**Narratives of Women and Murder in England, 1680-1760** Kirsten T. Saxton, 2017-05-15 Arguing that the female criminal subject was central to the rise of the British novel Kirsten T Saxton provides fresh and convincing insights into the deeply complex ways in which categories of criminality gender and fiction intersected in the long eighteenth century She offers the figure of the murderess as evidence of the constitutive relationship between eighteenth century legal and fictional texts comparing non fiction representations of homicidal women in biographies of Newgate Ordinaries and in trial reports with those in the early novels of Aphra Behn Delariviere Manley Daniel Defoe and Henry Fielding As Saxton demonstrates that legal narratives informed the budding genre of the novel and fictional texts shaped the development of legal narratives her study of deadly plots becomes a feminist intervention in scholarship on the literature of crime that simultaneously insists on the centrality of crime literature in feminist histories of the novel Her epilogue shows that more than two centuries later we still contend with displays of female violence that defy and define our notions of textual and sexual license and continue to

shape legal and literary mandates even as the lines between the real and the fictive remain blurred The Turner Series (An Enhanced Box Set) Courtney Milan, 2014-09-15 Courtney Milan's critically acclaimed and New York Times bestselling Turner series is now available in one boxed set. This set contains three full length books and a novella. Unveiled When Ash Turner heads to Parford Manor to survey the dukedom he believes he has won from an old enemy he's not counting on Lady Margaret the duke's daughter who has sworn to foil him at every turn. Unlocked Elaine Warren has resigned herself to life as a spinster and a wallflower but when Evan Carlton the Earl of Westfeld returns after a long absence she's afraid that he plans to torment her as he did before. This time though she vows to show him that wallflowers can fight back. Unclaimed Sir Mark Turner wrote the book on chastity literally. Who better to bring him to ruin than Jessica Farleigh the courtesan hired to destroy his reputation. Unraveled Smite Turner is dedicated to his duty as magistrate and he'll stick to it no matter how harsh he must be with the woman who shows up in his courtroom in disguise. This is an enhanced ebook. In addition to the text of the book itself it contains pictures audio and author commentary. You can read this enhanced ebook on any device but the audio content may not be accessible on all ereaders. That content has been made available on the web so you won't miss anything if your device doesn't support audio. **Lippincott's Magazine of Literature, Science and Education**, 1869
