Shape Of Pneumatology Studies In The Doctrine Of The Holy Spirit:

The Shape of Pneumatology John McIntyre, 2004-07-01 Addresses one of the most difficult aspects of the doctrine the heterogeneity of the biblical and traditional material from which it is derived and points to the areas where church must act to recover the sense of the immediacy of the Holy Spirit *The Doctrine of the Holy Spirit in the Major Reformed Confessions and Catechisms of the Sixteenth and Seventeenth Centuries* Yuzo Adhinarta, 2012-06-14 With the rise of Pentecostalism in the early twentieth century and growth in the charismatic movement since a resurgence of interest in the Holy Spirit and Christian spirituality in both theology and the church's life has become evident Along with increased interest in the doctrine of the Holy Spirit there are criticisms of the treatment of the doctrine in church history for having neglected the Holy Spirit in both theology and the church's life Critical studies of the treatments of the doctrine of the Holy Spirit in church history have been laboriously conducted However there have not been many studies on the doctrine of the Holy Spirit in Reformed orthodoxy particularly in its confessional standards Recognizing the gap in the history of scholarship this work explores and provides a systematic account of the person and some aspects of the work of the Holy Spirit as presented in the major Reformed confessions and catechisms of the sixteenth and seventeenth centuries Attention is particularly given to those aspects of the work of the Holy Spirit that have not been greatly explored but are pertinent to contemporary discussions **Role of the Holy Spirit in Protestant Systematic Theology** Wilson Varkey, 2011-08 This volume is a meticulously researched text on pneumatology that puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action **The Holy Spirit** F. LeRon Shults, Andrea Hollingsworth, 2008-08-20 This introductory text by F LeRon Shults and Andrea Hollingsworth outlines the major movements and figures in the historical unfolding of the doctrine of the Holy Spirit with special attention on the role of philosophical interpretation and spiritual transformation showing how historical developments have shaped contemporary trends in pneumatology *The Holy Spirit as Person and Power* Rob Yule, 2020-01-10 In just over one hundred years the Pentecostal charismatic movement has transformed world Christianity Noted for their rediscovery of spiritual gifts and commitment to world evangelization 700 million Pentecostals and charismatics now account for more than 27 percent of the global Christian movement The Pentecostal charismatic movement has been more noted for its activism than for theological reflection But this may be changing The Holy Spirit as Person and

Power challenges traditional theology to take account of what has been disclosed in the dynamism and variety of charismatic experience The author is a theologically trained practitioner impacted in midlife by a transforming experience of the Holy Spirit He has been a hands on leader in the renewal movement Now in his later years he reflects on the meaning of the grace imparted to the church by the renewing activity of God's Spirit This is not the work of an enthusiast claiming a new revelation Rather the author draws attention to many nuances in the Bible's description of the Spirit that have been overlooked in traditional pneumatology By relating these insights to Orthodox Catholic Protestant and evangelical theology he has produced a book with ecumenical implications for all branches of world Christianity **Engaging the Doctrine of**

the Holy Spirit Matthew Levering, 2016-07-19 A Distinguished Theologian on the Doctrine of the Holy Spirit Distinguished theologian Matthew Levering offers a historical examination of the doctrine of the Holy Spirit defending an Augustinian model against various contemporary theological views A companion piece to Levering's *Engaging the Doctrine of Revelation* this work critically engages contemporary and classical doctrines of the Holy Spirit in dialogue with Orthodox and Reformed interlocutors Levering makes a strong dogmatic case for conceiving of the Holy Spirit as love between Father and Son given to the people of God as a gift **The Holy Spirit and the Reformation Legacy** Mark J. Cartledge, Mark A.

Jumper, 2020-09-16 This collection of essays explores the legacy of the Reformation with regard to the person and work of the Holy Spirit Following the five hundredth anniversary of Luther's posting of his ninety five theses these essays consider this legacy with particular reference to the work of Martin Luther and John Calvin as well as broader Reformation themes as they are related to pneumatology and the life of the church today The contribution of this collection is to tease out and reflect on pneumatology historically but also to relate these findings to contemporary discussions especially among scholars of pentecostal and charismatic Christianity Together these essays invite readers to appreciate the contribution that the Protestant Reformation makes to life in the Holy Spirit today as well as offering critical and constructive reflection on this theme It is a timely and significant contribution to the discussions of the person and work of the Holy Spirit and the church

Pentecostals and the Doctrine of the Trinity Marius Nel, 2023-04-17 This book explores the complex ideas of the Trinity and God placing particular emphasis on the Pentecostal Church If Jesus and the Spirit are divine to the same extent as the God of Israel what is their relationship with the Father Traditionally the Western Church responds that there are three persons in the one God How did the early Church think about the Trinity The Church assumed that Jesus died a gruesome death on the cross to atone for our sins This implies that God required one part of the divine to die to appease another part of the divine A further complication arises when we consider that Jesus taught believers to forgive why then did God not forgive humans This book challenges the reader to rethink and reconsider their conception of God and the Trinity given that God falls outside our frame of reference and outside of our universe which we can consider our final frame of reference *The Spirit in Public Theology* Vincent E. Bacote, 2010-11-01 In *The Spirit in Public Theology* Bacote shows how Dutch politician

and church leader Abraham Kuyper lived a thoroughly Christian life and explains why Christians need to follow Kuyper by taking their faith into the public sphere Identifying the characteristics of a true Christian worldview Bacote demonstrates the need for a public theology that stresses engagement between the church and the world The Spirit in Public Theology should be required reading for pastors students and all Christians who want to take their faith beyond the four walls of the Church

The Cosmic Breath Amos Yong, 2012-05-10 Recent thinking in the interfaith dialogue and in the theology science dialogue have taken a pneumatological turn The Cosmic Breath explores this pneumatological theology as unfolded in the Christian Buddhist dialogue alongside critical interaction with the theology and science conversation As an attempt in comparative and constructive Christian philosophical theology its central thesis is that a pneumatological approach to Buddhist traditions in further dialogue with modern science generates new philosophical resources that invigorate Christian thinking about the natural world and humanity's place in it The result is a transformation of the Buddhist Christian dialogue from insights generated in the theology and science interface and a contribution to the religion and science dialogue from a comparative theological and philosophical perspective

A Historical Theology of Worship Elaine Sarah Colechin, 2024-10-29 Why does the church worship as it does Worship is central to the life and vocation of the church Yet the church's understanding of worship is more often connected to practicalities and a congregation's likes or dislikes This book seeks to take the reader beyond the practical to explore where God is in worship and the impact worship should have on the life of the church Through a historical narrative of the evolution of worship in a British Free Church the United Reformed Church and its antecedents the Congregational Church in England and Wales and the Presbyterian Church of England freedom order and participation are identified as the key elements of worship Investigation into their interrelationship develops a theology of worship that is applicable not only to churches of the Free Church tradition in Britain but potentially to the universal church

The Good Work of

Non-Christians, Empowerment, and the New Creation Stuart C. Weir, 2016-04-25 Have you ever considered the ultimate purposes and consequences of good work performed by non Christians Have you ever theologically considered the work of non Christians at all Is it possible that God would ever give credence to let alone honor the work of non Christians in an ultimate sense Are you frustrated by theologies of work that are entirely protological in orientation How do we make sense of biblical excerpts that talk of work being judged towards a particular outcome The Good Work of Non Christians Empowerment and the New Creation attempts to answer these questions in a manner that also challenges evangelical assumptions about the ultimate outcomes of working life Drawing strength from eschatologically minded theologies by Miroslav Volf and Darrell Cosden Weir seeks to replace protology with eschatology in a theology of work about non Christians The British evangelical tradition is specifically taken up here so as to make critical assessments of certain airtight theologies regarding human action with reference to the new creation This book attempts to create a heuristic against unhelpful hermeneutical tendencies that inform evangelical theologies This is a work that is not only theological it is biblically historically and ethically rigorous

Spirit, Freedom and Power Angelo Ulisse Cettolin, 2016-07-21

The Pentecostal movement emerged at the turn of the twentieth century emphasizing the need for Christians to have a powerful experience of the Holy Spirit It advocated the return to a pristine early Spirituality in which empowerment by the Spirit was essential Recently Pentecostal and Charismatic movements are playing down the classic expressions and moving towards more mainline approaches As church movements develop they become more structured less spontaneous and more routine But is this always inevitable The author explores a contemporary Pentecostal movement to discover whether a radical spirituality still can effectively interface with a complex twenty first century world This insightful research finds a Pentecostal spirituality that is flexible adaptive and innovative and despite humble origins now is making inroads into the middle class While tensions over charismatic freedom remain the developing organizational structure is facilitating significant growth Valuable lessons for Christians of all persuasions are found and some creative theological developments are suggested for

church structure and for expanding traditional understandings of baptism in the Holy Spirit
