Shatterings Short Stories:

The Shattering of Light Into Rainbows: A Silo Short Story Marilyn Peake, 2023-06-15 In the authoritarian world of the silo one must never say dangerous things out loud Shortly after her fifteenth birthday Mia Flynn began hearing voices Fifteen year old Lily Yates began hearing and seeing fantastical things This all occurred within the hydroponic farms However allowing oneself to be swept up by imagination saying things that suggest a rebellious form of mental illness is dangerous within the silo Certain things must never be spoken The Shattering of Light Into Rainbows is a short story based on the best selling Silo Series by Hugh Howey and was written with his permission Excerpt The moment that Lily Yates first witnessed fantastical things The day I first saw the light shatter I had been picking oranges from the trees and placing them into a sack tied around my neck I was bored and tired The neck strap had been rubbing my skin raw It burned every time I lifted my arm to pluck an orange from the tree The water pipes had done their job splashing the orange trees with hydration Right above a spot where water had pooled into droplets a plump caterpillar all dressed up in a green bodysuit with black and orange stripes sat nibbling on a leaf He looked down at me lazily as though to say What s up I answered him What s up is you You re up in my tree He replied Yup And I intend to stay here Name s Bubbles What s yours **The Shattering Sound of Amazing Grace** David J. Schlafer, 2006-07-25 David J Schlafer acclaimed preacher teacher and writer weaves words and ideas like a Celtic braid He places us in the company of some of the people who appear in the Gospel of John Nicodemus the woman at the well the woman taken in adultery Martha and Mary the man born blind the bride and groom at Cana and examines them in two unusual sources of light The classic line from C S Lewis Every idea we form of God God must in mercy shatter John Newton s hymn Amazing Grace Schlafer offers refreshment He helps us refresh our ideas of God He refreshes the meaning of the well worn phrase Amazing Grace giving it new life and urgency He refreshes our grasp of John s Gospel by centering on Jesus interpersonal encounters rather than on the famous discourses which are too often considered only in the abstract and at the expense of the dramas John narrates The Shattering Sound of Amazing Grace is an inspired meeting with Jesus and the people of John s Gospel *Earth-Shattering Events: Earthquakes, Nations, and Civilization* Andrew Robinson, 2016-10-11 A truly welcome and refreshing study that puts earthquake impact on history into a proper perspective Amos Nur Emeritus Professor of Geophysics Stanford University California and author of Apocalypse Earthquakes Archaeology and the Wrath of God Since antiquity on every continent human beings in search of attractive landscapes and economic prosperity have made a Faustian bargain with the risk of devastation by an earthquake Today around half of the world s largest cities as many as sixty lie in areas of major seismic activity Many such as Lisbon Naples San Francisco Teheran and Tokyo have been severely damaged or destroyed by earthquakes in the past But throughout history starting with ancient Jericho Rome and Sparta cities have proved to be extraordinarily resilient only one Port Royal in the Caribbean was abandoned after an earthquake Earth Shattering Events seeks to understand exactly how humans and earthquakes have

interacted not only in the short term but also in the long perspective of history In some cases physical devastation has been followed by decline But in others the political and economic reverberations of earthquake disasters have presented opportunities for renewal After its wholesale destruction in 1906 San Francisco went on to flourish eventually giving birth to the high tech industrial area on the San Andreas fault known as Silicon Valley An earthquake in Caracas in 1812 triggered the creation of new nations in the liberation of South America from Spanish rule Another in Tangshan in 1976 catalysed the transformation of China into the world s second largest economy The growth of the scientific study of earthquakes is woven into this far reaching history It began with a series of earthquakes in England in 1750 Today seismologists can monitor the vibration of the planet second by second and the movement of tectonic plates millimeter by millimeter Yet even in the 21st century great earthquakes are still essentially acts of God striking with much less warning than volcanoes floods hurricanes and even tornadoes and tsunamis

The Shattering of Loneliness Erik Varden, 2018-09-20 The experience of loneliness is as universal as hunger or thirst Because it affects us more intimately we are less inclined to speak of it But who has not known its gnawing ache The fear of loneliness causes anguish It prompts reckless deeds To this every age has borne witness No voice is more insidious than the one that whispers in our ear You are irredeemably alone no light will pierce your darkness The fundamental statement of Christianity is to convict that voice of lying The Christian condition unfolds within the certainty that ultimate reality the source of all that is is a personal reality of communion no metaphysical abstraction Men and women made in the image and likeness of God bear the mark of that original communion stamped on their being When our souls and bodies cry out for Another it is not a sign of sickness but of health A labour of potential joy is announced We are reminded of what we have it in us to become That our labour may be fruitful Scripture repeatedly exhorts us to remember The remembrance enjoined is partly introspective and existential partly historical for the God who took flesh to redeem our

Mukka and Maria Vaara construct experiences of shattering and distress as bodily experiences that are embedded in the social and material world and entangled with social and cultural norms that govern subjectivity gender and sexuality Drawing on narrative theory theories of embodied cognition phenomenology of illness and feminist theory the analyses show how literary works can invite readers to respond emotionally and to reflect on our views of the human mind and its interaction with the world The book sheds light on the fictional portrayals and techniques of representation and on the ethics of narrating and reading about painful experiences It also illuminates the ways the mind body consciousness and mental distress are discussed in Finnish modernist literature and situates the texts in the international modernist tradition *Shattering the Christ Myth* James Patrick Holding, 2008-06 How To Get Rid of Jesus Prove He Didn't Exist A popular question posed by Christians today asks WWJD which stands for What Would Jesus Do For more and more Skeptics of Christianity however the answer to this question is JDNE which stands for Jesus did not exist In this volume edited by prominent Internet apologist James Patrick Holding a team of Christian authors provide a series of essays giving detailed answers to those who argue for the Christ myth Though rejected by mainstream scholars this theory continues to grow in popularity among popular writers and Internet antagonists The need for Christians to be ready to give an answer to it will only become more urgent Here's a clear and compelling rebuttal to fallacious claims that keep resurfacing in books and on the Internet It's well researched expertly presented and ultimately convincing Lee Strobel author *The Case for the Real Jesus* **Shattering the Glass Slipper** Marie Brennan, Lucia Iglesias, Alyse Winters, Rebecca A. Shattering Silence Begoña Aretxaga,2020-09-01 This book the first feminist ethnography of the violence in Northern Ireland is an analysis of a political conflict through the lens of gender The case in point is the working class Catholic resistance to British rule in Northern Ireland During the 1970s women in Catholic nationalist districts of Belfast organized themselves into street committees and led popular forms of resistance against the policies of the government of Northern Ireland and after its demise against those of the British In the abundant literature on the conflict however the political tactics of nationalist women have passed virtually unnoticed Bego a Aretxaga argues here that these hitherto invisible practices were an integral part of the social dynamic of the conflict and had important implications for the broader organization of nationalist forms of resistance and gender relationships Combining interpretative anthropology and poststructuralist feminist theory Aretxaga contributes not only to anthropology and feminist studies but also to research on ethnic and social conflict by showing the gendered constitution of political violence She goes further than asserting that violence affects men and women differently by arguing that the manners in which violence is

gendered are not fixed but constantly shifting depending on the contingencies of history social class and ethnic identity Thus any attempt at subverting gender inequality is necessarily colored by other dimensions of political experience *Through the Shattering Glass* Nicholas Spadaccini,1993 **Shattering Myths on Immigration and Emigration in Costa Rica**

Hammer Shattering Rock Megan McKenna,2013-02-05 Renowned Catholic author Megan McKenna celebrates her 50th book with a controversial interpretation of the Gospels of Mark Matthew Luke and John and what they mean for the Church and society today In many ways modern audiences have become so familiar with the gospels that we ve stopped listening and integrating their wisdom into our everyday lives Acclaimed author Megan McKenna explores the messages of the four gospels in the context of daily life when they were originally written and interprets their meaning for our modern world While some argue for the development of new gospels for the 21st century McKenna argues that we haven t paid due attention to the ones we already have in many cases we ve ignored sections of these teachings entirely and twisted their meaning to suit our own agendas McKenna breaks it down gospel by gospel and shows us how the lessons of Jesus s apostles continue to
