

I want to feel  
Everything but  
I feel nothing.

I want to be everything  
But I wait and wait -  
And nothing.

Outside the snow  
Falls and melts  
And falls and melts.

I will always do  
More harm  
Than good.

time a number of previously unpublished statements by Jones that open new perspectives on his own work and the religious political and cultural engagements of British modernism more broadly Annotated throughout with detailed commentaries exploring the historical context of each document the volume presents the restored text of Jones s essay on Hitler and includes a letter to Neville Chamberlain an unfinished essay on Gerard Manley Hopkins and the transcript of an interview with Jones a year before his death These reveal an unknown side of Jones and give fresh insight into the influences and assumptions of 20th century British literary culture

**Classics in Extremis** Edmund Richardson, 2018-12-13 Classics in Extremis reimagines classical reception Its contributors explore some of the most remarkable hard fought and unsettling claims ever made on the ancient world from the coal mines of England to the paradoxes of Borges from Victorian sexuality to the trenches of the First World War from American public school classrooms to contemporary right wing politics How does the reception of the ancient world change under impossible strain Its protagonists are marginal figures who resisted that definition in the strongest terms Contributors argue for a decentered model of classical reception where the marginal shapes the central as much as vice versa and where the most unlikely appropriations of antiquity often have the greatest impact What kind of distortions does the model of centre and margins produce How can marginal receptions be recovered most effectively Bringing together some of the leading scholars in the field Classics in Extremis moves beyond individual case studies to develop fresh methodologies and perspectives on the study of classical reception

Reading the Ruins Leo Mellor, 2011-09-15 From fires to ghosts and from flowers to surrealist apparitions the bombsites of London were both unsettling and inspiring terrains Yet throughout the years prior to the Second World War British culture was already filled with ruins and fragments They appeared as content with visions of tottering towers and scraps of paper and also as form in the shapes of broken poetics But from the outbreak of the Second World War what had been an aesthetic mode began to resemble a proleptic template During that conflict many modernist writers such as Graham Greene Louis MacNeice David Jones J F Hendry Elizabeth Bowen T S Eliot and Rose Macaulay engaged with devastated cityscapes and the altered lives of a nation at war To understand the potency of the bombsites both in the Second World War and after Reading the Ruins brings together poetry novels and short stories as well as film and visual art

The Cambridge Companion to the Poetry of the First World War Santanu Das, 2013-11-18 This Companion offers a major re examination of the poetry of the First World War at the start of the war s centennial

commemoration      **Redeeming Beauty** Aidan Nichols O.P.,2021-08-26 Redeeming Beauty explores the richness of orthodox Christian tradition both Western and Eastern in matters of sacral aesthetics a term used to denote the foundations production and experience of religiously relevant beauty Aidan Nichols investigates five principal themes the foundation of beauty in the natural order through divine creative action explicitly evangelical beauty as a quality of biblical revelation and notably at its climax in Christ the legitimacy of making and venerating artworks qualities of the self in relation to objective presentation of the religiously beautiful and the difficulties of practising a sacral aesthetic whether as producer or consumer in an epoch when the visual arts themselves have left behind not only Church but for the greater part the public as well The thought of theologians such as Augustine Aquinas Balthasar Ratzinger Bulgakov Maritain and others are explored

**Modernism and Christianity** E. Tønning,2014-01-29 By theorising the idea of formative tensions between cultural Modernism and Christianity and by in depth case studies of James Joyce David Jones T S Eliot Ezra Pound W H Auden Samuel Beckett the book argues that no coherent account of Modernism can ignore the continuing impact of Christianity      A History of World War One Poetry Jane Potter,2023-01-12 Situating First World War poetry in a truly global context this book reaches beyond the British soldier poet canon A History of World War One Poetry examines popular and literary ephemeral and enduring poems that the cataclysm of 1914 1918 inspired Across Europe poets wrestled with the same problem how to represent a global conflict dominated by modern technology involving millions of combatants and countless civilians For literary scholars this has meant discovering and engaging with the work of men and women writing in other languages on other fronts and from different national perspectives Poems are presented in their original languages and in English translations some for the very first time while a Coda reflects on the study and significance of First World War poetry in the wake of the Centenary A History of World War One Poetry offers a new perspective on the literary and human experience of 1914 1918      Dominican Gallery Aidan Nichols,1997      *David Jones* Thomas Dilworth,2017-04-15 Among the revolutions of the last century none was more important or potentially more lasting than the one in the arts called Modernism Among the giants of that movement were writers who changed our conceptions of poetry and prose forever Now well into the new century we can look back to admire and reflect on figures from that period Last year saw biographies of two monumental poets of Modernism Robert Crawford s first volume on T S Eliot and David Moody s concluding third volume on the life of Ezra Pound We are excited to announce the first full length critical biography of the third member too often overlooked of that extraordinary group The beautifully illustrated David Jones Engraver Soldier Painter Poet by Thomas Dilworth will stand for generations as the great biography this wonderful artist deserves Jones 1895 1974 was a painter a wood and copper engraver and maker of painted inscriptions but it was as a poet that he left his most lasting mark Eliot called him one of the most distinguished writers of my generation and Dylan Thomas said he would like to have done anything as good as David Jones has done Auden praised his poem In Parenthesis as the greatest book ever about the Great War and The Anathemata as

one of the truly great poems in Western Literature His work the whole of it enables him to stand alongside Eliot Pound and James Joyce as an incomparable figure in literary Modernism      *Understanding Sublimation in Freudian Theory and Modernist Writing* Luke Thurston, 2024-07-03 What is at stake in Freud's enduring preoccupation with a process supposedly diverting sexuality into cultural activity In this study a leading scholar of psychoanalysis and literature re-opens the old question of sublimation in a critical reading that explores one of the last remaining puzzles of Freudian thought Using the rigorous framework provided by Jean Laplanche Luke Thurston resituates sublimation as an unfinished Freudian concept bound up with a much wider history of philosophical and literary reflection Exploring the misunderstanding and reinvention of sublimation both in accounts of cultural history and in Lacan's celebrated reading of Antigone Thurston challenges some of the prevalent assumptions still seen in contemporary theory Thurston links his critical investigation of psychoanalysis to modernist literature discovering both parallels and alternatives to Freud's idea of sublimation in little known works by May Sinclair and David Jones The study concludes by arguing that these modernist artists both of whom were significantly affected by trauma during the First World War produced work radically at odds with the established canons of representation and that this anti-hermeneutic art can be linked to a Copernican sublimation a process not controlled by the ego but vitalizing it and decentring its habitual structure      **David Jones, Artist and Poet** Paul Hills, 1997 This work encompasses the life and work of the artist and poet David Jones who also illustrated his own writings      **Literacy, Narrative and Culture** Jens Brockmeier, David R Olson, Min Wang, 2013-12-16 First book from the new World of Writing series Interdisciplinary drawing on the fields of linguistics psychology history sociology philosophy anthropology and history of art Illustrated with black and white plates of works by Wyndham Lewis and David Jones including the painted frontispiece to T S Eliot's A Symposium for his Seventieth Birthday      **Ritual and the Idea of Europe in Interwar Writing** Patrick R. Query, 2016-04-08 While most critical studies of interwar literary politics have focused on nationalism Patrick Query makes a case that the idea of Europe intervenes in instances when the individual and the nation negotiate identity He examines the ways interwar writers use three European ritual forms verse drama bullfighting and Roman Catholic rite to articulate ideas of European cultural identity Within the growing discourse of globalization Query argues Europe presents a special though often overlooked case because it adds a mediating term between local and global His book is divided into three sections the first treats the verse dramas of T S Eliot W B Yeats and W H Auden the second discusses the uses of the Spanish bullfight in works by D H Lawrence Stephen Spender Jack Lindsay George Barker Cecil Day Lewis and others and the third explores the cross-cultural impact of Catholic ritual in Graham Greene Evelyn Waugh and David Jones While all three ritual forms were frequently associated with the most conservative tendencies of the age Query shows that each had a remarkable political flexibility in the hands of interwar writers concerned with the idea of Europe      **English Poetry Since 1940** Neil Corcoran, 2014-07-15 Neil Corcoran's book is a major survey and interpretation of modern British poetry since 1940 offering

a wealth of insights into poets and their work and placing them in a broader context of poetic dialogue and cultural exchange The book is organised into five main parts beginning with a consideration of the late Modernism of T S Eliot and W H Auden and ranging decade by decade from the poetry of the Second World War and the New Romanticism of Dylan Thomas to the Movement the poetry of Northern Ireland the variety of contemporary women s poetry and the diversity of the contemporary scene The book will be especially useful for students as it includes detailed and lively readings of works by such poets as Ted Hughes Seamus Heaney and Philip Larkin

**The Remembered Dead** Sally Minogue, Andrew Palmer, 2018-05-31 The Remembered Dead explores the ways poets of the First World War and later poets writing in the memory of that war address the difficult question of how to remember and commemorate those killed in conflict It looks closely at the way poets struggled to meaningfully represent dying death and the trauma of witness while responding to the pressing need for commemoration The authors pay close attention to specific poems while maintaining a strong awareness of literary and philosophical contexts The poems are discussed in relation to modernism and myth other forms of commemoration photographs memorials and theories of cultural memory There is fresh analysis of canonical poets which at the same time challenges the confines of the canon by integrating discussion of lesser known figures including non combatants and poets of later decades The final chapter reaches beyond the war s centenary in a discussion of one remarkable commemoration of Wilfred Owen
