Subjects of Deceit Alison Leigh Brown,1998-01-22 Philosophy has traditionally concerned itself with truth and the knowledge of truth but in recent years these concerns have been undermined or redirected Systematic philosophy is said to be dead Thus epistemology according to this popular series of views is properly transformed into epistemologies If we accept multiple epistemologies however truth and lying become even more frightening and elusive lying always coexists with truth In this book Alison Leigh Brown explores the connection between epistemological and moral lying She shows that although

telling a lie a moral category is not the same thing as being in untruth an epistemological category these two aspects of life are related Throughout the book a phenomenology of deceit is interspersed with a continuing dialogue between the phenomenologist and one of her students
