Sharpham Miscellany Essays In Spirituality And Ecology:

Sharpham Miscellany Maurice Ash, Stephen Batchelor, John Crook, 1992 **Christianity and Ecological Theology** E. M. Conradie, 2006-10-01 There has been a proliferation of publications in the field of Christian ecological theology over the last three decades or so These include a number of recent edited volumes each covering a range of topics and consolidating many of the emerging insights in ecological theology The call for Christian churches to respond to the environmental crisis has been reiterated numerous times in this vast corpus of literature also in South Africa *Oriental Enlightenment* J.J. Clarke, 2002-09-11 What is the place of Eastern thought Buddhism Taoism Hinduism Confucianism in the Western intellectual tradition *Oriental Enlightenment* shows how despite current talk of globalization there is still a reluctance to accept that the West could have borrowed anything of significance from the East and explores a critique of the orientalist view that we must regard any study of the East through the lens of Western colonialism and domination *Oriental Enlightenment* provides a lucid introduction to the fascination Eastern thought has exerted on Western minds since the Renaissance *Proceedings of the Tenth Seminar of the IATS, 2003. Volume 10: Soundings in Tibetan Medicine* , 2007-10-15 In this volume for the first time Tibetan Medicine is approached from a combination of anthropology and history These two disciplines appear to be vital to come to understand Tibetan medical knowledge and practice as being complex diverse and dynamic phenomena which reflect changing social and historical conditions at the same time while also appealing to or preserving an older canon of traditions Part One examines the impacts of various modernities in Tibet the Himalayan borderlands and the Tibetan exile including standardisation and scientization of Tibetan medicine Part Two investigates the transmission and professionalisation of medical knowledge and its role in identity construction Part Three traces connections between various body images practices and cosmologies in Tibetan societies and how mental and physical illnesses are understood Part Four critically presents new or little known histories commentarial practices textual narratives and oral sources for investigating the history of Tibetan medicine Faith and Freedom , 1993 **The Guru Principle** Lama Shenpen Hookham, 2021-08-17 A clear headed and relatable guidebook for navigating the student teacher relationship by one of the first female Buddhist teachers in the West All major forms of Buddhism stress the need for a teacher However the importance of having a guide or guru is sometimes a source of cultural and spiritual confusion as Buddhism expands in the West A clear understanding of the Buddhist view of the guru is essential for the student teacher relationship to be beneficial for one s spiritual growth Collecting over fifty years of personal experiences as both a student and a teacher Shenpen Hookham writes candidly of the opportunities and challenges facing modern Dharma students in the West who wish to study with a teacher Traditional texts often do not reflect how the student teacher relationship manifests in practice which leaves many pressing questions and a great deal of confusion in communities taking root in the West With honesty and clarity Hookham discusses the roles of the teacher practices related to the guru and commonly asked questions she receives as a teacher This handbook is the first of its

kind breaking down in a pragmatic and relatable way everything you need to know to enter a student teacher relationship with open eyes and an open heart
