Simpson who suggested that it was an autograph composition of Shakespeare This attribution could not be substantiated at the time the key of the problem was still undiscovered About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an

Shakespeare and Manuscript Drama James Purkis, 2016-06-13 How did Shakespeare write his plays and how were they revised during their passage to the stage James Purkis answers these questions through a fresh examination of often overlooked evidence provided by manuscripts used in early modern playhouses Considering collaboration and theatre practice this book explores manuscript plays by Anthony Munday Thomas Middleton and Thomas Heywood to establish new accounts of theatrical revision that challenge formerly dominant ideas in Shakespearean textual studies The volume also reappraises Shakespeare's supposed part in the Sir Thomas More manuscript by analysing the palaeographic orthographic

and stylistic arguments for Shakespeare's authorship of three of the document's pages Offering a new account of manuscript writing that avoids conventional narrative forms Purkis argues for a Shakespeare fully participant in a manuscript's collaborative process demanding a reconsideration of his dramatic canon The book will greatly interest researchers and advanced students of Shakespeare studies textual history authorship studies and theatre historians *A Shakespeare Bibliography*, 1931 *The Authorship of Shakespeare* James G.
